2023 *Group Agreement* and *Evidence of Coverage* Summary of Changes and Clarifications for Oregon Large Employer Groups

This is a summary of changes and clarifications that we made to your *Group Agreement* for the 2023 plan year. The *Group Agreement* includes the *Evidence of Coverage (EOC)*, *Benefit Summary*, and any applicable notices, riders and endorsement documents. This summary does not include minor changes and clarifications we are making to improve the readability and accuracy of the *Group Agreement*, or changes that may occur throughout the remainder of the plan year as a result of federal or state mandates.

Other plan-specific or product-specific benefit changes, including changes to deductible, copayment or coinsurance amounts, may apply to your plan. Please refer to the 2023 renewal proposal and/or confirmation for your group and the 2023 Oregon and Washington Plan Changes brochure for information about these types of changes.

This Summary of Changes and Clarifications supplements the information contained in your *Group Agreement*. In the event of conflict between this summary and the *Group Agreement*, the *Group Agreement* shall control. Unless another date is listed, the changes described in this summary are effective when your *Group Agreement* renews in 2023. The products named below are offered and underwritten by Kaiser Foundation Health Plan of the Northwest.

Changes and clarifications that apply to medical plans

These changes apply to Kaiser Permanente's commercial (non-Medicare) group plans. Changes to our Senior Advantage plans may be found at the end of this summary.

Benefit changes

- **Colorectal cancer screening.** In the "Preventive Care Services" section of the *EOC*, we updated the intervals for colorectal cancer screenings and expanded the coverage description, in accordance with USPSTF guidelines and CMS FAQ 51 regarding coverage for preventive colonoscopies. Colorectal cancer screenings covered as preventive services include: fecal occult blood test, colonoscopy, follow-up colonoscopy after abnormal findings identified by flexible sigmoidoscopy or CT colonography screening, bowel prep medications and anesthesia for the screening procedures, polyp removal performed during a screening procedure, and pathology on a polyp biopsy.
- **Dependent out-of-area coverage.** For traditional, deductible and high deductible plans, we added naturopathic medicine visits to the services that we cover under the limited "Out-of-Area Coverage for Dependents" benefit.
- **Insulin cost share cap.** We lowered the Member cost share cap shown in the *Benefit Summary* from \$75 to \$35 for each 30-day supply of insulin.
- **Kaiser Permanente at Home™.** We added coverage under certain medical plans that provides care in a Member's home as an alternative to receiving acute care in a hospital. Services include home visits by healthcare professionals, communication devices, and medically necessary supplies and equipment. This coverage is not available in high deductible plans.

Benefit clarifications

- **Breastfeeding equipment and supplies.** We clarified in the “Maternity and Newborn Care” section of the *EOC* that breastfeeding equipment and supplies are covered under the Preventive Care Services benefit.
- **Childbirth Services.** We corrected an error in the “Women’s Health Care Services” section of the Added Choice® *EOC* by removing a sentence that referred to home childbirth services. For Added Choice®, PPO Plus®, and Dual Choice PPO® plans, we also added explicit exclusion language to the “Maternity and Newborn Care” section, clarifying that we do not cover birthing center services or home birth services.
- **Court-Ordered screening interviews or treatment programs.** We clarified the “Substance Use Disorder Services” section of the *EOC*, adding court-ordered screening interviews or treatment programs for a Member convicted of driving under the influence of intoxicants (DUII) to the list of covered outpatient Services.
- **Federal No Surprises Act/Balance Billing Protection.** Several updates were made to the *EOC* to meet the requirements of the federal No Surprises Act and applicable state law. This includes added or revised definitions for “Ancillary Service,” “Charges,” “Emergency Services,” and “Independent Freestanding Emergency Department,” as well as modifications in the “Emergency Services,” “Post-Stabilization Care,” and “External Review” sections.
- **Infertility diagnosis services.** We removed an exclusion for donor semen, donor eggs, and the procurement and storage from the “Infertility Diagnosis Services” section because these services are associated with treatment of infertility, and are addressed in the “Infertility Treatment Services Rider.” Also in this section, we added intrauterine insemination (IUI) to the example list of procedures for conception by artificial means that we do not cover unless the Group has purchased an “Infertility Treatment Services Rider.”
- **Mastectomy.** We added a definition of mastectomy to the “Reconstructive Surgery Services” section of the *EOC* and clarified that Members who have undergone mastectomy are entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998.
- **Maternal diabetes management.** We updated the *Benefit Summary* and *EOC* documents to clarify that medication and supplies for maternal diabetes management are covered at no cost share.
- **Mental health and substance use disorder benefits.** We revised the “Mental Health Services” and “Substance Use Disorder Services” sections of the *EOC* to more accurately reflect how we administer these benefits.
 - Both sections now clearly state that we cover diagnoses listed in the current *Diagnostic and Statistical Manual of Mental Disorders (DSM)* published by the American Psychiatric Association.
 - We removed the covered provider licensing type list in the “Mental Health Services” section because the list had the appearance of excluding other providers who are licensed to provide covered services.
 - We also removed the crisis intervention, evaluation and treatment list from the “Mental Health Services” section because the list could be interpreted as limiting or restricting coverage.
 - We reorganized the sequence of content in the “Substance Use Disorder Services” section so that the benefit description is more aligned with the revised “Mental Health Services” section.
- **Professional Services for evaluation, fitting, and follow-up care for contact lenses.** We modified this exclusion in the *EOC* to clarify that these Services, while generally excluded, may be covered under

