Executive Summary

Reinforcing the Joint Office of Homeless Services (JOHS) commitment to the equitable provision of emergency shelter for vulnerable populations, this program offer continues funding the Homeless Youth Continuum's (HYC) Access Center that provides low-barrier, immediate access to 60 crisis and short-term shelter options, day programs, and 24-hour coordinated access to screening, crisis and basic needs services for youth in Multnomah County. This program offer funds the Access Center, shelter and day programs, where linkages are provided to a continuum of services and supports for the youth population.

Program Summary

The HYC is a highly collaborative and coordinated system comprised of four nonprofit agencies, including a culturally specific agency, that provides a continuum of screening, crisis intervention, safety services, shelter, assertive engagement, housing, education, employment, pregnancy and parenting support, and health services to youth up to age 25. Homeless youth are particularly vulnerable as they attempt to survive on the streets. Over 50% of homeless youth have prior involvement in the Department of Human Services (DHS) or the Juvenile Justice system, and a significant number have experienced complex trauma. Approximately 40% of homeless youth identify as LGBTQ. Ensuring a 24-hour safety net for these youth is critical to addressing basic needs and providing linkage to longer term care options within the HYC.

The Access Center is co-located with the shelter programs and provides centralized screening via mobile and stationary staff who make eligibility determinations and refer youth to HYC programs or other appropriate systems of care. Emergency shelter is provided through a downtown-located facility with capacity for 60 people, except in winter when capacity increases to 70. All youth residing in emergency shelters have access to meals, hygiene, information/referral, and assertive engagement (case management) services. Day Programs are available at two locations and offer meals, hygiene, access to computers, transportation, service needs assessment, and provide opportunities for further engagement in system services. An average of 150 youth participate in Day Programs on a daily basis.

The HYC service model is based on an assertive engagement practice that follows the principles of Positive Youth Development, and ensures services are client directed, strength-based, nonjudgmental and offer relational continuity. In addition, all emergency shelters, regardless of size and configuration, must provide trauma-informed, racially equitable, reduced barriers, and culturally responsive or specific programming that emphasizes meeting participants' immediate need for basic health and safety. Services are integrated with public safety and other service systems, ensuring joint planning and coordination in addressing the needs of this population.
