

**BEFORE THE BOARD OF COUNTY COMMISSIONERS  
FOR MULTNOMAH COUNTY, OREGON**

**RESOLUTION NO. 2022-064**

Establishing Fees for Building Permits, Electrical Permits, Plumbing Permits, Mechanical Permits, and Other Related Permits pursuant to Chapter 29 of the Multnomah County Code and Repealing Resolution No. 2021-054.

**The Multnomah County Board of Commissioners Finds:**

- a. Chapter 29, Building Regulations, of the Multnomah County Code (MCC) provides that the Board shall establish certain fees by resolution.
- b. Multnomah County has entered into intergovernmental agreements with the cities of Portland, Gresham, and Troutdale to administer and enforce portions of MCC Chapter 29 within unincorporated Multnomah County.
- c. Portland proposes the fees for its administration and enforcement of MCC Chapter 29 within the Portland Permit Services Area which are then set by Multnomah County under the terms of the intergovernmental agreement (IGA).
- d. Pursuant to the Gresham IGA, fees for building services provided by the City of Gresham under the IGA are as set by the City of Gresham and need not be adopted by the County.
- e. The City of Troutdale imposes the fees set by Multnomah County (“County Fees”) for administration and enforcement of MCC Chapter 29.
- f. On June 17, 2021, the Board adopted Resolution No. 2021-054 establishing MCC Chapter 29 fees applying to building permits and other related permits.
- g. None of the County Fees are increasing in this Resolution. Fees within the Portland Urban Services Boundary are increasing in this Resolution by an estimated 5%. The City of Portland has recently approved increased fees effective July 1, 2022, under the Oregon Structural Specialty Code in accordance with OAR 918-020-0220 and ORS 455.210.

**The Multnomah County Board of Commissioners Resolves:**

1. The fees for Chapter 29, Building Regulations, of the Multnomah County Code are set as follows:
  - A. For the areas of unincorporated Multnomah County within the Portland Permit Services Area, pursuant to MCC 29.010 and MCC 39.1245 (Building and Other, Electrical, Enforcement, Mechanical, On-Site Sewage Disposal, Plumbing, Sign & Awning, Site Development), the fees are set out in the

attached Exhibit A.

- B. Pursuant to the Gresham IGA, fees for building services provided by the City of Gresham under the IGA are as set by the City of Gresham and need not be adopted by the County.
- C. For the areas of unincorporated Multnomah County within the Troutdale Permit Services Area, pursuant to MCC 29.010 (Building Code), MCC 29.106 (Electrical Code), and MCC 29.207 (Plumbing Code), the fees are as set out in the attached Exhibits:

Schedule	Fee
Building Code Fees	See Exhibit B attached
Electrical Code Fees	See Exhibit C attached
Plumbing Code Fees	See Exhibit D attached

- 2. On July 1, 2022, Resolution No. 2021-054 is repealed and this Resolution takes effect.

**ADOPTED this 23rd day of June, 2022.**

Total Calculated Permit Valuation:			
<p>Permit Valuation Methodology: The Permit Valuation methodology is mandated by the State of Oregon in OAR 918-050-0100. A structural permit fee for new construction and additions shall be calculated using the ICC Building Valuation Data Table current as of April 1 of each year, using the occupancy and construction type as determined by the building official, multiplied by the square footage of the structure. The square footage of a building, addition, or garage shall be determined from outside exterior wall to outside exterior wall for each level. The valuation used will be the greater of either the above calculated value or the value as stated by the applicant. A structural permit fee for alterations or repair shall be based on the fair market value of the permitted work as determined by the building official and defined below.</p> <p>Fair Market Value: The Fair market Value to be used in computing the permit fee for alterations and repair shall be the total value of all construction work for which the permit is issued, as well as all finish work, painting, roofing, electrical, plumbing, heating, air conditioning, elevators, fire extinguishing systems and other permanent work or equipment, and contractor's profit.</p>
