**STAFF REPORT TO THE PLANNING COMMISSION
FOR THE
PUBLIC HEARING ON DECEMBER 3, 2012
CONSISTENCY UPDATES TO EFU AND CFU ZONES IN CHAPTERS 33 – 36 TO INCORPORATE STATUTE
AND RULE AMENDMENTS FROM THE 2011 LEGISLATURE AND EAST OF SANDY RIVER RURAL AREA
PLAN POLICIES**

CASE FILE: PC 2012-2394 AND PC 2012-2395

PART I. INTRODUCTION

This staff report addresses the Planning Commission 2012 work program task to consider amendments to the EFU/CFU zones. The amendments incorporate statute and rule amendments from the 2011 legislature and update the farm stand provisions in MCC Chapter 35 to be consistent with the East of Sandy River (ESR) Rural Area Plan policies. The task incorporates House Bill (HB) 3290's farm income dwelling test revision, Senate Bill (SB) 640 to allow land divisions for fire stations providing rural fire protection, and HB 3408 clarifying that irrigation reservoirs are permissible in the Exclusive Farm Use zone. In addition, the report will propose amendments to implement the East of Sandy River Plan Policies 16 and 17 involving farm stand location and products for sale.

At the September 2012 work session, the Planning Commission (Commission) provided direction on the legislative tasks to bring them before them for a public hearing. The Commission also examined the above ESR plan policies and provided detailed guidance on where and how farm stands should be allowed in the various zones in Chapter 35.

This staff report is organized into the parts listed below. The zoning code citations reference MCC Chapter 33, and in some cases Chapter 35. Attachments to this staff report include HB 3290, SB 640, HB 3408 and the farm stand excerpt from the ESR Plan. Conforming amendments will be made to Chapters 34 and 36 where appropriate.

- Part II. HB 3290 EFU Income Language
- Part III. SB 640 Fire station lot sizes in the EFU zone
- Part IV. HB 3408 Irrigation facilities in the EFU zone
- Part V. ESR Policy 16 and 17 Work Session Summary
- Part VI. Farm Stands for Non-EFU Zoned Properties
- Part VII. Attachments

PART II. HB 3290 EFU INCOME STANDARD

In the 2011 legislative session, the State revised the options available to farmers in the Exclusive Farm Use zone to satisfy the farm income standard for a dwelling that is customarily provided in conjunction with a farm use. This statutory change broadens the farm income standard for three types of farm dwellings: (1) Primary farm dwellings on high and low-value farmland soils, (2) Move to a new farm dwelling and (3) Farm-help dwellings (not including a relative farm help dwelling). HB 3290 has been included as Attachment A.

§ 33.2625 REVIEW USES

[The proposed updates will occur to MCC 33.2625, 34.2625, 35.2625 and 36.2625.]

(D) A dwelling, including a mobile or modular home, customarily provided in conjunction with a farm use:

(1) High-value farmland soils, \$80,000 income. On lands identified as high-value farmland, a dwelling may be considered customarily provided in conjunction with farm use if:

(a) The subject tract is currently employed for the farm use, as defined in ORS 215.203, that produced at least \$80,000 in gross annual income from the sale of farm products in the last two years, ~~or three of the last five years,~~ or the average farm income earned on the tract in the best three of the last five years; and

* * *

(4) Not high-value farmland soils, \$40,000 income or mid-point of median income range. On land not identified as high-value farmland a dwelling may be considered customarily provided in conjunction with farm use if:

(a) The subject tract is currently employed for the farm use, as defined in ORS 215.203, that produced in the last two years, ~~or three of the last five years,~~ or the average farm income earned on the tract in the best three of the last five years **the lower of the following:**

- 1. At least \$40,000 in gross annual income from the sale of farm products; or**
- 2. Gross annual income of at least the midpoint of the median income range of gross annual sales for farms in the county with gross annual sales of \$10,000 or more according to the 1992 Census of Agriculture, Oregon; and**

* * *

(6) Move to a new farm. A dwelling may be considered customarily provided in conjunction with farm use if:

(a) Within the previous two years, the applicant owned and operated a farm or ranch operation that earned the gross farm income in at least three of the last five years, in

each of the last two years, or the average farm income earned on the tract in the best three of the last five years ~~or four of the last seven years:~~

1. On land not identified as high-value farmland, at least \$40,000 in gross annual income from the sale of farm products; or
2. On land not identified as high-value farmland, the gross annual income of at least the midpoint of the median income range of gross annual sales for farms in Multnomah County with gross annual sales of \$10,000 or more according to the 1992 Census of Agriculture, Oregon; or
3. On land identified as high-value farmland, at least \$80,000 in gross annual income from the sale of farm products; and

* * *

(E) Accessory farm dwellings, which includes all types of residential structures allowed by the applicable state building code, customarily provided in conjunction with farm use if each accessory farm dwelling meets all the following requirements:

(4) In addition to the requirements in (1) through (3) in this section, the primary farm dwelling to which the proposed dwelling would be accessory, meets one of the following:

(a) On land not identified as high-value farmland, the primary farm dwelling is located on a farm or ranch operation that is currently employed for farm use, as defined in ORS 215.203, and produced in the last two years, ~~or three of the last five years,~~ or the average farm income earned on the tract in the best three of the last five years the lower of the following:

1. At least \$40,000 in gross annual income from the sale of farm products; or
2. Gross annual income of at least the midpoint of the median income range of gross annual sales for farms in the county with gross annual sales of \$10,000 or more according to the 1992 Census of Agriculture, Oregon; and

(b) On land identified as high-value farmland, the primary farm dwelling is located on a farm or ranch operation that is currently employed for farm use, as defined in ORS 215.203, and produced at least \$80,000 in gross annual income from the sale of farm products in the last two years, ~~or three of the last five years~~ or the average farm income earned on the tract in the best three of the last five years. In determining the gross income, the cost of purchased livestock shall be deducted from the total gross income attributed to the tract; or

* * *

PART III. SB 640 FIRE STATION LOT SIZES IN THE EFU ZONE

The 2011 legislature adopted Senate Bill (SB) 640 (Attachment B) to allow counties the opportunity for smaller lot sizes in the EFU zone for Fire Service Facilities providing rural fire protection services. Multnomah County currently has provisions in the EFU zone to allow a lot size exception for public parks and playgrounds, and community centers. The proposed amendment will add Fire Service Facilities to the list of uses allowed to use the exception to lot size provisions. In addition, criteria

(A)(1) will be replaced with the SB 640 language. The existing language is very similar to proposed language but may allow a larger parcel than the statutory provision authorizes.

Bold = Existing Code

Double Underline = Proposed Language

~~Strikethrough~~ = Deleted Language

§ 33.2665 EXCEPTIONS TO LOT SIZE FOR SPECIFIC USES

[The proposed updates will occur to MCC 33.2665, 34.2665, 35.2665 and 36.2665.]

(A) Lots less than the minimum lot size specified in MCC 33.2660 (A) may be created for uses listed in MCC 33.2620(V), MCC 33.2630(C) and MCC 33.2630 (E) based upon:

- (1) ~~The site size needs of the proposed use~~ The parcel for the nonfarm use is not larger than the minimum size necessary for the use;**
- (2) The nature of the proposed use in relation to its impact on nearby properties; and**
- (3) Consideration of the purposes of this district.**

(B) Except as otherwise provided by MCC 33.2675, no sale or conveyance of any portion of a lot, for other than a public purpose, shall leave a structure on the remainder of the lot with less than the minimum lot or yard requirements or result in a lot with less than the area or width requirements of this district.

PART IV. HB 3408 IRRIGATION FACILITIES IN THE EFU ZONE

Oregon Revised Statute (ORS) 215.283(1)(t) listed as a permissible use “irrigation canals, delivery lines and those structures and accessory operational facilities associated with a district.” The Department of Land Conservation and Development (DLCD) was concerned that this language could be interpreted to not allow reservoirs that would be used for irrigating off-site farmland. The 2011 legislature adopted HB 3408 (Attachment C) to allow siting of irrigation reservoirs in the EFU zone.

Bold = Existing Code

Double Underline = Proposed Language

~~Strikethrough~~ = Deleted Language

§ 33.2620 ALLOWED USES

[The proposed updates will occur to MCC 33.2620(W), 34.2620(W), 35.2620(W) and 36.2620(V).]

(W) Irrigation reservoirs, canals, delivery lines and those structures and accessory operational facilities, not including parks or other recreational structures and facilities, associated with a district as defined in ORS 540.505.

PART V. ESR POLICY 16 AND 17 WORK SESSION SUMMARY

The East of Sandy River Rural Area Plan text states “*While small farm stands are appropriate on virtually any parcel within the East of Sandy River rural area, larger farm stands which sell a wide variety of produce and “retail incidental items” are appropriate only in the vicinity of the heavily traveled Historic Columbia River Highway, since placing them elsewhere could result in increases in traffic on local roads not suited for such traffic. Also, Multnomah County should have uniform standards for such farm stands consistent in all zoning districts east of the Sandy River and outside of the Columbia Gorge National Scenic Area.*”

Policy 16. This policy allows a farm stand on any property after review and approval of the proposal by the Planning Director provided the property is currently in a farm use. Staff notes that farm stand requirements in Exclusive Farm Use (EFU) zone districts must remain consistent with state rules, therefore uniform standards in both EFU and exception zones can only be achieved by conforming the exception zones to EFU requirements. One consequence of this approach is that no “character of the area” standard could be imposed because that inquiry is not authorized in statute. Farm stands in EFU zones may also sell farm crops and livestock grown in the local agricultural area and cannot be restricted to only farm products produced on-site. The statutory definition of “*local agricultural area*” is a much larger area – encompassing all of Oregon and adjacent counties in Washington that borders Multnomah County. Fee-based activities and sale of incidental items must also be allowed for all EFU zoned properties.

Farm Stands Policy

- 16. Allow farm stands which sell products grown on the premises in all the Exclusive Farm Use, Multiple Use Agriculture, Rural Residential, and Rural Center zoning districts with findings that, 1) the farm stand does not include structures designed for occupancy as a residence or for activities other than the sale of farm crops and livestock, and 2) the location and design are compatible with the character of the area.**

STRATEGY: Multnomah County shall implement this policy through amendments to the Multnomah County Zoning Ordinance Exclusive Farm Use, Multiple Use Agriculture, Rural Residential, and Rural Center zoning districts.

The intent of Policy 16 is to have a single set of regulations for all farm stands no matter the zone, but the Oregon Administrative Rules (OAR) for farm stands in the Exclusive Farm Use (EFU) zones do not allow the County to limit farm stand sales to only products grown on the premises. Since we cannot modify the EFU regulations, a question arises for the implementation of Policy 16 for the exception zones (Rural Residential (RR), Multiple Use Agriculture – 20 (MUA-20), and Springdale Rural Center (SRC)).

Policy 17. Policy 17 allows farm stands along the Historic Columbia River Highway and parcels with road frontage within 500 ft of the Historic Highway to sell farm products and incidental items as authorized in the Exclusive Farm Use (EFU) zone. Policy 17 is silent on fee-based activities which are allowed in the EFU zone. This policy has not been implemented in any of the exception zones (MUA-20, RR and SRC).

Farm Stands Policy

17. **Allow farm stands which sell a wider variety of farm products and retail incidental items in all Exclusive Farm Use zoned areas, and also on all parcels with frontage on, or with road frontage a maximum of 500 feet from the Historic Columbia River Highway, with findings as mandated by Oregon Administrative Rules with findings that the products have been grown in the local agricultural area, the retail incidental items constitute no more than 25% of the total farm stand sales, and the farm stand does not include structures designed for occupancy as a residence or for banquets, public gatherings, or public entertainment. Require review by the Oregon Department of Transportation (ODOT) for any proposed access onto and impacts upon the Historic Columbia River Highway.**

STRATEGY: Multnomah County shall implement this policy through amendments to the Multnomah County Zoning Ordinance Exclusive Farm Use, Multiple Use Agriculture, Rural Residential, and Rural Center.

Direction from the October 2012 work session was to separate the farm stands allowed in the exception zones from the EFU regulations. In addition, Commissioners recommended that the MUA-20 zoned properties be allowed to continue selling farm products from the “*immediate vicinity*”. Members felt that the “*immediate vicinity*” should be defined broadly to include surrounding counties. The Rural Residential (RR) and Springdale Rural Center (SRC) zones should continue to be restricted to sales from farm products grown on the premises. For properties fronting on the Historic Highway or within 500 ft on an intersecting roadway, the Commission recommended that the more intensive farm stand with fee-based activities should demonstrate that at least seventy-five percent (75%) of the property was in active farm use and that the site was at least 5 acres in size. Commissioners were also concerned that a pasture or hay field could be used to claim an agricultural use and a need for a farm stand. Staff has considered these comments and has made modifications (see Part VI below) to the draft language presented previously at the work session to address these concerns.

