

# Joint County Voters' Pamphlet Candidate Statement

**Important! Read all instructions before completing this form.**

Use this form when filing a 'JCVP-01 Joint County Voters' Pamphlet Candidate Statement' with your County Elections office. Please note that each county produces a separate County Voters' Pamphlet. If the jurisdiction or district is located in more than one county, a separate JCVP-01 form must be filed and the filing fee paid to each county where the 'Candidate Statement' is to be printed.

**Educational Background:**

Diploma – Gresham High School

B.S., Environmental Science – Oregon State University

**Prior Governmental Experience:**

None.

**Optional Information:**

My wife and I have lived in the Lusted Water District for the past 17 years. I have deep ties to the community and grew up in East County. I got interested in Lusted Water District several years ago when our water rates started increasing.

Since that time, I have learned that, unfortunately, the district is dealing with a great deal of deferred maintenance from before most of us even lived in the area. I have kept a keen eye on the current board and its issues e.g. I have been on the water district's citizen's financial review board for the past three years and have studied and made recommendations to the board; I have regularly attended its meetings; and I have toured and have a working understanding of how the infrastructure functions.

To add to the maintenance challenge, the City of Portland is planning to build a new water treatment facility which will substantially increase the cost of its water – the same water that Lusted Water District currently buys to provide to its customers.

It is important to me as a community member and property owner that Lusted Water District continues to provide safe and affordable water to its residents. I plan to use my financial and managerial experience as a small business owner to help guide the district through its upcoming challenges.

It is in all of our best interest to have a well-managed water district to protect our drinking water as well as protect our property values. To this end, I ask for your vote for Lusted Water District Position #5.