the “Pediatric Vision Hardware and Optical Services Rider” or “Adult Vision Hardware and Optical Services Rider” if the coverage is purchased by the Group.

- **Travel Immunizations.** We revised this exclusion in the *EOC* to clarify that only travel-related immunizations for yellow fever, typhoid, and Japanese encephalitis are excluded rather than all travel services.

Other changes or clarifications

- **Chemical dependency.** The term “chemical dependency” has been replaced with “Substance Use Disorder” throughout the *EOC* and *Benefit Summary* to align with the predominant terminology.
- **Cost-Estimator tool.** We enhanced the “What you Pay” section in the *EOC*, directing Members to a cost estimator tool on kp.org for assistance with planning estimated costs of Services.
- **Dependents.** We revised the “Premium, Eligibility, and Enrollment” section of the *EOC* to include foster children and children newly placed for foster care as eligible dependents.
- **Disabled dependents.** We added a reference to disabled dependents in the “Dependent Limiting Age” definition to clarify that while we require most dependents to be under the Dependent Limiting Age in order to enroll and remain enrolled, this does not apply to Spouses and disabled dependents.
- **External Review.** We revised the “External Review” section of the *EOC* to reflect Oregon regulation allowing the Member to initiate a request for external review and subsequently provide a waiver form enabling us to disclose their protected health information. In addition, the section informs Members that they have five business days to submit additional information to the independent review organization during the external review process.
- **How to Obtain Services.** In the *EOC* for traditional, deductible and high deductible plans, we updated the link for Members to use to search for providers and care locations to kp.org/doctors.
- **MedImpact Pharmacy.** For Added Choice®, PPO Plus®, and Dual Choice PPO® plans, the definition of MedImpact Pharmacy has been revised to include the full name of the pharmacy sub-network.
- **“No-Fault Insurance” definition.** We added a definition of “no-fault insurance” to the “Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance” section of the *EOC*.
- **Non-Urgent Pre-Service claims.** We added an email option for Members to use to request a pre-service benefit determination, and updated the department name and phone number for Members who prefer to call us or mail their pre-service claim to us.
- **Preventive Care Services additional information.** We updated the *EOC* “Preventive Care Services” section with a more direct link kp.org/prevention, to help Members access additional information about these benefits and services.
- **Primary care and specialty care office visits.** We removed the parenthetical clause after “Primary care visit” and “Specialty care visit” in the “Outpatient Services” section of the *Benefit Summary*. This language gave examples of types of office visits, or services that could be provided during an office visit, such as health education services. Because the listed examples are services that are addressed elsewhere in the *EOC* or *Benefit Summary*, we removed them from the primary care and specialty care office visit rows to reduce the potential for confusion about the cost share.
- **Urgent Care.** We modified the “Urgent Care” section in the *EOC* for traditional, deductible and high deductible plans for consistency with other products, and added a link to kp.org/getcare for Members to find nearby urgent care locations.

- **Utilization Review criteria.** In the “Prior Authorization Review Requirements” section of the *EOC*, the department name and phone number for Members to request Utilization Review criteria has been updated so that any reference to contacting Member Relations has been changed to either Member Services or Customer Service, depending on the plan.
- **Workers’ Compensation or Employer’s Liability.** We simplified the language in the “Workers’ Compensation or Employer’s Liability” section of the *EOC* to make it clear that we will provide covered services even if it is unclear whether or not the Member is entitled to a payment or settlement.