PART VI. FARM STANDS FOR NON-EFU ZONED PROPERTIES

The County completed the East of Sandy River (ESR) Rural Area Plan in July, 1997. However, the process did not update all of the zoning regulations to reflect the plan policies. To this date, Policies 16 and 17 have not been incorporated into Chapter 35. The Planning Commission prioritized this item for the 2012 work program and the proposed language below reflects the direction given at the October 2012 work session.

A. As directed by the Commission, the farm sales language in the Rural Residential (RR) and Springdale Rural Center (SPR) zones implementing ESR Policy 16 will only be modified from the existing code language for clarity. Both zones will have a reference correction to properly cite the appeal procedures. In addition, an “s” will be deleted from “retails sales” in the SRC zone.

Bold = Existing Code

Double Underline = Proposed Language

~~Strikethrough~~ = Deleted Language

RR: § 35.3125 REVIEW USES

(C) Wholesale or retail sales, limited to those products raised or grown on the premises, subject to the following condition:

The location and design of any building, stand or sign in conjunction with wholesale or retail sales shall be subject to approval of the Planning Director on a finding that the location and design are compatible with the character of the area; provided that the decision of the Director may be appealed to the Hearings Officer pursuant to MCC ~~35.0785 and 35.0790~~ 37.0640. [Staff Note: This is a reference correction only.]

SRC: § 35.3325 REVIEW USES

(B) Wholesale or retail sales, limited to those products raised or grown on the premises, subject to the following:

The location and design of any building, stand or sign in conjunction with wholesale or retail sales shall be subject to approval of the Planning Director on a finding that the location and design are compatible with the character of the area; provided that the decision of the Director may be appealed to the Hearings Officer pursuant to MCC ~~35.0785 and 35.0790~~ 37.0640. [Staff Note: This is a reference correction only.]

B. The Multiple Use Agriculture-20 (MUA-20) zone has different wording than the RR and SRC zone and allows for sales of farm products from the immediate area. The Planning Commission provided direction to staff at the October work session as to what should be considered the “immediate vicinity” Instead of adding a definition, staff is proposing to delete the term “immediate vicinity” and add language to clarify that farm products from adjacent counties may be sold.

MUA-20: § 35.2825 REVIEW USES

(C) Wholesale or retail sales of farm or forest products raised or grown on the premises. In addition, farm crops or livestock from other farm operations located in Multnomah County or in the adjacent counties of Oregon or Washington bordering on Multnomah County ~~immediate vicinity~~, subject to the following condition:

The location and design of any building, stand or sign in conjunction with wholesale or retail sales shall be subject to approval of the Planning Director on a finding that the location and design are compatible with the character of the area; provided that the decision of the Planning Director may be appealed to the approval authority, pursuant to MCC ~~35.0785 and 35.0790~~ 37.0640. [Staff Note: This is a reference correction only.]

C. To implement ESR Policy 17, a new use will need to be added to the three zones. The farm stand use will have a number of requirements to ensure that it does not become strictly a retail establishment such as a ‘Natures’ or ‘Whole Foods’ business. Planning staff has proposed the new farm stand use as a Review Use for the MUA-20, RR and SRC districts. If the Commission felt that the farm stand use required a higher level of review, the new use could be added as a conditional use in these zones. Conditional uses must go through a public hearing process. The standard conditional use criteria of MCC 35.6315 could be added if the Commission felt they were necessary.

§ 35.6315 CONDITIONAL USE APPROVAL CRITERIA

(A) A Conditional Use shall be governed by the approval criteria listed in the district under which the conditional use is allowed. If no such criteria are provided, the approval criteria listed in this section shall apply. In approving a Conditional Use listed in this section, the approval authority shall find that the proposal:

- (1) Is consistent with the character of the area;**
- (2) Will not adversely affect natural resources;**
- (3) The use will not:**
 - (a) Force a significant change in accepted farm or forest practices on surrounding lands devoted to farm or forest use; nor**
 - (b) Significantly increase the cost of accepted farm or forest practices on surrounding lands devoted to farm or forest use.**
- (4) Will not require public services other than those existing or programmed for the area;**
- (5) Will be located outside a big game winter habitat area as defined by the Oregon Department of Fish and Wildlife or that agency has certified that the impacts will be acceptable;**
- (6) Will not create hazardous conditions; and**
- (7) Will satisfy the applicable policies of the Comprehensive Plan.**

While staff is proposing to add the new use to the SRC zone as specified by Policy 17, the Commission should consider whether a separate farm stand use is warranted due to the size of existing parcels in the zone and the ability to obtain a conditional use permit for a Rural Service Commercial Use without the restrictions on incidental sales.

RR: § 35.3125 REVIEW USES

(L) A farm stand subject to the following:

SRC: § 35.3325 REVIEW USES

(K) A farm stand subject to the following:

MUA-20: § 35.2825 REVIEW USES

(L) A farm stand subject to the following:

D. At the October work session, the Commission provided comments on implementing ESR Policy 17. The general agreement among Commissioners was that fee-based activities would be acceptable, provided they are limited by distance from the HCRH, and the roadway is deemed able to handle the traffic generated by the activity. It was suggested that there be a lot size limit, or maximum percentage of the lot, and the decision was that 75% of the minimum 5 acre lot size must be devoted to agriculture production. For Rural Residential and Springdale Rural Center zones outside of the Historic Highway corridor, it was recommended that the farm sales continue to be limited to products grown on the premises. Planning staff has altered the proposed language at various points to clarify the new use and

when and where the activity can be authorized. The draft language is based on existing EFU farm stand requirements where feasible. *Italicized words* have been modified since the work session.

Criterion (1): The proposed change is to clarify that the parcel must have road frontage on a County maintained road.

Work Session Language:

(X) The parcel where the farm stand is located is adjacent to the Historic Columbia River Highway (Highway) or has County maintained road frontage that intersects with the Highway. The parcel's road frontage shall be within 500 feet of the Historic Columbia River Highway.

Proposed Code:

(1) The parcel where the farm stand is located is adjacent to the Historic Columbia River Highway (Highway) or has *road frontage on a County maintained road* that intersects with the Highway. A portion of the parcel's road frontage shall be within 500 feet, as driven, from the Historic Columbia River Highway.

Criterion (2): The word *structure* was changed to farm stand for clarity purposes. Staff did not want someone to misconstrue that a loafing or equipment shed had to be designed for retail sales.

Work Session Language:

(X) The structure is designed and used for the sale of farm crops or livestock grown on the farm operation, or grown on the farm operation and other farm operations in the local agricultural area, including the sale of retail incidental items, and fee-based activity to promote the sale of farm crops or livestock sold at the farm stand if the annual sale of incidental items and fees from promotional activity do not make up more than 25 percent of the total sales of the farm stand; and

Proposed Code:

(2) The *farm stand* is designed and used for the sale of farm crops or livestock grown on the farm operation, or grown on the farm operation and other farm operations in the local agricultural area, including the sale of retail incidental items, and fee-based activity to promote the sale of farm crops or livestock sold at the farm stand if the annual sale of incidental items and fees from promotional activity do not make up more than 25 percent of the total sales of the farm stand.

Criterion (3): This criterion is new and was developed from the direction provided by the Commission at the October work session. Commission members were concerned about this level of farm stand activity on smaller parcels or parcels not in farm use and indicated that a 5 acre minimum lot size be added before fee based activities could be authorized. In addition, Commissioners were concerned that properties with limited farm operations would be eligible for fee-based activities. Planning staff has added language requiring 75% of the lot be used for the farm operation.

Work Session Language:

No previous language proposed.

Proposed Code:

(3) A farm stand operation that includes fee-based activities shall be located on a lot with a minimum lot size of five acres and 75 percent of the lot must be used in the farm operation. The farm stand shall be open for retail sales of farm crops and livestock during all hours that fee-based activities are offered.

Criterion (4): No changes proposed. This language comes directly from current EFU requirements.

Work Session Language:

(X) The farm stand does not include structures designed for occupancy as a residence or for activities other than the sale of farm crops and livestock and does not include structures for banquets, public gatherings or public entertainment.

Proposed Code:

(4) The farm stand does not include structures designed for occupancy as a residence or for activities other than the sale of farm crops and livestock and does not include structures for banquets, public gatherings or public entertainment.

Criterion (5): Staff has removed the term “operations” so that the criteria will relate to all portions of the farm stand use.

Work Session Language:

(X) The proposed farm stand operations are compatible with the character of the area.

Proposed Code:

(5) The proposed farm stand is compatible with the character of the area.

Criterion (6): No changes proposed. This language comes directly from current EFU requirements.

Work Session Language:

(X) As used in this section, “farm crops or livestock” includes both fresh and processed farm crops and livestock grown on the farm operation, or grown on the farm operation and other farm operations in the local agricultural area. As used in this subsection, “processed crops and livestock” includes jams, syrups, apple cider, animal products and other similar farm crops and livestock that have been processed and converted into another product but not prepared food items.

Proposed Code:

(6) As used in this section, “farm crops or livestock” includes both fresh and processed farm crops and livestock grown on the farm operation, or grown on the farm operation and other farm operations in the local agricultural area. As used in this subsection, “processed crops and

livestock” includes jams, syrups, apple cider, animal products and other similar farm crops and livestock that have been processed and converted into another product but not prepared food items.

Criterion (7): No changes proposed. This language comes directly from current EFU requirements.

Work Session Language:

(X) As used in this section, “local agricultural area” includes Oregon or an adjacent county in Washington that borders Multnomah County.

Proposed Code:

(7) As used in this section, “local agricultural area” includes Oregon or an adjacent county in Washington that borders Multnomah County.

CHAPTER

AN ACT

Relating to farm income standard for dwellings; creating new provisions; and amending ORS 215.213 and 215.283.

Be It Enacted by the People of the State of Oregon:

SECTION 1. In any rule adopted by the Land Conservation and Development Commission that establishes a farm income standard to determine whether a dwelling is customarily provided in conjunction with farm use on a tract, the commission shall allow a farm operator to satisfy the income standard by earning the required amount or more of farm income on the tract:

- (1) In at least three of the last five years;**
- (2) In each of the last two years; or**
- (3) Based on the average farm income earned on the tract in the best three of the last five years.**

SECTION 1a. Section 1 of this 2011 Act is added to and made a part of ORS chapter 215.

SECTION 2. ORS 215.213 is amended to read:

215.213. (1) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), the following uses may be established in any area zoned for exclusive farm use:

- (a) Churches and cemeteries in conjunction with churches.
- (b) The propagation or harvesting of a forest product.
- (c) Utility facilities necessary for public service, including wetland waste treatment systems but not including commercial facilities for the purpose of generating electrical power for public use by sale or transmission towers over 200 feet in height. A utility facility necessary for public service may be established as provided in ORS 215.275.
- (d) A dwelling on real property used for farm use if the dwelling is occupied by a relative of the farm operator or the farm operator's spouse, which means a child, parent, stepparent, grandchild, grandparent, stepgrandparent, sibling, stepsibling, niece, nephew or first cousin of either, if the farm operator does or will require the assistance of the relative in the management of the farm use and the dwelling is located on the same lot or parcel as the dwelling of the farm operator. Notwithstanding ORS 92.010 to 92.192 or the minimum lot or parcel size requirements under ORS 215.780, if the owner of a dwelling described in this paragraph obtains construction financing or other financing secured by the dwelling and the secured party forecloses on the dwelling, the secured party may also foreclose on the homesite, as defined in ORS 308A.250, and the foreclosure shall operate as a partition of the homesite to create a new parcel.
- (e) Nonresidential buildings customarily provided in conjunction with farm use.

(f) **Subject to section 1 of this 2011 Act**, primary or accessory dwellings customarily provided in conjunction with farm use. For a primary dwelling, the dwelling must be on a lot or parcel that is managed as part of a farm operation and is not smaller than the minimum lot size in a farm zone with a minimum lot size acknowledged under ORS 197.251.

(g) Operations for the exploration for and production of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005, including the placement and operation of compressors, separators and other customary production equipment for an individual well adjacent to the wellhead. Any activities or construction relating to such operations shall not be a basis for an exception under ORS 197.732 (2)(a) or (b).

(h) Operations for the exploration for minerals as defined by ORS 517.750. Any activities or construction relating to such operations shall not be a basis for an exception under ORS 197.732 (2)(a) or (b).

(i) One manufactured dwelling or recreational vehicle, or the temporary residential use of an existing building, in conjunction with an existing dwelling as a temporary use for the term of a hardship suffered by the existing resident or a relative of the resident. Within three months of the end of the hardship, the manufactured dwelling or recreational vehicle shall be removed or demolished or, in the case of an existing building, the building shall be removed, demolished or returned to an allowed nonresidential use. The governing body or its designee shall provide for periodic review of the hardship claimed under this paragraph. A temporary residence approved under this paragraph is not eligible for replacement under paragraph (q) of this subsection.

(j) Climbing and passing lanes within the right of way existing as of July 1, 1987.

