Notice to Mortgagee, Lien Holder, Vendor, or Seller:

ORS Chapter 215 requires that if you receive this notice it must be promptly forwarded to the purchaser.

Findings of Fact

FINDINGS: Written findings are contained herein. The Multnomah County Code (MCC) criteria and Comprehensive Plan Policies are in **bold** font. Staff analysis and comments are identified as ‘**Staff:**’ and address the applicable criteria. Staff comments may include a conclusionary statement in *italic*.

1.0 Project Description:

Staff: The applicant requests a Lot of Record Verification for the property identified as 1S3E01AA-00500 (subject property). The application does not propose any new development at this time.

Through the Lot of Record Verification process, the County reviews the creation or reconfiguration of each parcel, lot, or unit of land involved in the request. The County then verifies that the creation or reconfiguration of the parcel, lot, or unit of land satisfied all applicable zoning laws and all applicable land division laws in effect on the date of its creation or reconfiguration.

2.0 Property Description & History:

Staff: The subject property is located in unincorporated east/west Multnomah County in the area known as West of Sandy River. The property is zoned Multiple Use Agriculture – 20 (MUA-20) and is located outside of Metro’s Urban Growth Boundary (UGB). The subject property is vacant.

3.0 Public Comment:

Staff: Staff mailed a notice of application and invitation to comment on the proposed application to the required parties per MCC 39.1105 as Exhibited in C.2. Staff received one written comment during the 14-day comment period.

3.1 Comment Received: Neighbor Bill Hunt wanted to know more about the Significant Environmental Concern for Water Resources (SEC-wr) overlay. In addition, he also wanted to know about the exact impacts the subject application would have on adjacent land owners (Exhibit D.1).

Staff: The SEC-wr overlay protects a riparian area that runs along the back property line of the subject property. The overlay is 200 ft wide and covers most of the subject property. The Lot of Record Verification does not approve development. A separate land use application may be made by the property owner in the future to develop it. Development that occurs within the SEC-wr overlay will be required to mitigate for impacts that it creates. Mitigation measures typically require clearing of invasive species such as blackberry and the improvement of the riparian area by planting trees and shrubs.

4.0 Code Compliance and Applications Criteria:

4.1 § 39.1515 CODE COMPLIANCE AND APPLICATIONS.

Except as provided in subsection (A), the County shall not make a land use decision approving development, including land divisions and property line adjustments, or issue a building permit for any property that is not in full compliance with all applicable provisions of the Multnomah County Zoning Code and/or any permit approvals previously issued by the County.

(A) A permit or other approval, including building permit applications, may be authorized if:

- (1) It results in the property coming into full compliance with all applicable provisions of the Multnomah County Zoning Code. This includes sequencing of permits or other approvals as part of a voluntary compliance agreement; or**
- (2) It is necessary to protect public safety; or**
- (3) It is for work related to and within a valid easement over, on or under an affected property.**

(B) For the purposes of this section, Public Safety means the actions authorized by the permit would cause abatement of conditions found to exist on the property that endanger the life, health, personal property, or safety of the residents or public. Examples of that situation include but are not limited to issuance of permits to replace faulty electrical wiring; repair or install furnace equipment; roof repairs; replace or repair compromised utility infrastructure for water, sewer, fuel, or power; and actions necessary to stop earth slope failures.

Staff: As noted in Section 1.0 above, this application is a request for a Lot of Record Verification, which does not require the County to approve development, a land division, a property line adjustment, or a building permit. *Therefore, this standard is not applicable.*

5.0 Lot of Record Criteria:

5.1 MCC 39.3005 - LOT OF RECORD – GENERALLY.

(A) An area of land is a “Lot of Record” if it meets the standards in Subsection (B) of this Section and meets the standards set forth in this Part for the Zoning District in which the area of land is located.

(B) A Lot of Record is a parcel, lot, or a group thereof that, when created or reconfigured, either satisfied all applicable zoning laws and satisfied all applicable land division laws, or complies with the criteria for the creation of new lots or parcels described in MCC 39.9700. Those laws shall include all required zoning and land division review procedures, decisions, and conditions of approval.

(a) “Satisfied all applicable zoning laws” shall mean: the parcel, lot, or group thereof was created and, if applicable, reconfigured in full compliance with all zoning minimum lot size, dimensional standards, and access requirements.

