Executive Summary

The Division of Assessment, Recording and Taxation's (DART) GIS/Cartography Program creates and maintains official county maps for property taxation purposes; processes voucher actions; maintains the base map for the County's Geographic Information System (GIS); maintains property information and property tax roll descriptions; designs, develops, and deploys GIS applications, tools, and resources; and provides direct customer service to internal and external business partners and the public.

Program Summary

The GIS/Cartography Program is responsible for maintaining accurate tax maps used to describe taxing district and urban renewal boundaries, process subdivisions, condominiums, and partition plats, and describe annexations and County road filings within GIS and assessment database (Orion). Program staff designs, develops, and deploys GIS applications, tools, and resources for DART team's access to geospatial data representations to increase work efficiency and accuracy. This program also contributes GIS data to the Department of Revenue Oregon Map (ORMAP) program which provides a state-wide property tax parcel base map that is digital, publicly accessible, and continually maintained. Direct customer service is provided to internal and external business partners, including property owners, taxpayers, and the community.

The community's access to the program has generally transitioned to more flexible, technological, customer focused solutions that provide for safe, effective remote contact. However, in order to fully support the diverse community that we serve, we offer all forms of customer service when requested.

Significant Program Changes

Last Year this program was: FY 2022: 72028 DART GIS/Cartography

With the County's COVID-19 response, teleworking has dramatically increased the time necessary to update and maintain the statutorily required tax maps. With the variability with home internet service providers, VPN server connections, and overall regional demand upon critical infrastructures, we have adjusted team and individual priorities and goals to continue to thrive and be successful in the upcoming year.