(k) Reconstruction or modification of public roads and highways, including the placement of utility facilities overhead and in the subsurface of public roads and highways along the public right of way, but not including the addition of travel lanes, where no removal or displacement of buildings would occur, or no new land parcels result.

(L) Temporary public road and highway detours that will be abandoned and restored to original condition or use at such time as no longer needed.

(m) Minor betterment of existing public road and highway related facilities, such as maintenance yards, weigh stations and rest areas, within right of way existing as of July 1, 1987, and contiguous public-owned property utilized to support the operation and maintenance of public roads and highways.

(n) A replacement dwelling to be used in conjunction with farm use if the existing dwelling has been listed in a county inventory as historic property as defined in ORS 358.480.

(o) Creation, restoration or enhancement of wetlands.

(p) A winery, as described in ORS 215.452.

(q) Alteration, restoration or replacement of a lawfully established dwelling that:

(A) Has intact exterior walls and roof structure;

(B) Has indoor plumbing consisting of a kitchen sink, toilet and bathing facilities connected to a sanitary waste disposal system;

(C) Has interior wiring for interior lights;

(D) Has a heating system; and

(E) In the case of replacement:

(i) Is removed, demolished or converted to an allowable nonresidential use within three months of the completion of the replacement dwelling. A replacement dwelling may be sited on any part of the same lot or parcel. A dwelling established under this paragraph shall comply with all applicable siting standards. However, the standards shall not be applied in a manner that prohibits the siting of the dwelling. If the dwelling to be replaced is located on a portion of the lot or parcel not zoned for exclusive farm use, the applicant, as a condition of approval, shall execute and record in the deed records for the county where the property is located a deed restriction prohibiting the siting of a dwelling on that portion of the lot or parcel. The restriction imposed shall be irrevocable unless a statement of release is placed in the deed records for the county. The release shall be signed by the county or its designee and state that the provisions of this paragraph regarding replacement

dwellings have changed to allow the siting of another dwelling. The county planning director or the director's designee shall maintain a record of the lots and parcels that do not qualify for the siting of a new dwelling under the provisions of this paragraph, including a copy of the deed restrictions and release statements filed under this paragraph; and

(ii) For which the applicant has requested a deferred replacement permit, is removed or demolished within three months after the deferred replacement permit is issued. A deferred replacement permit allows construction of the replacement dwelling at any time. If, however, the established dwelling is not removed or demolished within three months after the deferred replacement permit is issued, the permit becomes void. The replacement dwelling must comply with applicable building codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to siting at the time of construction. A deferred replacement permit may not be transferred, by sale or otherwise, except by the applicant to the spouse or a child of the applicant.

(r) Farm stands if:

(A) The structures are designed and used for the sale of farm crops or livestock grown on the farm operation, or grown on the farm operation and other farm operations in the local agricultural area, including the sale of retail incidental items and fee-based activity to promote the sale of farm crops or livestock sold at the farm stand if the annual sale of incidental items and fees from promotional activity do not make up more than 25 percent of the total annual sales of the farm stand; and

(B) The farm stand does not include structures designed for occupancy as a residence or for activity other than the sale of farm crops or livestock and does not include structures for banquets, public gatherings or public entertainment.

(s) An armed forces reserve center, if the center is within one-half mile of a community college. For purposes of this paragraph, "armed forces reserve center" includes an armory or National Guard support facility.

(t) A site for the takeoff and landing of model aircraft, including such buildings or facilities as may reasonably be necessary. Buildings or facilities shall not be more than 500 square feet in floor area or placed on a permanent foundation unless the building or facility preexisted the use approved under this paragraph. The site shall not include an aggregate surface or hard surface area unless the surface preexisted the use approved under this paragraph. An owner of property used for the purpose authorized in this paragraph may charge a person operating the use on the property rent for the property. An operator may charge users of the property a fee that does not exceed the operator's cost to maintain the property, buildings and facilities. As used in this paragraph, "model aircraft" means a small-scale version of an airplane, glider, helicopter, dirigible or balloon that is used or intended to be used for flight and is controlled by radio, lines or design by a person on the ground.

(u) A facility for the processing of farm crops, or the production of biofuel as defined in ORS 315.141, that is located on a farm operation that provides at least one-quarter of the farm crops processed at the facility. The building established for the processing facility shall not exceed 10,000 square feet of floor area exclusive of the floor area designated for preparation, storage or other farm use or devote more than 10,000 square feet to the processing activities within another building supporting farm uses. A processing facility shall comply with all applicable siting standards but the standards shall not be applied in a manner that prohibits the siting of the processing facility.

(v) Fire service facilities providing rural fire protection services.

(w) Irrigation canals, delivery lines and those structures and accessory operational facilities associated with a district as defined in ORS 540.505.

(x) Utility facility service lines. Utility facility service lines are utility lines and accessory facilities or structures that end at the point where the utility service is received by the customer and that are located on one or more of the following:

(A) A public right of way;

(B) Land immediately adjacent to a public right of way, provided the written consent of all adjacent property owners has been obtained; or

(C) The property to be served by the utility.

(y) Subject to the issuance of a license, permit or other approval by the Department of Environmental Quality under ORS 454.695, 459.205, 468B.050, 468B.053 or 468B.055, or in compliance with rules adopted under ORS 468B.095, and as provided in ORS 215.246 to 215.251, the land application of reclaimed water, agricultural or industrial process water or biosolids for agricultural, horticultural or silvicultural production, or for irrigation in connection with a use allowed in an exclusive farm use zone under this chapter.

(2) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), the following uses may be established in any area zoned for exclusive farm use subject to ORS 215.296:

(a) A primary dwelling in conjunction with farm use or the propagation or harvesting of a forest product on a lot or parcel that is managed as part of a farm operation or woodlot if the farm operation or woodlot:

(A) Consists of 20 or more acres; and

(B) Is not smaller than the average farm or woodlot in the county producing at least \$2,500 in annual gross income from the crops, livestock or forest products to be raised on the farm operation or woodlot.

(b) A primary dwelling in conjunction with farm use or the propagation or harvesting of a forest product on a lot or parcel that is managed as part of a farm operation or woodlot smaller than required under paragraph (a) of this subsection, if the lot or parcel:

(A) Has produced at least \$20,000 in annual gross farm income in two consecutive calendar years out of the three calendar years before the year in which the application for the dwelling was made or is planted in perennials capable of producing upon harvest an average of at least \$20,000 in annual gross farm income; or

(B) Is a woodlot capable of producing an average over the growth cycle of \$20,000 in gross annual income.

(c) Commercial activities that are in conjunction with farm use, including the processing of farm crops into biofuel not permitted under ORS 215.203 (2)(b)(L) or subsection (1)(u) of this section.

(d) Operations conducted for:

(A) Mining and processing of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005, not otherwise permitted under subsection (1)(g) of this section;

(B) Mining, crushing or stockpiling of aggregate and other mineral and other subsurface resources subject to ORS 215.298;

(C) Processing, as defined by ORS 517.750, of aggregate into asphalt or portland cement; and

(D) Processing of other mineral resources and other subsurface resources.

(e) Community centers owned by a governmental agency or a nonprofit community organization and operated primarily by and for residents of the local rural community, hunting and fishing preserves, public and private parks, playgrounds and campgrounds. Subject to the approval of the county governing body or its designee, a private campground may provide yurts for overnight camping. No more than one-third or a maximum of 10 campsites, whichever is smaller, may include a yurt. The yurt shall be located on the ground or on a wood floor with no permanent foundation. Upon request of a county governing body, the Land Conservation and Development Commission may provide by rule for an increase in the number of yurts allowed on all or a portion of the campgrounds in a county if the commission determines that the increase will comply with the standards described in ORS 215.296 (1). A public park or campground may be established as provided under ORS 195.120. As used in this paragraph, "yurt" means a round, domed shelter of cloth or canvas on a collapsible frame with no plumbing, sewage disposal hookup or internal cooking appliance.

(f) Golf courses on land determined not to be high-value farmland as defined in ORS 195.300.

(g) Commercial utility facilities for the purpose of generating power for public use by sale.

(h) Personal-use airports for airplanes and helicopter pads, including associated hangar, maintenance and service facilities. A personal-use airport as used in this section means an airstrip re-

stricted, except for aircraft emergencies, to use by the owner, and, on an infrequent and occasional basis, by invited guests, and by commercial aviation activities in connection with agricultural operations. No aircraft may be based on a personal-use airport other than those owned or controlled by the owner of the airstrip. Exceptions to the activities permitted under this definition may be granted through waiver action by the Oregon Department of Aviation in specific instances. A personal-use airport lawfully existing as of September 13, 1975, shall continue to be permitted subject to any applicable rules of the Oregon Department of Aviation.

(i) A facility for the primary processing of forest products, provided that such facility is found to not seriously interfere with accepted farming practices and is compatible with farm uses described in ORS 215.203 (2). Such a facility may be approved for a one-year period which is renewable. These facilities are intended to be only portable or temporary in nature. The primary processing of a forest product, as used in this section, means the use of a portable chipper or stud mill or other similar methods of initial treatment of a forest product in order to enable its shipment to market. Forest products, as used in this section, means timber grown upon a parcel of land or contiguous land where the primary processing facility is located.

(j) A site for the disposal of solid waste approved by the governing body of a city or county or both and for which a permit has been granted under ORS 459.245 by the Department of Environmental Quality together with equipment, facilities or buildings necessary for its operation.

(k) Dog kennels.

(L) Residential homes as defined in ORS 197.660, in existing dwellings.

(m) The propagation, cultivation, maintenance and harvesting of aquatic species that are not under the jurisdiction of the State Fish and Wildlife Commission or insect species. Insect species shall not include any species under quarantine by the State Department of Agriculture or the United States Department of Agriculture. The county shall provide notice of all applications under this paragraph to the State Department of Agriculture. Notice shall be provided in accordance with the county's land use regulations but shall be mailed at least 20 calendar days prior to any administrative decision or initial public hearing on the application.

(n) Home occupations as provided in ORS 215.448.

(o) Transmission towers over 200 feet in height.

(p) Construction of additional passing and travel lanes requiring the acquisition of right of way but not resulting in the creation of new land parcels.

(q) Reconstruction or modification of public roads and highways involving the removal or displacement of buildings but not resulting in the creation of new land parcels.

(r) Improvement of public road and highway related facilities such as maintenance yards, weigh stations and rest areas, where additional property or right of way is required but not resulting in the creation of new land parcels.

(s) A destination resort that is approved consistent with the requirements of any statewide planning goal relating to the siting of a destination resort.

(t) Room and board arrangements for a maximum of five unrelated persons in existing residences.

(u) A living history museum related to resource based activities owned and operated by a governmental agency or a local historical society, together with limited commercial activities and facilities that are directly related to the use and enjoyment of the museum and located within authentic buildings of the depicted historic period or the museum administration building, if areas other than an exclusive farm use zone cannot accommodate the museum and related activities or if the museum administration buildings and parking lot are located within one quarter mile of the metropolitan urban growth boundary. As used in this paragraph:

(A) "Living history museum" means a facility designed to depict and interpret everyday life and culture of some specific historic period using authentic buildings, tools, equipment and people to simulate past activities and events; and

(B) "Local historical society" means the local historical society, recognized as such by the county governing body and organized under ORS chapter 65.

(v) Operations for the extraction and bottling of water.

(w) An aerial fireworks display business that has been in continuous operation at its current location within an exclusive farm use zone since December 31, 1986, and possesses a wholesaler's permit to sell or provide fireworks.

(x) A landscape contracting business, as defined in ORS 671.520, or a business providing landscape architecture services, as described in ORS 671.318, if the business is pursued in conjunction with the growing and marketing of nursery stock on the land that constitutes farm use.

(y) Public or private schools for kindergarten through grade 12, including all buildings essential to the operation of a school, primarily for residents of the rural area in which the school is located.

(3) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), a single-family residential dwelling not provided in conjunction with farm use may be established on a lot or parcel with soils predominantly in capability classes IV through VIII as determined by the Agricultural Capability Classification System in use by the United States Department of Agriculture Soil Conservation Service on October 15, 1983. A proposed dwelling is subject to approval of the governing body or its designee in any area zoned for exclusive farm use upon written findings showing all of the following:

(a) The dwelling or activities associated with the dwelling will not force a significant change in or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use.

(b) The dwelling is situated upon generally unsuitable land for the production of farm crops and livestock, considering the terrain, adverse soil or land conditions, drainage and flooding, location and size of the tract. A lot or parcel shall not be considered unsuitable solely because of its size or location if it can reasonably be put to farm use in conjunction with other land.

(c) Complies with such other conditions as the governing body or its designee considers necessary.

(4) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), one single-family dwelling, not provided in conjunction with farm use, may be established in any area zoned for exclusive farm use on a lot or parcel described in subsection (7) of this section that is not larger than three acres upon written findings showing:

(a) The dwelling or activities associated with the dwelling will not force a significant change in or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use;

(b) If the lot or parcel is located within the Willamette River Greenway, a floodplain or a geological hazard area, the dwelling complies with conditions imposed by local ordinances relating specifically to the Willamette River Greenway, floodplains or geological hazard areas, whichever is applicable; and

(c) The dwelling complies with other conditions considered necessary by the governing body or its designee.

