Documentation of Operator Visits

In compliance with MCAR 023-070-825, Operators not living in the home shall:
(a) Be in the adult care home at least three times a week and shall provide care and supervision while in the home;
(b) Monitor the resident's health, safety and welfare;
(c) Monitor record keeping;
(d) Document his or her visits to the home; and
(e) Ensure that the home is in compliance with these rules.

Back-up Operators should also document visits on this log when overseeing an adult care home for an Operator/Resident Manager who is absent.
