Executive Summary

Emergency Management coordinates disaster preparedness activity in Multnomah County. This includes planning, training, exercise and equipment procurement for County staff and some departments as well as coordination with cities, special districts and non-governmental organizations. By developing relationships with community partners, Emergency Management bolsters citizen preparedness community resilience.

Program Summary

This is the core Multnomah County Office of Emergency Management (MCEM) Program offer. Program focus includes: 1) County general and departmental preparedness; 2) Intergovernmental preparedness; and 3) Citizen and community preparedness and resilience. This work is done with strategic and policy guidance from the Operations Council. MCEM also receives input from local jurisdictions, districts and agencies engaged in emergency planning.

MCEM understands that a resilient community can potentially reduce the burden on limited emergency response capacity in a severe emergency. For that reason, MCEM works with businesses, non-governmental organizations, faith based groups, volunteer organizations and directly with community members to encourage disaster resilience and create a coordinated response to disasters.

MCEM contributes to Climate Action Plan Objectives 17-1 to assess climate-related vulnerabilities, strengths and resiliency; and 17-5 to collaborate with Metro and state agencies to update hazard mapping and inventories.

During an emergency, MCEM activates and manages the County Emergency Coordination Center (ECC) which is staffed by employees from various County departments to provide a single location where strategic direction, response coordination and resource support for incident response is carried out.

Overall program activity is informed by the Emergency Management Performance Grant work agreement, which includes staff training plans, a rigorous disaster exercise schedule, disaster plan management and coordination with volunteer, state and federal partners.

In an disaster, Emergency Management functions as the state-mandated conduit for obtaining state and federal resources to support local emergency response for the County, cities and districts, and coordinates emergency and disaster declarations.

Explanation of Revenues

In addition to General Fund, MCEM also receives Emergency Management Performance Grant monies which provide a 50% match to eligible program costs paid for by the County general fund up to approximately \$400,000 for FFY 14. MCEM also applies for and receives State Homeland Security Grant Program funds on behalf of the County and to pass through to other jurisdictions with the County. Additionally, MCEM applies for and receives FEMA Flood Hazard Mitigation Plan funding. Urban Area Security Initiative (UASI) funds, which are primarily for regional planning staff and related planning costs, have sunset and are not budgeted for FY 2015.

Significant Program Changes

Last Year this program was: 10012A Office of Emergency Management

The Emergency Kits (reference OTO program offer #10013-15) will need to be maintained at a cost of \$11,000 per year. This money will be used to replace items as they reach their expiration date to keep the kits current and in a condition that county employees can use if/when an incident requires.