(5) Upon receipt of an application for a permit under subsection (4) of this section, the governing body shall notify:

(a) Owners of land that is within 250 feet of the lot or parcel on which the dwelling will be established; and

(b) Persons who have requested notice of such applications and who have paid a reasonable fee imposed by the county to cover the cost of such notice.

(6) The notice required in subsection (5) of this section shall specify that persons have 15 days following the date of postmark of the notice to file a written objection on the grounds only that the dwelling or activities associated with it would force a significant change in or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use. If no objection is received, the governing body or its designee shall approve or disapprove the application. If an objection is received, the governing body shall set the matter for hearing in the manner prescribed in ORS 215.402 to 215.438. The governing body may charge the reasonable costs of the notice required by subsection (5)(a) of this section to the applicant for the permit requested under subsection (4) of this section.

(7) Subsection (4) of this section applies to a lot or parcel lawfully created between January 1, 1948, and July 1, 1983. For the purposes of this section:

(a) Only one lot or parcel exists if:

(A) A lot or parcel described in this section is contiguous to one or more lots or parcels described in this section; and

(B) On July 1, 1983, greater than possessory interests are held in those contiguous lots, parcels or lots and parcels by the same person, spouses or a single partnership or business entity, separately or in tenancy in common.

(b) "Contiguous" means lots, parcels or lots and parcels that have a common boundary, including but not limited to, lots, parcels or lots and parcels separated only by a public road.

(8) A person who sells or otherwise transfers real property in an exclusive farm use zone may retain a life estate in a dwelling on that property and in a tract of land under and around the dwelling.

(9) No final approval of a nonfarm use under this section shall be given unless any additional taxes imposed upon the change in use have been paid.

(10) Roads, highways and other transportation facilities and improvements not allowed under subsections (1) and (2) of this section may be established, subject to the approval of the governing body or its designee, in areas zoned for exclusive farm use subject to:

(a) Adoption of an exception to the goal related to agricultural lands and to any other applicable goal with which the facility or improvement does not comply; or

(b) ORS 215.296 for those uses identified by rule of the Land Conservation and Development Commission as provided in section 3, chapter 529, Oregon Laws 1993.

SECTION 3. ORS 215.283 is amended to read:

215.283. (1) The following uses may be established in any area zoned for exclusive farm use:

(a) Churches and cemeteries in conjunction with churches.

(b) The propagation or harvesting of a forest product.

(c) Utility facilities necessary for public service, including wetland waste treatment systems but not including commercial facilities for the purpose of generating electrical power for public use by sale or transmission towers over 200 feet in height. A utility facility necessary for public service may be established as provided in ORS 215.275.

(d) A dwelling on real property used for farm use if the dwelling is occupied by a relative of the farm operator or the farm operator's spouse, which means a child, parent, stepparent, grandchild, grandparent, stepgrandparent, sibling, stepsibling, niece, nephew or first cousin of either, if the farm operator does or will require the assistance of the relative in the management of the farm use and the dwelling is located on the same lot or parcel as the dwelling of the farm operator. Notwithstanding ORS 92.010 to 92.192 or the minimum lot or parcel size requirements under ORS 215.780, if the owner of a dwelling described in this paragraph obtains construction financing or other financing secured by the dwelling and the secured party forecloses on the dwelling, the secured party may also foreclose on the homesite, as defined in ORS 308A.250, and the foreclosure shall operate as a partition of the homesite to create a new parcel.

(e) **Subject to section 1 of this 2011 Act**, primary or accessory dwellings and other buildings customarily provided in conjunction with farm use.

(f) Operations for the exploration for and production of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005, including the placement and operation of compressors, separators and other customary production equipment for an individual well adjacent to the wellhead. Any activities or construction relating to such operations shall not be a basis for an exception under ORS 197.732 (2)(a) or (b).

(g) Operations for the exploration for minerals as defined by ORS 517.750. Any activities or construction relating to such operations shall not be a basis for an exception under ORS 197.732 (2)(a) or (b).

(h) Climbing and passing lanes within the right of way existing as of July 1, 1987.

(i) Reconstruction or modification of public roads and highways, including the placement of utility facilities overhead and in the subsurface of public roads and highways along the public right of way, but not including the addition of travel lanes, where no removal or displacement of buildings would occur, or no new land parcels result.

(j) Temporary public road and highway detours that will be abandoned and restored to original condition or use at such time as no longer needed.

(k) Minor betterment of existing public road and highway related facilities such as maintenance yards, weigh stations and rest areas, within right of way existing as of July 1, 1987, and contiguous public-owned property utilized to support the operation and maintenance of public roads and highways.

(L) A replacement dwelling to be used in conjunction with farm use if the existing dwelling has been listed in a county inventory as historic property as defined in ORS 358.480.

(m) Creation, restoration or enhancement of wetlands.

(n) A winery, as described in ORS 215.452.

(o) Farm stands if:

(A) The structures are designed and used for the sale of farm crops or livestock grown on the farm operation, or grown on the farm operation and other farm operations in the local agricultural area, including the sale of retail incidental items and fee-based activity to promote the sale of farm crops or livestock sold at the farm stand if the annual sale of incidental items and fees from promotional activity do not make up more than 25 percent of the total annual sales of the farm stand; and

(B) The farm stand does not include structures designed for occupancy as a residence or for activity other than the sale of farm crops or livestock and does not include structures for banquets, public gatherings or public entertainment.

(p) Alteration, restoration or replacement of a lawfully established dwelling that:

(A) Has intact exterior walls and roof structure;

(B) Has indoor plumbing consisting of a kitchen sink, toilet and bathing facilities connected to a sanitary waste disposal system;

(C) Has interior wiring for interior lights;

(D) Has a heating system; and

(E) In the case of replacement:

(i) Is removed, demolished or converted to an allowable nonresidential use within three months of the completion of the replacement dwelling. A replacement dwelling may be sited on any part of the same lot or parcel. A dwelling established under this paragraph shall comply with all applicable siting standards. However, the standards shall not be applied in a manner that prohibits the siting of the dwelling. If the dwelling to be replaced is located on a portion of the lot or parcel not zoned for exclusive farm use, the applicant, as a condition of approval, shall execute and record in the deed records for the county where the property is located a deed restriction prohibiting the siting of a dwelling on that portion of the lot or parcel. The restriction imposed shall be irrevocable unless a statement of release is placed in the deed records for the county. The release shall be signed by the county or its designee and state that the provisions of this paragraph regarding replacement dwellings have changed to allow the siting of another dwelling. The county planning director or the director's designee shall maintain a record of the lots and parcels that do not qualify for the siting of a new dwelling under the provisions of this paragraph, including a copy of the deed restrictions and release statements filed under this paragraph; and

(ii) For which the applicant has requested a deferred replacement permit, is removed or demolished within three months after the deferred replacement permit is issued. A deferred replacement permit allows construction of the replacement dwelling at any time. If, however, the established dwelling is not removed or demolished within three months after the deferred replacement permit is issued, the permit becomes void. The replacement dwelling must comply with applicable building codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to

siting at the time of construction. A deferred replacement permit may not be transferred, by sale or otherwise, except by the applicant to the spouse or a child of the applicant.

(q) A site for the takeoff and landing of model aircraft, including such buildings or facilities as may reasonably be necessary. Buildings or facilities shall not be more than 500 square feet in floor area or placed on a permanent foundation unless the building or facility preexisted the use approved under this paragraph. The site shall not include an aggregate surface or hard surface area unless the surface preexisted the use approved under this paragraph. An owner of property used for the purpose authorized in this paragraph may charge a person operating the use on the property rent for the property. An operator may charge users of the property a fee that does not exceed the operator's cost to maintain the property, buildings and facilities. As used in this paragraph, "model aircraft" means a small-scale version of an airplane, glider, helicopter, dirigible or balloon that is used or intended to be used for flight and is controlled by radio, lines or design by a person on the ground.

(r) A facility for the processing of farm crops, or the production of biofuel as defined in ORS 315.141, that is located on a farm operation that provides at least one-quarter of the farm crops processed at the facility. The building established for the processing facility shall not exceed 10,000 square feet of floor area exclusive of the floor area designated for preparation, storage or other farm use or devote more than 10,000 square feet to the processing activities within another building supporting farm uses. A processing facility shall comply with all applicable siting standards but the standards shall not be applied in a manner that prohibits the siting of the processing facility.

(s) Fire service facilities providing rural fire protection services.

(t) Irrigation canals, delivery lines and those structures and accessory operational facilities associated with a district as defined in ORS 540.505.

(u) Utility facility service lines. Utility facility service lines are utility lines and accessory facilities or structures that end at the point where the utility service is received by the customer and that are located on one or more of the following:

(A) A public right of way;

(B) Land immediately adjacent to a public right of way, provided the written consent of all adjacent property owners has been obtained; or

(C) The property to be served by the utility.

(v) Subject to the issuance of a license, permit or other approval by the Department of Environmental Quality under ORS 454.695, 459.205, 468B.050, 468B.053 or 468B.055, or in compliance with rules adopted under ORS 468B.095, and as provided in ORS 215.246 to 215.251, the land application of reclaimed water, agricultural or industrial process water or biosolids for agricultural, horticultural or silvicultural production, or for irrigation in connection with a use allowed in an exclusive farm use zone under this chapter.

(w) A county law enforcement facility that lawfully existed on August 20, 2002, and is used to provide rural law enforcement services primarily in rural areas, including parole and post-prison supervision, but not including a correctional facility as defined under ORS 162.135.

(2) The following nonfarm uses may be established, subject to the approval of the governing body or its designee in any area zoned for exclusive farm use subject to ORS 215.296:

(a) Commercial activities that are in conjunction with farm use, including the processing of farm crops into biofuel not permitted under ORS 215.203 (2)(b)(L) or subsection (1)(r) of this section.

(b) Operations conducted for:

(A) Mining and processing of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005 not otherwise permitted under subsection (1)(f) of this section;

(B) Mining, crushing or stockpiling of aggregate and other mineral and other subsurface resources subject to ORS 215.298;

(C) Processing, as defined by ORS 517.750, of aggregate into asphalt or portland cement; and

(D) Processing of other mineral resources and other subsurface resources.

(c) Private parks, playgrounds, hunting and fishing preserves and campgrounds. Subject to the approval of the county governing body or its designee, a private campground may provide yurts for

overnight camping. No more than one-third or a maximum of 10 campsites, whichever is smaller, may include a yurt. The yurt shall be located on the ground or on a wood floor with no permanent foundation. Upon request of a county governing body, the Land Conservation and Development Commission may provide by rule for an increase in the number of yurts allowed on all or a portion of the campgrounds in a county if the commission determines that the increase will comply with the standards described in ORS 215.296 (1). As used in this paragraph, "yurt" means a round, domed shelter of cloth or canvas on a collapsible frame with no plumbing, sewage disposal hookup or internal cooking appliance.

(d) Parks and playgrounds. A public park may be established consistent with the provisions of ORS 195.120.

(e) Community centers owned by a governmental agency or a nonprofit community organization and operated primarily by and for residents of the local rural community. A community center authorized under this paragraph may provide services to veterans, including but not limited to emergency and transitional shelter, preparation and service of meals, vocational and educational counseling and referral to local, state or federal agencies providing medical, mental health, disability income replacement and substance abuse services, only in a facility that is in existence on January 1, 2006. The services may not include direct delivery of medical, mental health, disability income replacement or substance abuse services.

(f) Golf courses on land determined not to be high-value farmland, as defined in ORS 195.300.

(g) Commercial utility facilities for the purpose of generating power for public use by sale.

(h) Personal-use airports for airplanes and helicopter pads, including associated hangar, maintenance and service facilities. A personal-use airport, as used in this section, means an airstrip restricted, except for aircraft emergencies, to use by the owner, and, on an infrequent and occasional basis, by invited guests, and by commercial aviation activities in connection with agricultural operations. No aircraft may be based on a personal-use airport other than those owned or controlled by the owner of the airstrip. Exceptions to the activities permitted under this definition may be granted through waiver action by the Oregon Department of Aviation in specific instances. A personal-use airport lawfully existing as of September 13, 1975, shall continue to be permitted subject to any applicable rules of the Oregon Department of Aviation.

(i) Home occupations as provided in ORS 215.448.

(j) A facility for the primary processing of forest products, provided that such facility is found to not seriously interfere with accepted farming practices and is compatible with farm uses described in ORS 215.203 (2). Such a facility may be approved for a one-year period which is renewable. These facilities are intended to be only portable or temporary in nature. The primary processing of a forest product, as used in this section, means the use of a portable chipper or stud mill or other similar methods of initial treatment of a forest product in order to enable its shipment to market. Forest products, as used in this section, means timber grown upon a parcel of land or contiguous land where the primary processing facility is located.

