Executive Summary

Using Metro Supportive Housing Services Measure (Measure) funding that is dedicated to reducing homelessness through strategies that lead with racial equity, this program offer expands on system access and navigation services proposed in program offer 30100A, and specifically funds an expansion of navigation outreach services, culturally specific mobile supportive housing assessment staffing, and legal assistance to remove barriers to housing access.

Program Summary

The Multnomah County Local Implementation Plan for the Measure (LIP) sets out a range of strategies to reduce homelessness by increasing permanent housing and wrap around services for those experiencing, or at risk of, chronic homelessness and episodic homelessness. The LIP strategies prioritize eliminating racial disparities among people experiencing chronic and episodic homelessness. In alignment with priorities outlined in the LIP, this program offer funds critical expanded engagement, navigation, and assessment services to connect people to shelter, long-term housing, and other critical services.

Funded services include a significant expansion of outreach capacity dedicated to assisting people living unsheltered to navigate to a range of services, including shelter, substance use and addiction services, primary medical care, and permanent housing. Outreach teams prioritize offering culturally responsive and peer-led engagement. The focus of these outreach teams is on people living in the large encampments that have resulted from COVID-19.

This program offer also expands culturally-specific mobile supportive housing assessment services to connect people experiencing chronic homelessness with supportive housing opportunities. Additionally, this program offer supports vital civil legal services that help remove barriers to housing access for people who are currently living unsheltered, in shelter, or are otherwise experiencing homelessness.
