**Executive Summary**

The COVID-19 pandemic has exacerbated economic and social inequities, creating prolonged emotional and financial stress that has fueled a significant uptick in community violence particularly in low income communities of color. Adolescents especially in these communities have experienced psychological distress from increased isolation, disconnection from schools, and disruption of healthy routines and social supports leading to an escalation of risky behaviors and mental health challenges. Youth Connect will identify and engage youth from these communities to provide essential skills training, service learning opportunities, caring adult mentors and stipends to help them successfully transition into adulthood and toward economic self-sufficiency.

**Program Summary**

Youth Connect will provide incentivized positive youth development through early career and job skill exposure as a form of violence prevention to build resilience in underserved youth ages 14 to 21 experiencing barriers to employment and in need of interpersonal and community connection. This program offer represents the first phase of the project, which will significantly scale up in year two.

**CORE PROGRAM FUNCTIONS:**

- 1) Identify, recruit and enroll youth ages 14 to 21 facing barriers to employment such as houselessness, juvenile justice involvement, immigrant/refugee status, and engagement with the foster care system.
- 2) Provide up to 200 hours of paid job skill training, work experience, community-based activities, service learning, and support services for each participating youth.
- 3) Coordinate with community partners to develop place-based service learning projects in low income neighborhoods to create social connections and engage youth as change agents and valuable contributors.
- 4) Build organizational capacity at the community level and expand mentor networks and additional supports for youth.