(k) A site for the disposal of solid waste approved by the governing body of a city or county or both and for which a permit has been granted under ORS 459.245 by the Department of Environmental Quality together with equipment, facilities or buildings necessary for its operation.

(L) One manufactured dwelling or recreational vehicle, or the temporary residential use of an existing building, in conjunction with an existing dwelling as a temporary use for the term of a hardship suffered by the existing resident or a relative of the resident. Within three months of the end of the hardship, the manufactured dwelling or recreational vehicle shall be removed or demolished or, in the case of an existing building, the building shall be removed, demolished or returned to an allowed nonresidential use. The governing body or its designee shall provide for periodic review of the hardship claimed under this paragraph. A temporary residence approved under this paragraph is not eligible for replacement under subsection (1)(p) of this section.

(m) Transmission towers over 200 feet in height.

(n) Dog kennels.

(o) Residential homes as defined in ORS 197.660, in existing dwellings.

(p) The propagation, cultivation, maintenance and harvesting of aquatic species that are not under the jurisdiction of the State Fish and Wildlife Commission or insect species. Insect species shall not include any species under quarantine by the State Department of Agriculture or the United States Department of Agriculture. The county shall provide notice of all applications under this paragraph to the State Department of Agriculture. Notice shall be provided in accordance with the county's land use regulations but shall be mailed at least 20 calendar days prior to any administrative decision or initial public hearing on the application.

(q) Construction of additional passing and travel lanes requiring the acquisition of right of way but not resulting in the creation of new land parcels.

(r) Reconstruction or modification of public roads and highways involving the removal or displacement of buildings but not resulting in the creation of new land parcels.

(s) Improvement of public road and highway related facilities, such as maintenance yards, weigh stations and rest areas, where additional property or right of way is required but not resulting in the creation of new land parcels.

(t) A destination resort that is approved consistent with the requirements of any statewide planning goal relating to the siting of a destination resort.

(u) Room and board arrangements for a maximum of five unrelated persons in existing residences.

(v) Operations for the extraction and bottling of water.

(w) Expansion of existing county fairgrounds and activities directly relating to county fairgrounds governed by county fair boards established pursuant to ORS 565.210.

(x) A living history museum related to resource based activities owned and operated by a governmental agency or a local historical society, together with limited commercial activities and facilities that are directly related to the use and enjoyment of the museum and located within authentic buildings of the depicted historic period or the museum administration building, if areas other than an exclusive farm use zone cannot accommodate the museum and related activities or if the museum administration buildings and parking lot are located within one quarter mile of an urban growth boundary. As used in this paragraph:

(A) "Living history museum" means a facility designed to depict and interpret everyday life and culture of some specific historic period using authentic buildings, tools, equipment and people to simulate past activities and events; and

(B) "Local historical society" means the local historical society recognized by the county governing body and organized under ORS chapter 65.

(y) An aerial fireworks display business that has been in continuous operation at its current location within an exclusive farm use zone since December 31, 1986, and possesses a wholesaler's permit to sell or provide fireworks.

(z) A landscape contracting business, as defined in ORS 671.520, or a business providing landscape architecture services, as described in ORS 671.318, if the business is pursued in conjunction with the growing and marketing of nursery stock on the land that constitutes farm use.

(aa) Public or private schools for kindergarten through grade 12, including all buildings essential to the operation of a school, primarily for residents of the rural area in which the school is located.

(3) Roads, highways and other transportation facilities and improvements not allowed under subsections (1) and (2) of this section may be established, subject to the approval of the governing body or its designee, in areas zoned for exclusive farm use subject to:

(a) Adoption of an exception to the goal related to agricultural lands and to any other applicable goal with which the facility or improvement does not comply; or

(b) ORS 215.296 for those uses identified by rule of the Land Conservation and Development Commission as provided in section 3, chapter 529, Oregon Laws 1993.

CHAPTER

AN ACT

Relating to division of land for fire service facilities; amending ORS 215.263; and declaring an emergency.

Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 215.263 is amended to read:

215.263. (1) Any proposed division of land included within an exclusive farm use zone resulting in the creation of one or more parcels of land shall be reviewed and approved or disapproved by the governing body or its designee of the county in which the land is situated. The governing body of a county by ordinance shall require [*such*] prior review and approval for [*such*] divisions of land within exclusive farm use zones established within the county.

(2) The governing body of a county or its designee may approve a proposed division of land to create parcels for farm use as defined in ORS 215.203 if it finds:

(a) That the proposed division of land is appropriate for the continuation of the existing commercial agricultural enterprise within the area; or

(b) The parcels created by the proposed division are not smaller than the minimum size established under ORS 215.780.

(3) The governing body of a county or its designee may approve a proposed division of land in an exclusive farm use zone for nonfarm uses, except dwellings, set out in ORS 215.213 (2) or 215.283 (2) if it finds that the parcel for the nonfarm use is not larger than the minimum size necessary for the use. The governing body may establish other criteria as it considers necessary.

(4) In western Oregon, as defined in ORS 321.257, but not in the Willamette Valley, as defined in ORS 215.010, the governing body of a county or its designee:

(a) May approve a division of land in an exclusive farm use zone to create up to two new parcels smaller than the minimum size established under ORS 215.780, each to contain a dwelling not provided in conjunction with farm use if:

(A) The nonfarm dwellings have been approved under ORS 215.213 (3) or 215.284 (2) or (3);

(B) The parcels for the nonfarm dwellings are divided from a lot or parcel that was lawfully created prior to July 1, 2001;

(C) The parcels for the nonfarm dwellings are divided from a lot or parcel that complies with the minimum size established under ORS 215.780;

(D) The remainder of the original lot or parcel that does not contain the nonfarm dwellings complies with the minimum size established under ORS 215.780; and

(E) The parcels for the nonfarm dwellings are generally unsuitable for the production of farm crops and livestock or merchantable tree species considering the terrain, adverse soil or land con-

ditions, drainage or flooding, vegetation, location and size of the tract. A parcel may not be considered unsuitable based solely on size or location if the parcel can reasonably be put to farm or forest use in conjunction with other land.

(b) May approve a division of land in an exclusive farm use zone to divide a lot or parcel into two parcels, each to contain one dwelling not provided in conjunction with farm use if:

(A) The nonfarm dwellings have been approved under ORS 215.284 (2) or (3);

(B) The parcels for the nonfarm dwellings are divided from a lot or parcel that was lawfully created prior to July 1, 2001;

(C) The parcels for the nonfarm dwellings are divided from a lot or parcel that is equal to or smaller than the minimum size established under ORS 215.780 but equal to or larger than 40 acres;

(D) The parcels for the nonfarm dwellings are:

(i) Not capable of producing more than at least 50 cubic feet per acre per year of wood fiber; and

(ii) Composed of at least 90 percent Class VI through VIII soils;

(E) The parcels for the nonfarm dwellings do not have established water rights for irrigation; and

(F) The parcels for the nonfarm dwellings are generally unsuitable for the production of farm crops and livestock or merchantable tree species considering the terrain, adverse soil or land conditions, drainage or flooding, vegetation, location and size of the tract. A parcel may not be considered unsuitable based solely on size or location if the parcel can reasonably be put to farm or forest use in conjunction with other land.

(5) In eastern Oregon, as defined in ORS 321.805, the governing body of a county or its designee:

(a) May approve a division of land in an exclusive farm use zone to create up to two new parcels smaller than the minimum size established under ORS 215.780, each to contain a dwelling not provided in conjunction with farm use if:

(A) The nonfarm dwellings have been approved under ORS 215.284 (7);

(B) The parcels for the nonfarm dwellings are divided from a lot or parcel that was lawfully created prior to July 1, 2001;

(C) The parcels for the nonfarm dwellings are divided from a lot or parcel that complies with the minimum size established under ORS 215.780;

(D) The remainder of the original lot or parcel that does not contain the nonfarm dwellings complies with the minimum size established under ORS 215.780; and

(E) The parcels for the nonfarm dwellings are generally unsuitable for the production of farm crops and livestock or merchantable tree species considering the terrain, adverse soil or land conditions, drainage or flooding, vegetation, location and size of the tract. A parcel may not be considered unsuitable based solely on size or location if the parcel can reasonably be put to farm or forest use in conjunction with other land.

(b) May approve a division of land in an exclusive farm use zone to divide a lot or parcel into two parcels, each to contain one dwelling not provided in conjunction with farm use if:

(A) The nonfarm dwellings have been approved under ORS 215.284 (7);

(B) The parcels for the nonfarm dwellings are divided from a lot or parcel that was lawfully created prior to July 1, 2001;

(C) The parcels for the nonfarm dwellings are divided from a lot or parcel that is equal to or smaller than the minimum size established under ORS 215.780 but equal to or larger than 40 acres;

(D) The parcels for the nonfarm dwellings are:

(i) Not capable of producing more than at least 20 cubic feet per acre per year of wood fiber; and

(ii) Either composed of at least 90 percent Class VII and VIII soils, or composed of at least 90 percent Class VI through VIII soils and are not capable of producing adequate herbaceous forage for grazing livestock. The Land Conservation and Development Commission, in cooperation with the State Department of Agriculture and other interested persons, may establish by rule objective criteria for identifying units of land that are not capable of producing adequate herbaceous forage for

grazing livestock. In developing the criteria, the commission shall use the latest information from the United States Natural Resources Conservation Service and consider costs required to utilize grazing lands that differ in acreage and productivity level;

(E) The parcels for the nonfarm dwellings do not have established water rights for irrigation; and

(F) The parcels for the nonfarm dwellings are generally unsuitable for the production of farm crops and livestock or merchantable tree species considering the terrain, adverse soil or land conditions, drainage or flooding, vegetation, location and size of the tract. A parcel may not be considered unsuitable based solely on size or location if the parcel can reasonably be put to farm or forest use in conjunction with other land.

(6) This section does not apply to the creation or sale of cemetery lots, if a cemetery is within the boundaries designated for a farm use zone at the time the zone is established.

(7) This section does not apply to divisions of land resulting from lien foreclosures or divisions of land resulting from foreclosure of recorded contracts for the sale of real property.

(8) The governing body of a county may not approve any proposed division of a lot or parcel described in ORS 215.213 (1)(d) or (i), 215.283 (1)(d) or (2)(L) or 215.284 (1), or a proposed division that separates a processing facility from the farm operation specified in ORS 215.213 (1)(u) or 215.283 (1)(r).

(9) The governing body of a county may approve a proposed division of land in an exclusive farm use zone to create a parcel with an existing dwelling to be used:

(a) As a residential home as described in ORS 197.660 (2) only if the dwelling has been approved under ORS 215.213 (3) or 215.284 (1), (2), (3), (4) or (7); and

(b) For historic property that meets the requirements of ORS 215.213 (1)(n) and 215.283 (1)(L).

(10)(a) Notwithstanding ORS 215.780, the governing body of a county or its designee may approve a proposed division of land provided:

(A) The land division is for the purpose of allowing a provider of public parks or open space, or a not-for-profit land conservation organization, to purchase at least one of the resulting parcels; and

(B) A parcel created by the land division that contains a dwelling is large enough to support continued residential use of the parcel.

(b) A parcel created pursuant to this subsection that does not contain a dwelling:

(A) Is not eligible for siting a dwelling, except as may be authorized under ORS 195.120;

(B) May not be considered in approving or denying an application for siting any other dwelling;

(C) May not be considered in approving a redesignation or rezoning of forestlands except for a redesignation or rezoning to allow a public park, open space or other natural resource use; and

(D) May not be smaller than 25 acres unless the purpose of the land division is:

(i) To facilitate the creation of a wildlife or pedestrian corridor or the implementation of a wildlife habitat protection plan; or

(ii) To allow a transaction in which at least one party is a public park or open space provider, or a not-for-profit land conservation organization, that has cumulative ownership of at least 2,000 acres of open space or park property.

(11) The governing body of a county or its designee may approve a division of land smaller than the minimum lot or parcel size described in ORS 215.780 (1) and (2) in an exclusive farm use zone provided:

(a) The division is for the purpose of establishing a church, including cemeteries in conjunction with the church;

(b) The church has been approved under ORS 215.213 (1) or 215.283 (1);

(c) The newly created lot or parcel is not larger than five acres; and

(d) The remaining lot or parcel, not including the church, meets the minimum lot or parcel size described in ORS 215.780 (1) and (2) either by itself or after it is consolidated with another lot or parcel.

(12) Notwithstanding the minimum lot or parcel size described in ORS 215.780 (1) or (2), the governing body of a county or its designee may approve a proposed division of land in an exclusive farm use zone for the nonfarm uses set out in ORS 215.213 (1)(v) or 215.283 (1)(s) if it finds that the parcel for the nonfarm use is not larger than the minimum size necessary for the use. The governing body may establish other criteria as it considers necessary.

