Executive Summary

The expansion of emergency shelter capacity under A Home for Everyone (AHFE) has included an expansion of the range of shelter options available to meet the diverse needs of people experiencing homelessness. Alternative Shelters, including village style shelters, are supported through this program offer. These alternative shelters differ in appearance from traditional facility based shelters, but provide the same access to basic safety and hygiene services, and to the support services needed to transition from shelter to permanent housing.

Program Summary

With just over half the population identified in the 2019 Point-In-Time Count (PIT) unsheltered, and waiting lists for our shelters still very long, it is essential to continue to support the community's existing emergency shelter capacity. Alternative Shelters represent a comparatively small, but important component of that capacity. Alternative shelters provide safety off the streets and critical transition services to people who aren't able to be served well in our traditional shelter environments.

This program offer provides, among other things, the essential operating support for the Kenton Women's Village, the innovative transitional living community for women, most of whom have experienced long-term homelessness and face multiple barriers to accessing permanent housing. This community-supported alternative shelter has proven highly effective at helping women transition back into permanent housing.

In addition to supporting operations at Kenton Women's Village, this program offer continues enhanced transition services for alternative shelter participants at Dignity Village, as well as funding to assist with the creation of new alternative shelter options.