Changes and clarifications that apply to medical benefit riders

Benefit clarifications

- **Infertility Treatment Services rider.** We modified the rider exclusions to clarify that we cover procurement and storage of the Member’s own semen or eggs when used for their covered infertility treatment services. We also clarified that we cover ovum transplant (transfer) associated with a covered assisted reproductive technology procedure, such as in vitro fertilization (IVF).
- **Outpatient Prescription Drug rider.** We revised the “Outpatient Prescription Drug Rider Limitations” section to clarify that Members can refill most prescriptions when they have used at least 70% of the quantity.
- **Travel Immunization rider.** We changed the Travel Services Rider title to “Travel Immunizations Rider” and modified the language to more accurately reflect that the rider only covers travel-related immunizations for yellow fever, typhoid, and Japanese encephalitis.

Changes and clarifications that apply to dental plans

Benefit changes

- **Emergency visit cost share.** We removed the \$25 emergency dental visit cost share from the *Benefit Summary* and any references to this additional cost share are also removed from the *EOC*. Effective January 1, 2023, Members will no longer have an additional \$25 cost share for dental emergency or urgent care visits at Kaiser Permanente dental offices.
- **Tooth restoration (fillings).** For Dental Choice PPO dental plans, we enhanced the benefit for amalgam and composite fillings. The benefit limit has changed from once per tooth every 36 months to once per tooth surface every 24 months.

Benefit clarifications

- **Dental x-rays.** We clarified the benefit coverage for dental x-rays in the Dental Choice PPO plan *EOC*. Covered x-rays include one full mouth complete series or one panoramic radiographic image every 3 years, supplementary bite wing series once a year, and periapical x-rays and occlusal x-rays as necessary based on the dentist’s assessment of the Member’s oral health and risk factors.

Other changes or clarifications

- **Dental Third-Party Administrator change.** Effective January 1, 2023, SKYGEN USA will no longer be our third-party administrator for our Dental Choice plan benefits. References to SKYGEN have been replaced with “we,” “us,” and Dental Choice Customer Service.

- **Dependents.** We revised the “Premium, Eligibility, and Enrollment” section of the *EOC* to include foster children and children newly placed for foster care as eligible dependents.
- **How to Obtain Services.** In the *EOC* for Dental Choice PPO plans, we updated the link for Members to use to search for participating providers to kp.org/dental/nw/ppo.

Changes and clarifications that apply to Senior Advantage plans

For the first time in many years, the Centers for Medicare and Medicaid Services (CMS) made structural changes (e.g. length, formatting) to the model documents used by Medicare Advantage Organizations, such as Kaiser Permanente. The substance primarily remains the same, but there are numerous changes for the 2023 documents including: increased use of plain language, elimination of duplicative language, elimination of some tables, elimination of some Tables of Contents, general reorganization of topics, and fewer pages.

In light of the extensive changes, we selected several items below that may be of most interest.

Benefit changes or clarifications

- **Cardiac and pulmonary rehab therapies cost share cap.** CMS sets annual cost sharing limits for certain benefits, and they reduced the cost share limit for pulmonary rehabilitation from \$30 to \$20 for 2023. Kaiser Permanente is applying this new cost share cap to cardiac rehabilitation, pulmonary rehabilitation and supervised exercise therapy (SET) visits. Members in our Senior Advantage plans won't pay more than \$20 per visit for these outpatient visits.
- **Durable medical equipment (DME) and related supplies – glucose monitors and oxygen equipment.** We added non-therapeutic continuous glucose monitors and supplies to the list of DME items that are covered at no charge. In addition, information about the Member's cost sharing for home oxygen equipment was moved from Chapter 3 of the *EOC* to the DME section of the Medical Benefits Chart. The Member cost sharing (20% coinsurance) has not changed.
- **Fitness benefit (the Silver&Fit® Healthy Aging and Exercise Program).** The list of Silver&Fit online services has been updated to include on-demand workout videos, Workout Plans, the Well-Being Club, and a newsletter. The Well-Being Club is an enhanced feature of the Silver&Fit website that gives Members the opportunity to view customized resources as well as attend live-streaming classes and events.
- **Hearing services.** We clarified that evaluation and fitting for hearing aids is covered only if the Member is enrolled in a plan with a hearing aid benefit.
- **Hospice care.** We added more detail to the description of the hospice care benefit to let Members know that we will help them find a Medicare-certified hospice program in the plan's service area; and also explaining that when a Member is admitted to a hospice, they may choose to stay in their Medicare Advantage plan and, if so, must continue to pay plan premiums.
- **Insulin cost share cap.** Effective January 1, 2023, Members enrolled in our Senior Advantage plans won't pay more than \$35 for each one-month supply of insulin, no matter what drug tier the insulin product is on. This change is as a result of the Inflation Reduction Act of 2022.
- **Screening for lung cancer.** We modified the age range and smoking history criteria for screening individuals for lung cancer with low dose computed tomography (LDCT). Eligible Members are people aged 50 – 77 years who have no signs or symptoms of lung cancer, but who have a history of tobacco smoking of at least 20 pack-years.