[(12)] (13) The governing body of a county may not approve a division of land for nonfarm use under subsection (3), (4), (5), (9), (10), [or] (11) or (12) of this section unless any additional tax imposed for the change in use has been paid.

[(13)] (14) Parcels used or to be used for training or stabling facilities may not be considered appropriate to maintain the existing commercial agricultural enterprise in an area where other types of agriculture occur.

SECTION 2. This 2011 Act being necessary for the immediate preservation of the public peace, health and safety, an emergency is declared to exist, and this 2011 Act takes effect on its passage.

CHAPTER

AN ACT

Relating to irrigation property; amending ORS 215.213 and 215.283.

Be It Enacted by the People of the State of Oregon:

SECTION 1. ORS 215.213 is amended to read:

215.213. (1) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), the following uses may be established in any area zoned for exclusive farm use:

(a) Churches and cemeteries in conjunction with churches.

(b) The propagation or harvesting of a forest product.

(c) Utility facilities necessary for public service, including wetland waste treatment systems but not including commercial facilities for the purpose of generating electrical power for public use by sale or transmission towers over 200 feet in height. A utility facility necessary for public service may be established as provided in ORS 215.275.

(d) A dwelling on real property used for farm use if the dwelling is occupied by a relative of the farm operator or the farm operator's spouse, which means a child, parent, stepparent, grandchild, grandparent, stepgrandparent, sibling, stepsibling, niece, nephew or first cousin of either, if the farm operator does or will require the assistance of the relative in the management of the farm use and the dwelling is located on the same lot or parcel as the dwelling of the farm operator. Notwithstanding ORS 92.010 to 92.192 or the minimum lot or parcel size requirements under ORS 215.780, if the owner of a dwelling described in this paragraph obtains construction financing or other financing secured by the dwelling and the secured party forecloses on the dwelling, the secured party may also foreclose on the homesite, as defined in ORS 308A.250, and the foreclosure shall operate as a partition of the homesite to create a new parcel.

(e) Nonresidential buildings customarily provided in conjunction with farm use.

(f) Primary or accessory dwellings customarily provided in conjunction with farm use. For a primary dwelling, the dwelling must be on a lot or parcel that is managed as part of a farm operation and is not smaller than the minimum lot size in a farm zone with a minimum lot size acknowledged under ORS 197.251.

(g) Operations for the exploration for and production of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005, including the placement and operation of compressors, separators and other customary production equipment for an individual well adjacent to the wellhead. Any activities or construction relating to such operations shall not be a basis for an exception under ORS 197.732 (2)(a) or (b).

(h) Operations for the exploration for minerals as defined by ORS 517.750. Any activities or construction relating to such operations shall not be a basis for an exception under ORS 197.732 (2)(a) or (b).

(i) One manufactured dwelling or recreational vehicle, or the temporary residential use of an existing building, in conjunction with an existing dwelling as a temporary use for the term of a hardship suffered by the existing resident or a relative of the resident. Within three months of the end of the hardship, the manufactured dwelling or recreational vehicle shall be removed or demolished or, in the case of an existing building, the building shall be removed, demolished or returned to an allowed nonresidential use. The governing body or its designee shall provide for periodic review of the hardship claimed under this paragraph. A temporary residence approved under this paragraph is not eligible for replacement under paragraph (q) of this subsection.

(j) Climbing and passing lanes within the right of way existing as of July 1, 1987.

(k) Reconstruction or modification of public roads and highways, including the placement of utility facilities overhead and in the subsurface of public roads and highways along the public right of way, but not including the addition of travel lanes, where no removal or displacement of buildings would occur, or no new land parcels result.

(L) Temporary public road and highway detours that will be abandoned and restored to original condition or use at such time as no longer needed.

(m) Minor betterment of existing public road and highway related facilities, such as maintenance yards, weigh stations and rest areas, within right of way existing as of July 1, 1987, and contiguous public-owned property utilized to support the operation and maintenance of public roads and highways.

(n) A replacement dwelling to be used in conjunction with farm use if the existing dwelling has been listed in a county inventory as historic property as defined in ORS 358.480.

(o) Creation, restoration or enhancement of wetlands.

(p) A winery, as described in ORS 215.452.

(q) Alteration, restoration or replacement of a lawfully established dwelling that:

(A) Has intact exterior walls and roof structure;

(B) Has indoor plumbing consisting of a kitchen sink, toilet and bathing facilities connected to a sanitary waste disposal system;

(C) Has interior wiring for interior lights;

(D) Has a heating system; and

(E) In the case of replacement:

(i) Is removed, demolished or converted to an allowable nonresidential use within three months of the completion of the replacement dwelling. A replacement dwelling may be sited on any part of the same lot or parcel. A dwelling established under this paragraph shall comply with all applicable siting standards. However, the standards shall not be applied in a manner that prohibits the siting of the dwelling. If the dwelling to be replaced is located on a portion of the lot or parcel not zoned for exclusive farm use, the applicant, as a condition of approval, shall execute and record in the deed records for the county where the property is located a deed restriction prohibiting the siting of a dwelling on that portion of the lot or parcel. The restriction imposed shall be irrevocable unless a statement of release is placed in the deed records for the county. The release shall be signed by the county or its designee and state that the provisions of this paragraph regarding replacement dwellings have changed to allow the siting of another dwelling. The county planning director or the director's designee shall maintain a record of the lots and parcels that do not qualify for the siting of a new dwelling under the provisions of this paragraph, including a copy of the deed restrictions and release statements filed under this paragraph; and

(ii) For which the applicant has requested a deferred replacement permit, is removed or demolished within three months after the deferred replacement permit is issued. A deferred replacement permit allows construction of the replacement dwelling at any time. If, however, the established dwelling is not removed or demolished within three months after the deferred replacement permit is issued, the permit becomes void. The replacement dwelling must comply with applicable building codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to siting at the time of construction. A deferred replacement permit may not be transferred, by sale or otherwise, except by the applicant to the spouse or a child of the applicant.

(r) Farm stands if:

(A) The structures are designed and used for the sale of farm crops or livestock grown on the farm operation, or grown on the farm operation and other farm operations in the local agricultural area, including the sale of retail incidental items and fee-based activity to promote the sale of farm crops or livestock sold at the farm stand if the annual sale of incidental items and fees from promotional activity do not make up more than 25 percent of the total annual sales of the farm stand; and

(B) The farm stand does not include structures designed for occupancy as a residence or for activity other than the sale of farm crops or livestock and does not include structures for banquets, public gatherings or public entertainment.

(s) An armed forces reserve center, if the center is within one-half mile of a community college. For purposes of this paragraph, "armed forces reserve center" includes an armory or National Guard support facility.

(t) A site for the takeoff and landing of model aircraft, including such buildings or facilities as may reasonably be necessary. Buildings or facilities shall not be more than 500 square feet in floor area or placed on a permanent foundation unless the building or facility preexisted the use approved under this paragraph. The site shall not include an aggregate surface or hard surface area unless the surface preexisted the use approved under this paragraph. An owner of property used for the purpose authorized in this paragraph may charge a person operating the use on the property rent for the property. An operator may charge users of the property a fee that does not exceed the operator's cost to maintain the property, buildings and facilities. As used in this paragraph, "model aircraft" means a small-scale version of an airplane, glider, helicopter, dirigible or balloon that is used or intended to be used for flight and is controlled by radio, lines or design by a person on the ground.

(u) A facility for the processing of farm crops, or the production of biofuel as defined in ORS 315.141, that is located on a farm operation that provides at least one-quarter of the farm crops processed at the facility. The building established for the processing facility shall not exceed 10,000 square feet of floor area exclusive of the floor area designated for preparation, storage or other farm use or devote more than 10,000 square feet to the processing activities within another building supporting farm uses. A processing facility shall comply with all applicable siting standards but the standards shall not be applied in a manner that prohibits the siting of the processing facility.

(v) Fire service facilities providing rural fire protection services.

[(w) Irrigation canals, delivery lines and those structures and accessory operational facilities associated with a district as defined in ORS 540.505.]

(w) Irrigation reservoirs, canals, delivery lines and those structures and accessory operational facilities, not including parks or other recreational structures and facilities, associated with a district as defined in ORS 540.505.

(x) Utility facility service lines. Utility facility service lines are utility lines and accessory facilities or structures that end at the point where the utility service is received by the customer and that are located on one or more of the following:

(A) A public right of way;

(B) Land immediately adjacent to a public right of way, provided the written consent of all adjacent property owners has been obtained; or

(C) The property to be served by the utility.

(y) Subject to the issuance of a license, permit or other approval by the Department of Environmental Quality under ORS 454.695, 459.205, 468B.050, 468B.053 or 468B.055, or in compliance with rules adopted under ORS 468B.095, and as provided in ORS 215.246 to 215.251, the land application of reclaimed water, agricultural or industrial process water or biosolids for agricultural, horticultural or silvicultural production, or for irrigation in connection with a use allowed in an exclusive farm use zone under this chapter.

(2) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), the following uses may be established in any area zoned for exclusive farm use subject to ORS 215.296:

(a) A primary dwelling in conjunction with farm use or the propagation or harvesting of a forest product on a lot or parcel that is managed as part of a farm operation or woodlot if the farm operation or woodlot:

(A) Consists of 20 or more acres; and

(B) Is not smaller than the average farm or woodlot in the county producing at least \$2,500 in annual gross income from the crops, livestock or forest products to be raised on the farm operation or woodlot.

(b) A primary dwelling in conjunction with farm use or the propagation or harvesting of a forest product on a lot or parcel that is managed as part of a farm operation or woodlot smaller than required under paragraph (a) of this subsection, if the lot or parcel:

(A) Has produced at least \$20,000 in annual gross farm income in two consecutive calendar years out of the three calendar years before the year in which the application for the dwelling was made or is planted in perennials capable of producing upon harvest an average of at least \$20,000 in annual gross farm income; or

(B) Is a woodlot capable of producing an average over the growth cycle of \$20,000 in gross annual income.

(c) Commercial activities that are in conjunction with farm use, including the processing of farm crops into biofuel not permitted under ORS 215.203 (2)(b)(L) or subsection (1)(u) of this section.

(d) Operations conducted for:

(A) Mining and processing of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005, not otherwise permitted under subsection (1)(g) of this section;

(B) Mining, crushing or stockpiling of aggregate and other mineral and other subsurface resources subject to ORS 215.298;

(C) Processing, as defined by ORS 517.750, of aggregate into asphalt or portland cement; and

(D) Processing of other mineral resources and other subsurface resources.

(e) Community centers owned by a governmental agency or a nonprofit community organization and operated primarily by and for residents of the local rural community, hunting and fishing preserves, public and private parks, playgrounds and campgrounds. Subject to the approval of the county governing body or its designee, a private campground may provide yurts for overnight camping. No more than one-third or a maximum of 10 campsites, whichever is smaller, may include a yurt. The yurt shall be located on the ground or on a wood floor with no permanent foundation. Upon request of a county governing body, the Land Conservation and Development Commission may provide by rule for an increase in the number of yurts allowed on all or a portion of the campgrounds in a county if the commission determines that the increase will comply with the standards described in ORS 215.296 (1). A public park or campground may be established as provided under ORS 195.120. As used in this paragraph, "yurt" means a round, domed shelter of cloth or canvas on a collapsible frame with no plumbing, sewage disposal hookup or internal cooking appliance.

(f) Golf courses on land determined not to be high-value farmland as defined in ORS 195.300.

(g) Commercial utility facilities for the purpose of generating power for public use by sale.

(h) Personal-use airports for airplanes and helicopter pads, including associated hangar, maintenance and service facilities. A personal-use airport as used in this section means an airstrip restricted, except for aircraft emergencies, to use by the owner, and, on an infrequent and occasional basis, by invited guests, and by commercial aviation activities in connection with agricultural operations. No aircraft may be based on a personal-use airport other than those owned or controlled by the owner of the airstrip. Exceptions to the activities permitted under this definition may be granted through waiver action by the Oregon Department of Aviation in specific instances. A personal-use airport lawfully existing as of September 13, 1975, shall continue to be permitted subject to any applicable rules of the Oregon Department of Aviation.

(i) A facility for the primary processing of forest products, provided that such facility is found to not seriously interfere with accepted farming practices and is compatible with farm uses described in ORS 215.203 (2). Such a facility may be approved for a one-year period which is renewable. These facilities are intended to be only portable or temporary in nature. The primary processing of a forest product, as used in this section, means the use of a portable chipper or stud mill or other similar methods of initial treatment of a forest product in order to enable its shipment to market. Forest products, as used in this section, means timber grown upon a parcel of land or contiguous land where the primary processing facility is located.

(j) A site for the disposal of solid waste approved by the governing body of a city or county or both and for which a permit has been granted under ORS 459.245 by the Department of Environmental Quality together with equipment, facilities or buildings necessary for its operation.

(k) Dog kennels.

(L) Residential homes as defined in ORS 197.660, in existing dwellings.

