Executive Summary

The Homeless Family System of Care (HFSC) works collaboratively as a leadership and direct service team to address the unique needs of homeless families in Multnomah County. When combined with program 10053C and 10053L, the HFSC's Mobile Housing Team (MHT) will maintain its current capacity to provide housing placement, ongoing support and flexible rental assistance to our community's homeless families. MHT is a collaboration of Multnomah County and community partners, a majority of whom are culturally specific agencies.

Program Summary

The HFSC assists families experiencing homelessness to make a rapid and sustainable transition back into permanent housing. It is a collaboration of agency leaders and direct service staff that practice shared budgeting, leveraging of resources, shared accountability, case consultation and ongoing process improvement. The system has shared values that include the practice of assertive engagement, using an equity lens to assure racial and social justice and a shared belief that all homeless families should be housed. The majority of agencies in the collaborative are culturally-specific providers. Homeless families access the system through a coordinated entry process that first screens them for immediate safety and then for overall vulnerability. Because many more families are seeking housing assistance than MHT is resourced to provide, families are prioritized based on vulnerability, housing opportunity and provider capacity.

When combined with 10053C and 10053L, MHT currently has capacity to serve 800 households with housing placement/retention services per year using short-medium term flexible rental assistance (0-24 months) and client assistance. Eligible families may be living in shelter, doubled up, experiencing domestic violence, living on the streets, in cars or places not meant for habitation. A broad definition of homelessness allows us to equitably serve families that are most vulnerable in a variety of living situations. 66% of the families served through MHT identified as being from communities of color, achieving the system goal of improving access and outcomes for these communities. This program leverages Federal and State funding including a number of U.S. Department of Housing and Urban Development (HUD) grants.
