MCDA reviews and updates discovery processes to ensure all requests are complied with in a timely and accurate way and reviewing for new processing methods or tools to complete the work in adherence with the equity values of MCDA.

**Program Summary**

The Records/discovery program fulfills the statutory responsibility to provide case-specific discovery of documents, photos, videos and audio material in paper, flash drive, CD, DVD and hard drive formats to public and private defense attorneys pro se defendants and victims. The program also handles and manages discovery of body worn camera footage for at least two law enforcement agencies. As the amount of discoverable video evidence increases the office is slowly shifting its delivery method through development of an online portal to deliver large volumes of media and documents virtually. Staff copy, upload, redact, and disclose to defense attorneys any restitution information submitted by victims. Staff maintain meticulous records in tracking material and information within the possession or control of MCDA in order to disclose accurate data to defense on homicide and major crimes cases. This position is in contact with the District Attorney, First Assistant to the District Attorney, and Chief Deputy District Attorneys with regards to processing scanned documents and other media for the most confidential and sensitive cases handled by the office.

This program provides daily docket support on multiple dockets for the entire office. The program provides file storage and retrieval for the entire office, maintaining over 30,000 closed and open case files in various storage locations. Staff coordinate shipment and tracking of off-site storage for closed physical files and case materials at county archives and private secured storage facilities. The unit maintains historical records of all archived cases and their destruction dates in accordance with county and state rules and regulations. This program is responsible for compiling and disbursing a weekly list of defendants who have either remained in custody due to a judicial finding of probable cause or waived the probable cause hearing. Staff query and print records from the Law Enforcement Data System (LEDS/NCIC) to provide information required by the DDAs for probation violation hearings.
