		Storage/Archival 2,316.33	
		Total \$2,796.33	
Details for how levy		Books, Oral Histories	Budgeted 0% or \$ 0.00
funds have been spent and/or budgeted for:			nistories with Partner East Multnomah
			ontributing to part of the costs. Reallocated
,		Funds to other budget items.	
		Museum Duilding Fund/Lond	Dudreted F00/ or \$20,000,00
		Museum Building Fund/Land Axis Design Group \$ 39,433.50	Budgeted 50% or \$20,000.00
		(Structural Engineering)	
		Archaeological Study 2,595.40	
		Mult. Co. Fencing permit 254.00	
		Total \$42,282.90	
			ing over the past 1 ½ years we have
		been able to save funds as well as h	naving fundraisers to meet the structural
		engineering portion of the Building re	equirements.
		Savings: \$8,000.00	Budgeted 20% or \$8,000.00

For the last six years the Crown Point Country Historical Society has worked to build a museum where the story of our area's unique and rich history from pre-contact time to the present can be told. We started by purchasing a Historic Auto Camp property located on the Historic Columbia River Hwy. Working through the permit process which included an archaeological study, we are now having the building designed and structurally engineered, which is almost complete. The next step is to present the plans to Multnomah County for review. Once we receive approval, we will start Phase 1, Building foundation and basement. Since the Society is close to starting the building, people have come forward to donate thousands of artifacts pertinent to our area. Our volunteers are busy documenting and archiving those items. It is important to note our museum site will give us direct access to many tourists from around the world who travel to points and beyond in the Columbia River Gorge, giving us an opportunity to tell this region's history. With the help of the tax levy funds we can preserve, display and share our past with the world. We are working with our local partners in this endeavor which includes the local schools. We sponsored a poster contest for the second year with the Grade, Middle and High school featuring the theme "Our River, Our History". Many students participated and with the many submissions we received, the theme was illustrated in a very positive way. The Society was impressed with all of the posters. Signed permission

East Multnomah County was very diversified from the Indigenous Peoples (Wasco Nation), the early European settlers, the Chinese Laborers who worked on the railroads and in the fish canneries at McGowan Cannery at Rooster Rock and the Nikkei farmers. Summary of how levy funds are being spent in a manner reflective of Multnomah County's diverse cultures. For the annual picnic in the summer of 2016 we held a Traditional Salmon Bake, prepared by the native people cooking the salmon the way it was done for thousands of years. The event was well attended and everyone said that was the "best salmon they had eaten". With that in mind, we plan to have another Traditional Salmon Bake this year to continue this tradition. Anything else you want the Levy Oversight Committee to know?	Multnomah County's diverse cultures.	the early European settlers, the Chinese Laborers who worked on the railroads and in the fish canneries at McGowan Cannery at Rooster Rock and the Nikkei farmers. For the annual picnic in the summer of 2016 we held a Traditional Salmon Bake, prepared by the native people cooking the salmon the way it was done for thousands of years. The event was well attended and everyone said that was the "best salmon they had eaten".

We will continue to work with the Oregon Historical Society, the new Levy Oversight Committee, the Multnomah County Commissioners and the Tax Supervising Conservation Commission. The levy had broad support in the community and we have partnered with eleven community organizations. With everyone's hard work we will be able to preserve and share the cultural resources of this area for future generations.