(m) The propagation, cultivation, maintenance and harvesting of aquatic species that are not under the jurisdiction of the State Fish and Wildlife Commission or insect species. Insect species shall not include any species under quarantine by the State Department of Agriculture or the United States Department of Agriculture. The county shall provide notice of all applications under this paragraph to the State Department of Agriculture. Notice shall be provided in accordance with the county's land use regulations but shall be mailed at least 20 calendar days prior to any administrative decision or initial public hearing on the application.

(n) Home occupations as provided in ORS 215.448.

(o) Transmission towers over 200 feet in height.

(p) Construction of additional passing and travel lanes requiring the acquisition of right of way but not resulting in the creation of new land parcels.

(q) Reconstruction or modification of public roads and highways involving the removal or displacement of buildings but not resulting in the creation of new land parcels.

(r) Improvement of public road and highway related facilities such as maintenance yards, weigh stations and rest areas, where additional property or right of way is required but not resulting in the creation of new land parcels.

(s) A destination resort that is approved consistent with the requirements of any statewide planning goal relating to the siting of a destination resort.

(t) Room and board arrangements for a maximum of five unrelated persons in existing residences.

(u) A living history museum related to resource based activities owned and operated by a governmental agency or a local historical society, together with limited commercial activities and facilities that are directly related to the use and enjoyment of the museum and located within authentic buildings of the depicted historic period or the museum administration building, if areas other than an exclusive farm use zone cannot accommodate the museum and related activities or if the museum administration buildings and parking lot are located within one quarter mile of the metropolitan urban growth boundary. As used in this paragraph:

(A) "Living history museum" means a facility designed to depict and interpret everyday life and culture of some specific historic period using authentic buildings, tools, equipment and people to simulate past activities and events; and

(B) "Local historical society" means the local historical society, recognized as such by the county governing body and organized under ORS chapter 65.

(v) Operations for the extraction and bottling of water.

(w) An aerial fireworks display business that has been in continuous operation at its current location within an exclusive farm use zone since December 31, 1986, and possesses a wholesaler's permit to sell or provide fireworks.

(x) A landscape contracting business, as defined in ORS 671.520, or a business providing landscape architecture services, as described in ORS 671.318, if the business is pursued in conjunction with the growing and marketing of nursery stock on the land that constitutes farm use.

(y) Public or private schools for kindergarten through grade 12, including all buildings essential to the operation of a school, primarily for residents of the rural area in which the school is located.

(3) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), a single-family residential dwelling not provided in conjunction with farm use may be established on a lot or parcel with soils predominantly in capability classes IV through VIII as determined by the Agricultural Capability Classification System in use by the United States Department of Agriculture Soil Conservation Service on October 15, 1983. A proposed dwelling is subject to approval of the governing body or its designee in any area zoned for exclusive farm use upon written findings showing all of the following:

(a) The dwelling or activities associated with the dwelling will not force a significant change in or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use.

(b) The dwelling is situated upon generally unsuitable land for the production of farm crops and livestock, considering the terrain, adverse soil or land conditions, drainage and flooding, location and size of the tract. A lot or parcel shall not be considered unsuitable solely because of its size or location if it can reasonably be put to farm use in conjunction with other land.

(c) Complies with such other conditions as the governing body or its designee considers necessary.

(4) In counties that have adopted marginal lands provisions under ORS 197.247 (1991 Edition), one single-family dwelling, not provided in conjunction with farm use, may be established in any area zoned for exclusive farm use on a lot or parcel described in subsection (7) of this section that is not larger than three acres upon written findings showing:

(a) The dwelling or activities associated with the dwelling will not force a significant change in or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use;

(b) If the lot or parcel is located within the Willamette River Greenway, a floodplain or a geological hazard area, the dwelling complies with conditions imposed by local ordinances relating specifically to the Willamette River Greenway, floodplains or geological hazard areas, whichever is applicable; and

(c) The dwelling complies with other conditions considered necessary by the governing body or its designee.

(5) Upon receipt of an application for a permit under subsection (4) of this section, the governing body shall notify:

(a) Owners of land that is within 250 feet of the lot or parcel on which the dwelling will be established; and

(b) Persons who have requested notice of such applications and who have paid a reasonable fee imposed by the county to cover the cost of such notice.

(6) The notice required in subsection (5) of this section shall specify that persons have 15 days following the date of postmark of the notice to file a written objection on the grounds only that the dwelling or activities associated with it would force a significant change in or significantly increase the cost of accepted farming practices on nearby lands devoted to farm use. If no objection is received, the governing body or its designee shall approve or disapprove the application. If an objection is received, the governing body shall set the matter for hearing in the manner prescribed in ORS 215.402 to 215.438. The governing body may charge the reasonable costs of the notice required by subsection (5)(a) of this section to the applicant for the permit requested under subsection (4) of this section.

(7) Subsection (4) of this section applies to a lot or parcel lawfully created between January 1, 1948, and July 1, 1983. For the purposes of this section:

(a) Only one lot or parcel exists if:

(A) A lot or parcel described in this section is contiguous to one or more lots or parcels described in this section; and

(B) On July 1, 1983, greater than possessory interests are held in those contiguous lots, parcels or lots and parcels by the same person, spouses or a single partnership or business entity, separately or in tenancy in common.

(b) "Contiguous" means lots, parcels or lots and parcels that have a common boundary, including but not limited to, lots, parcels or lots and parcels separated only by a public road.

(8) A person who sells or otherwise transfers real property in an exclusive farm use zone may retain a life estate in a dwelling on that property and in a tract of land under and around the dwelling.

(9) No final approval of a nonfarm use under this section shall be given unless any additional taxes imposed upon the change in use have been paid.

(10) Roads, highways and other transportation facilities and improvements not allowed under subsections (1) and (2) of this section may be established, subject to the approval of the governing body or its designee, in areas zoned for exclusive farm use subject to:

(a) Adoption of an exception to the goal related to agricultural lands and to any other applicable goal with which the facility or improvement does not comply; or

(b) ORS 215.296 for those uses identified by rule of the Land Conservation and Development Commission as provided in section 3, chapter 529, Oregon Laws 1993.

SECTION 2. ORS 215.283 is amended to read:

215.283. (1) The following uses may be established in any area zoned for exclusive farm use:

(a) Churches and cemeteries in conjunction with churches.

(b) The propagation or harvesting of a forest product.

(c) Utility facilities necessary for public service, including wetland waste treatment systems but not including commercial facilities for the purpose of generating electrical power for public use by sale or transmission towers over 200 feet in height. A utility facility necessary for public service may be established as provided in ORS 215.275.

(d) A dwelling on real property used for farm use if the dwelling is occupied by a relative of the farm operator or the farm operator's spouse, which means a child, parent, stepparent, grandchild, grandparent, stepgrandparent, sibling, stepsibling, niece, nephew or first cousin of either, if the farm operator does or will require the assistance of the relative in the management of the farm use and the dwelling is located on the same lot or parcel as the dwelling of the farm operator. Notwithstanding ORS 92.010 to 92.192 or the minimum lot or parcel size requirements under ORS 215.780, if the owner of a dwelling described in this paragraph obtains construction financing or other financing secured by the dwelling and the secured party forecloses on the dwelling, the secured party may also foreclose on the homesite, as defined in ORS 308A.250, and the foreclosure shall operate as a partition of the homesite to create a new parcel.

(e) Primary or accessory dwellings and other buildings customarily provided in conjunction with farm use.

(f) Operations for the exploration for and production of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005, including the placement and operation of compressors, separators and other customary production equipment for an individual well adjacent to the wellhead. Any activities or construction relating to such operations shall not be a basis for an exception under ORS 197.732 (2)(a) or (b).

(g) Operations for the exploration for minerals as defined by ORS 517.750. Any activities or construction relating to such operations shall not be a basis for an exception under ORS 197.732 (2)(a) or (b).

(h) Climbing and passing lanes within the right of way existing as of July 1, 1987.

(i) Reconstruction or modification of public roads and highways, including the placement of utility facilities overhead and in the subsurface of public roads and highways along the public right of way, but not including the addition of travel lanes, where no removal or displacement of buildings would occur, or no new land parcels result.

(j) Temporary public road and highway detours that will be abandoned and restored to original condition or use at such time as no longer needed.

(k) Minor betterment of existing public road and highway related facilities such as maintenance yards, weigh stations and rest areas, within right of way existing as of July 1, 1987, and contiguous

public-owned property utilized to support the operation and maintenance of public roads and high-ways.

(L) A replacement dwelling to be used in conjunction with farm use if the existing dwelling has been listed in a county inventory as historic property as defined in ORS 358.480.

(m) Creation, restoration or enhancement of wetlands.

(n) A winery, as described in ORS 215.452.

(o) Farm stands if:

(A) The structures are designed and used for the sale of farm crops or livestock grown on the farm operation, or grown on the farm operation and other farm operations in the local agricultural area, including the sale of retail incidental items and fee-based activity to promote the sale of farm crops or livestock sold at the farm stand if the annual sale of incidental items and fees from promotional activity do not make up more than 25 percent of the total annual sales of the farm stand; and

(B) The farm stand does not include structures designed for occupancy as a residence or for activity other than the sale of farm crops or livestock and does not include structures for banquets, public gatherings or public entertainment.

(p) Alteration, restoration or replacement of a lawfully established dwelling that:

(A) Has intact exterior walls and roof structure;

(B) Has indoor plumbing consisting of a kitchen sink, toilet and bathing facilities connected to a sanitary waste disposal system;

(C) Has interior wiring for interior lights;

(D) Has a heating system; and

(E) In the case of replacement:

(i) Is removed, demolished or converted to an allowable nonresidential use within three months of the completion of the replacement dwelling. A replacement dwelling may be sited on any part of the same lot or parcel. A dwelling established under this paragraph shall comply with all applicable siting standards. However, the standards shall not be applied in a manner that prohibits the siting of the dwelling. If the dwelling to be replaced is located on a portion of the lot or parcel not zoned for exclusive farm use, the applicant, as a condition of approval, shall execute and record in the deed records for the county where the property is located a deed restriction prohibiting the siting of a dwelling on that portion of the lot or parcel. The restriction imposed shall be irrevocable unless a statement of release is placed in the deed records for the county. The release shall be signed by the county or its designee and state that the provisions of this paragraph regarding replacement dwellings have changed to allow the siting of another dwelling. The county planning director or the director's designee shall maintain a record of the lots and parcels that do not qualify for the siting of a new dwelling under the provisions of this paragraph, including a copy of the deed restrictions and release statements filed under this paragraph; and

(ii) For which the applicant has requested a deferred replacement permit, is removed or demolished within three months after the deferred replacement permit is issued. A deferred replacement permit allows construction of the replacement dwelling at any time. If, however, the established dwelling is not removed or demolished within three months after the deferred replacement permit is issued, the permit becomes void. The replacement dwelling must comply with applicable building codes, plumbing codes, sanitation codes and other requirements relating to health and safety or to siting at the time of construction. A deferred replacement permit may not be transferred, by sale or otherwise, except by the applicant to the spouse or a child of the applicant.

(q) A site for the takeoff and landing of model aircraft, including such buildings or facilities as may reasonably be necessary. Buildings or facilities shall not be more than 500 square feet in floor area or placed on a permanent foundation unless the building or facility preexisted the use approved under this paragraph. The site shall not include an aggregate surface or hard surface area unless the surface preexisted the use approved under this paragraph. An owner of property used for the purpose authorized in this paragraph may charge a person operating the use on the property rent for the property. An operator may charge users of the property a fee that does not exceed the

operator's cost to maintain the property, buildings and facilities. As used in this paragraph, "model aircraft" means a small-scale version of an airplane, glider, helicopter, dirigible or balloon that is used or intended to be used for flight and is controlled by radio, lines or design by a person on the ground.

(r) A facility for the processing of farm crops, or the production of biofuel as defined in ORS 315.141, that is located on a farm operation that provides at least one-quarter of the farm crops processed at the facility. The building established for the processing facility shall not exceed 10,000 square feet of floor area exclusive of the floor area designated for preparation, storage or other farm use or devote more than 10,000 square feet to the processing activities within another building supporting farm uses. A processing facility shall comply with all applicable siting standards but the standards shall not be applied in a manner that prohibits the siting of the processing facility.

(s) Fire service facilities providing rural fire protection services.

[(t) Irrigation canals, delivery lines and those structures and accessory operational facilities associated with a district as defined in ORS 540.505.]

(t) Irrigation reservoirs, canals, delivery lines and those structures and accessory operational facilities, not including parks or other recreational structures and facilities, associated with a district as defined in ORS 540.505.

(u) Utility facility service lines. Utility facility service lines are utility lines and accessory facilities or structures that end at the point where the utility service is received by the customer and that are located on one or more of the following:

(A) A public right of way;

(B) Land immediately adjacent to a public right of way, provided the written consent of all adjacent property owners has been obtained; or

(C) The property to be served by the utility.

