Youth Development provides leadership, strategic visioning, and support for library youth and family initiatives, and ensures youth have access to library resources and services. Using an equity lens and supporting the whole family, subject matter experts coordinate and consult with systemwide staff on services and partnerships. Youth Development supports youth ages 0-18 focusing on brain development, multiple literacy skills, school readiness, school support, life skills, teen leadership development, connected learning, and reading for fun.

Program Summary

This program provides oversight to systemwide youth and teen services efforts prioritizing the needs of nondominant youth and families facing marginalization. To remove barriers for youth to access library resources, Library Connect is offered in partnership with school districts across the county to seamlessly connect students with the library. Staff who are trained in early child development, brain development and early reading research, train staff and community partners as well as visit classes taught in multiple languages to help adults learn how to read, talk, sing, play and rhyme with babies, toddlers and preschoolers so that children develop the pre-reading skills they need before they enter kindergarten.

Focusing on the whole family, staff provide at-home learning support through virtual tutoring, literacy programming, family newsletters, and connecting families with community resources. Through strong teen engagement efforts and focusing on the principles of connected learning that combines personal interests, supportive relationships, and opportunities, staff support the leadership development of teens. Staff help create pathways for teen voices to be heard in library decision making and create opportunities for teens to lead library programming and initiatives. Systemwide Youth Services focus on providing services to youth and families, initiatives and advocacy around issues that youth and families face, and a strong commitment to equity, diversity, and inclusion. Leadership for youth services is provided by Youth Services Management and fostered in youth and teen librarians who provide location-specific direction to staff who serve youth.