(b) “Satisfied all applicable land division laws” shall mean the parcel or lot was created:

- 1. By a subdivision plat under the applicable subdivision requirements in effect at the time; or**
- 2. By a deed, or a sales contract dated and signed by the parties to the transaction, that was recorded with the Recording Section of the public office responsible for public records prior to October 19, 1978; or**
- 3. By a deed, or a sales contract dated and signed by the parties to the transaction, that was in recordable form prior to October 19, 1978; or**

4. By partitioning land under the applicable land partitioning requirements in effect on or after October 19, 1978; and

5. “Satisfied all applicable land division laws” shall also mean that any subsequent boundary reconfiguration completed on or after December 28, 1993 was approved under the property line adjustment provisions of the land division code. (See Date of Creation and Existence for the effect of property line adjustments on qualifying a Lot of Record for the siting of a dwelling in the EFU and CFU districts.)

(c) Separate Lots of Record shall be recognized and may be partitioned congruent with an “acknowledged unincorporated community” boundary which intersects a Lot of Record.

1. Partitioning of the Lot of Record along the boundary shall require review and approval under the provisions of the land division part of this Chapter, but not be subject to the minimum area and access requirements of this district.

2. An “acknowledged unincorporated community boundary” is one that has been established pursuant to OAR Chapter 660, Division 22.

Staff: To qualify as a Lot of Record, the subject property, when created or reconfigured, must meet MCC 39.3005(B) of this section and meet the Lot of Record standards set forth in the MUA-20 zoning district. More specifically, section (B) above requires demonstration that the subject property (a) satisfied all applicable zoning laws and (b) satisfied all applicable land division laws.

The applicant provided seven deed(s) (Exhibit A.3 through A.9) to support the Lot of Record request. A Contract was recorded on May 6, 1969 and its legal description matches the current configuration of the legal description in the last recorded deed for the subject property (Exhibit A.9). In 1969, the subject property was zoned F2 per historical County zoning maps (Exhibit B.3 & B.4).

The F2 zone had a minimum lot size of 2 acres. There was no requirement for road frontage or minimum front lot line length or lot width.

The subject property is 2.29 acres (2 acres minus the public right-of-way), abuts SE Stark Road (a public road), has a front lot line length of 427.68 feet (Exhibit B.2).

The subject property complied with all applicable zoning laws at the time of its creation or reconfiguration.

In 1969, the process to created or divide a parcel required a deed or sales contract dated and signed by the parties to the transaction. The document needed to be in recordable form or recorded with the County Recorder prior to October 19, 1978. As evidenced by the 1969 recorded Contract (Exhibit A.4), the applicable land division laws were satisfied.

Based upon the above, the subject property satisfied all applicable zoning and land division laws when it was created or reconfigured in 1969.

5.2 MCC 39.3080 LOT OF RECORD – MULTIPLE USE AGRICULTURE-20 (MUA-20).

(A) In addition to the standards in MCC 39.3005, for the purposes of the MUA-20 district the significant dates and ordinances for verifying zoning compliance may include, but are not limited to, the following:

- (1) July 10, 1958, SR zone applied;**
- (2) July 10, 1958, F-2 zone applied;**
- (3) December 9, 1975, F-2 minimum lot size increased, Ord. 115 & 116;**
- (4) October 6, 1977, MUA-20 zone applied, Ord. 148 & 149;**
- (5) October 13, 1983, zone change from EFU to MUA-20 for some properties, Ord. 395;**
- (6) May 16, 2002, Lot of Record section amended, Ord. 982, reenacted by Ord. 997.**

(B) A Lot of Record which has less than the minimum lot size for new parcels or lots, less than the front lot line minimums required, or which does not meet the access requirement of MCC 39.4345, may be occupied by any allowed use, review use or conditional use when in compliance with the other requirements of this district.

Staff: Section (A) is for information purposes. The subject property has less than the minimum lot size for new parcels or lots in this zone and is subject to (B) above. It may be occupied by any allowed, review or conditional use when in compliance with the other requirements of this district provided it remains a Lot of Record. *Criteria met.*

(C) Except as otherwise provided by MCC 39.4330, 39.4335, and 39.5300 through 39.5350, no sale or conveyance of any portion of a lot other than for a public purpose shall leave a structure on the remainder of the lot with less than minimum lot or yard requirements or result in a lot with less than the area or width requirements of this district.

Staff: Subsection (C) is for informational purposes. The property owner is not proposing to convey any portion of the lot at this time. *Criterion met*

(D) The following shall not be deemed to be a Lot of Record:

- (1) An area of land described as a tax lot solely for assessment and taxation purposes;**
- (2) An area of land created by the foreclosure of a security interest.**
- (3) An area of land created by court decree.**

Staff: As discussed above under section 5.1, the subject property is not an area of land described as a tax lot solely for assessment and taxation purposes. The subject property is not an area of land created by the foreclosure of a security interest or created by court decree. *Criteria met.*

Based on the findings in 5.1 & 5.2, the subject property is a single Lot of Record.