(v) Subject to the issuance of a license, permit or other approval by the Department of Environmental Quality under ORS 454.695, 459.205, 468B.050, 468B.053 or 468B.055, or in compliance with rules adopted under ORS 468B.095, and as provided in ORS 215.246 to 215.251, the land application of reclaimed water, agricultural or industrial process water or biosolids for agricultural, horticultural or silvicultural production, or for irrigation in connection with a use allowed in an exclusive farm use zone under this chapter.

(w) A county law enforcement facility that lawfully existed on August 20, 2002, and is used to provide rural law enforcement services primarily in rural areas, including parole and post-prison supervision, but not including a correctional facility as defined under ORS 162.135.

(2) The following nonfarm uses may be established, subject to the approval of the governing body or its designee in any area zoned for exclusive farm use subject to ORS 215.296:

(a) Commercial activities that are in conjunction with farm use, including the processing of farm crops into biofuel not permitted under ORS 215.203 (2)(b)(L) or subsection (1)(r) of this section.

(b) Operations conducted for:

(A) Mining and processing of geothermal resources as defined by ORS 522.005 and oil and gas as defined by ORS 520.005 not otherwise permitted under subsection (1)(f) of this section;

(B) Mining, crushing or stockpiling of aggregate and other mineral and other subsurface resources subject to ORS 215.298;

(C) Processing, as defined by ORS 517.750, of aggregate into asphalt or portland cement; and

(D) Processing of other mineral resources and other subsurface resources.

(c) Private parks, playgrounds, hunting and fishing preserves and campgrounds. Subject to the approval of the county governing body or its designee, a private campground may provide yurts for overnight camping. No more than one-third or a maximum of 10 campsites, whichever is smaller, may include a yurt. The yurt shall be located on the ground or on a wood floor with no permanent foundation. Upon request of a county governing body, the Land Conservation and Development Commission may provide by rule for an increase in the number of yurts allowed on all or a portion of the campgrounds in a county if the commission determines that the increase will comply with the standards described in ORS 215.296 (1). As used in this paragraph, "yurt" means a round, domed

shelter of cloth or canvas on a collapsible frame with no plumbing, sewage disposal hookup or internal cooking appliance.

(d) Parks and playgrounds. A public park may be established consistent with the provisions of ORS 195.120.

(e) Community centers owned by a governmental agency or a nonprofit community organization and operated primarily by and for residents of the local rural community. A community center authorized under this paragraph may provide services to veterans, including but not limited to emergency and transitional shelter, preparation and service of meals, vocational and educational counseling and referral to local, state or federal agencies providing medical, mental health, disability income replacement and substance abuse services, only in a facility that is in existence on January 1, 2006. The services may not include direct delivery of medical, mental health, disability income replacement or substance abuse services.

(f) Golf courses on land determined not to be high-value farmland, as defined in ORS 195.300.

(g) Commercial utility facilities for the purpose of generating power for public use by sale.

(h) Personal-use airports for airplanes and helicopter pads, including associated hangar, maintenance and service facilities. A personal-use airport, as used in this section, means an airstrip restricted, except for aircraft emergencies, to use by the owner, and, on an infrequent and occasional basis, by invited guests, and by commercial aviation activities in connection with agricultural operations. No aircraft may be based on a personal-use airport other than those owned or controlled by the owner of the airstrip. Exceptions to the activities permitted under this definition may be granted through waiver action by the Oregon Department of Aviation in specific instances. A personal-use airport lawfully existing as of September 13, 1975, shall continue to be permitted subject to any applicable rules of the Oregon Department of Aviation.

(i) Home occupations as provided in ORS 215.448.

(j) A facility for the primary processing of forest products, provided that such facility is found to not seriously interfere with accepted farming practices and is compatible with farm uses described in ORS 215.203 (2). Such a facility may be approved for a one-year period which is renewable. These facilities are intended to be only portable or temporary in nature. The primary processing of a forest product, as used in this section, means the use of a portable chipper or stud mill or other similar methods of initial treatment of a forest product in order to enable its shipment to market. Forest products, as used in this section, means timber grown upon a parcel of land or contiguous land where the primary processing facility is located.

(k) A site for the disposal of solid waste approved by the governing body of a city or county or both and for which a permit has been granted under ORS 459.245 by the Department of Environmental Quality together with equipment, facilities or buildings necessary for its operation.

(L) One manufactured dwelling or recreational vehicle, or the temporary residential use of an existing building, in conjunction with an existing dwelling as a temporary use for the term of a hardship suffered by the existing resident or a relative of the resident. Within three months of the end of the hardship, the manufactured dwelling or recreational vehicle shall be removed or demolished or, in the case of an existing building, the building shall be removed, demolished or returned to an allowed nonresidential use. The governing body or its designee shall provide for periodic review of the hardship claimed under this paragraph. A temporary residence approved under this paragraph is not eligible for replacement under subsection (1)(p) of this section.

(m) Transmission towers over 200 feet in height.

(n) Dog kennels.

(o) Residential homes as defined in ORS 197.660, in existing dwellings.

(p) The propagation, cultivation, maintenance and harvesting of aquatic species that are not under the jurisdiction of the State Fish and Wildlife Commission or insect species. Insect species shall not include any species under quarantine by the State Department of Agriculture or the United States Department of Agriculture. The county shall provide notice of all applications under this paragraph to the State Department of Agriculture. Notice shall be provided in accordance with the

county's land use regulations but shall be mailed at least 20 calendar days prior to any administrative decision or initial public hearing on the application.

(q) Construction of additional passing and travel lanes requiring the acquisition of right of way but not resulting in the creation of new land parcels.

(r) Reconstruction or modification of public roads and highways involving the removal or displacement of buildings but not resulting in the creation of new land parcels.

(s) Improvement of public road and highway related facilities, such as maintenance yards, weigh stations and rest areas, where additional property or right of way is required but not resulting in the creation of new land parcels.

(t) A destination resort that is approved consistent with the requirements of any statewide planning goal relating to the siting of a destination resort.

(u) Room and board arrangements for a maximum of five unrelated persons in existing residences.

(v) Operations for the extraction and bottling of water.

(w) Expansion of existing county fairgrounds and activities directly relating to county fairgrounds governed by county fair boards established pursuant to ORS 565.210.

(x) A living history museum related to resource based activities owned and operated by a governmental agency or a local historical society, together with limited commercial activities and facilities that are directly related to the use and enjoyment of the museum and located within authentic buildings of the depicted historic period or the museum administration building, if areas other than an exclusive farm use zone cannot accommodate the museum and related activities or if the museum administration buildings and parking lot are located within one quarter mile of an urban growth boundary. As used in this paragraph:

(A) "Living history museum" means a facility designed to depict and interpret everyday life and culture of some specific historic period using authentic buildings, tools, equipment and people to simulate past activities and events; and

(B) "Local historical society" means the local historical society recognized by the county governing body and organized under ORS chapter 65.

(y) An aerial fireworks display business that has been in continuous operation at its current location within an exclusive farm use zone since December 31, 1986, and possesses a wholesaler's permit to sell or provide fireworks.

(z) A landscape contracting business, as defined in ORS 671.520, or a business providing landscape architecture services, as described in ORS 671.318, if the business is pursued in conjunction with the growing and marketing of nursery stock on the land that constitutes farm use.

(aa) Public or private schools for kindergarten through grade 12, including all buildings essential to the operation of a school, primarily for residents of the rural area in which the school is located.

(3) Roads, highways and other transportation facilities and improvements not allowed under subsections (1) and (2) of this section may be established, subject to the approval of the governing body or its designee, in areas zoned for exclusive farm use subject to:

(a) Adoption of an exception to the goal related to agricultural lands and to any other applicable goal with which the facility or improvement does not comply; or

(b) ORS 215.296 for those uses identified by rule of the Land Conservation and Development Commission as provided in section 3, chapter 529, Oregon Laws 1993.

EAST OF SANDY RIVER RURAL AREA PLAN

OTHER ISSUES

Farm Stands

Farm Stands which sell locally produced goods can be placed in all zoning districts in the East of Sandy River Rural Area except the Commercial Forest Use zoning district. However, the rules regarding farm stands in each of these zones varies.

In Exclusive Farm Use areas, farm can include farm crops and livestock grown on farms in the local agricultural area, and up to 25% of the total sales of the farm stand can be "retail incidental items." State law requires Multnomah County to adopt this standard for Exclusive Farm Use areas.

In Multiple Use Agriculture areas, farm stands can only sell farm or forest products grown in the immediate vicinity, and the Planning Director must make a finding that the location and design of the farm stand is compatible with the character of the area.

In Rural Residential and Rural Center areas, farm stands can only sell farm or forest products grown on the premises, and the Planning Director must make a finding that location and design of the farm stand is compatible with the character of the area.

While small farm stands are appropriate on virtually any parcel within the East of Sandy River rural area, larger farm stands which sell a wide variety of produce and "retail incidental items" are appropriate only in the vicinity of the heavily traveled Historic Columbia River Highway, since placing them elsewhere could result in increases in traffic on local roads not suited for such traffic. Also, Multnomah County should have uniform standards for such farm stands consistent in all zoning districts east of the Sandy River and outside of the Columbia Gorge National Scenic Area.

Farm Stands Policies

- 16. Allow farm stands which sell products grown on the premises in all the Exclusive Farm Use, Multiple Use Agriculture, Rural Residential, and Rural Center zoning districts with findings that, 1) the farm stand does not include structures designed for occupancy as a residence or for activities other than the sale of farm crops and livestock, and 2) the location and design are compatible with the character of the area.**

STRATEGY: Multnomah County shall implement this policy through amendments to the Multnomah County Zoning Ordinance Exclusive Farm Use, Multiple Use Agriculture, Rural Residential, and Rural Center zoning districts.

- 17. Allow farm stands which sell a wider variety of farm products and retail incidental items in all Exclusive Farm Use zoned areas, and also on all parcels with frontage on, or with road frontage a maximum of 500 feet from the Historic Columbia River Highway, with findings as mandated by Oregon Administrative Rules with findings that the products have been grown in the local agricultural area, the retail incidental items constitute no more than 25% of the total farm stand sales, and the farm stand does not include structures designed for occupancy as a residence or for banquets, public gatherings, or public entertainment. Require review by the Oregon Department of Transportation (ODOT) for any proposed access onto and impacts upon the Historic Columbia River Highway**

STRATEGY: Multnomah County shall implement this policy through amendments to the Multnomah County Zoning Ordinance Exclusive Farm Use, Multiple Use Agriculture, Rural Residential, and Rural Center zoning districts. These amendments shall require ODOT review of

access to and impacts upon the Historic Columbia River Highway, and shall also require adequate off-street parking

BEFORE THE PLANNING COMMISSION
FOR MULTNOMAH COUNTY, OREGON**RESOLUTION NO. PC 2012-2394 and PC 2012-2395**

Recommend to the Board of Commissioners the adoption of an ordinance amending the Exclusive Farm Use zones to incorporate state statute and rule amendments for MCC Chapters 33 through 36 and update the farm stand provisions in MCC Chapter 35 to be consistent with the East of Sandy River Rural Area Plan policies.

The Planning Commission Finds:

- a. The Planning Commission is authorized by Multnomah County Code Chapter 37.0710 and by ORS 215.110 to recommend to the Board of County Commissioners the adoption of Ordinances to amend County's Comprehensive Plan and land use regulations.
- b. The 2011 Oregon legislative session adopted amendments to the Exclusive Farm Use (EFU) laws. PC 2012-2394 proposes to amend the Exclusive Farm Use zone to implement House Bill 3290, Senate Bill 640 and House Bill 3408. The first amendment will alter the farm income standard for obtaining three types of farm dwellings on high and not-high value farmland. The second amendment will allow a lot size exception for Fire Service Facilities providing rural fire protection services. The final amendment adds irrigation reservoirs for irrigating off-site farmland as an Allowed Use.
- c. PC 2012-2395 seeks to implement Policy 16 and 17 from the East of Sandy River Rural Area Plan. A new farm stand use will be added to the Multiple Use Agriculture -20, Rural Residential and Springdale Rural Center zones to allow for a more intensive farm stand activity with sales of incidental items and fee-based activities along the Historic Columbia River Highway corridor. The new farm stand use is similar to the type of farm stand allowed in the Exclusive Farm Use zone.
- d. No regulations are being proposed that further restrict the use of property and no mailed notices to individual property owners are required ("Ballot Measure 56 notice"). Notice of the Planning Commission hearing was published in the Oregonian newspaper and on the Land Use Planning Program internet pages. The Planning Commission held a public hearing on December 3, 2012 where all interested person were given an opportunity to appear and be heard.

The Planning Commission resolves:

The proposed Ordinance amending MCC Chapter 33 through 36 is hereby recommended for adoption by the Board of County Commissioners.

ADOPTED this 3rd day of December, 2012.

PLANNING COMMISSION
FOR MULTNOMAH COUNTY, OREGON

John Ingle, Chair
