Executive Summary

This program offer funds an array of support services needed to make the overall system of homeless services more effective. These services support the effectiveness of systems of care, both systemwide and specifically geared towards specific populations (individuals, families, youth, veterans and domestic violence survivors, etc). These supports include training, information and referral services, coordinated entry, landlord recruitment, and other similar services.

Program Summary

The effectiveness of homeless services, overall and at the population-specific level, depends on the support services funded through this program offer:

(1) Access: Equitable and efficient access to available services is an essential commitment of A Home for Everyone. Access starts with information about the services available, and that information must be available in a variety of formats to reach diverse populations. Programs supported in this area include 211 and the Street Roots “Rose City Resource Guide.” Equitable and efficient access also requires coordinated entry services. This program offer funds coordinated entry systems tailored to specific populations (families, youth, etc).

(2) Training/Education: Through A Home for Everyone, our community has adopted a set of guidelines for the delivery of services, and those guidelines anticipate certain shared practices that require system-wide and population-specific training for staff. There are also trainings and education programs offered to support people seeking services, both community-wide and within specific populations. These include, for example, the community’s Rent Well program and certain client education programs.

(3) Partnership Development: Increasing the resources available to people experiencing homelessness, beyond those funded through the Joint Office, requires the development of partnerships that leverage resources in other systems and in the private sector. This program offer funds programs that foster these partnerships for the benefit of the ending homelessness effort as a whole and for specific populations. Examples include the Housing Partnership Program and the Landlord Recruitment Team.