- **Telehealth services.** We added podiatry to the list of covered telehealth services in the physician/practitioner services section of the Medical Benefits Chart. This section was also modified to provide more detail about telehealth services for diagnosis, evaluation, and treatment of mental health disorders.

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST

A Nonprofit Corporation

Group Agreement

INTRODUCTION

This *Group Agreement (Agreement)*, including the attached *Evidence of Coverage (EOC)* incorporated herein by reference, and any amendments, constitutes the contract between Kaiser Foundation Health Plan of the Northwest (Company) and **Multnomah County Employees (Group)**. In this *Agreement*, some capitalized terms have special meaning; please see the “Definitions” section in the *EOC* document for terms you should know.

To be eligible under this *Agreement*, the Group must meet the underwriting requirements set forth in Company’s Rate Assumptions and Requirements document.

PREMIUM

Group will pay to Company, for each Subscriber and their Dependents, the Premium amount(s) specified for each month on or before the date on the monthly invoice or, if Group is self-pay, then the date to which Company and Group agree in writing, but in no event later than the last day of the month preceding the month of coverage (the “Premium Due Date”).

When this *Agreement* terminates, if Group does not have another agreement with Company, then the due date for all Premium amounts will be the earlier of: (1) the last Premium Due Date, or (2) the termination date of this *Agreement*.

Monthly Premium Amounts

Group will pay Company the following Premium amount(s) each month for each Subscriber and their Dependents. Only Members for whom Company has received the appropriate Premium payment listed below are entitled to coverage under this *Agreement*, and then only for the period for which Company has received appropriate payment.

Subscriber only: \$672.24

Subscriber with one Family Dependent: \$1344.48

Subscriber with two or more Family Dependents: \$1915.92

Medicare as Secondary Payer

Members who are eligible and enrolled in Medicare Part A or B and for whom Medicare is secondary payer are subject to the same Premium amounts (shown above) and receive the same benefits as Members who are not eligible for Medicare. Members who are eligible and enrolled in Medicare Parts A and B as secondary payer and who meet applicable eligibility requirements may also enroll in a Kaiser Permanente Senior Advantage Plan. These Members receive the coverages described in both the non-Medicare Plan and the Senior Advantage Plan, and the Premium amounts for these Members are the Premium amounts for the non-Medicare Plan (shown above).

Medicare as Primary Payer

Premium amounts are based on the assumption that Company or its designee will receive Medicare payments for Medicare-covered Services provided to certain types of Members. For each Member to whom this “Medicare as Primary Payer” section applies, Group must pay the applicable Premium shown above in this “Monthly Premium Amounts” section if the Member is for any reason not enrolled through Group in Kaiser

Permanente Senior Advantage (including inability to enroll because they do not meet the Senior Advantage Plan's eligibility requirements or Group does not offer a Senior Advantage Plan).

Those Members eligible for Medicare based on disability, end stage renal disease (ESRD), domestic partner status, or who are Medicare eligible and enrolled in COBRA will be charged the Premium amount for the non-Medicare Plan (shown above).

Members to whom this “Medicare as Primary Payer” section applies. This “Medicare as Primary Payer” section applies to Members who meet all of the following requirements:

- They are age 65 or over.
- They are eligible for Medicare Parts A and B as primary payer (i.e., retirees).

TERM OF AGREEMENT, ACCEPTANCE OF AGREEMENT, AND RENEWAL

Term of Agreement

Unless terminated as set forth in the “Termination of *Agreement*” section, this *Agreement* is effective for the term shown on the cover page.

Acceptance of Agreement

Group will be deemed as having accepted this *Agreement* and any amendments issued during the term of this *Agreement*, if Group pays Company any amount toward Premium.

Group may **not** change this *Agreement* by adding or deleting words, and any such addition or deletion is void. If Group wishes to change anything in this *Agreement*, Group must contact its Company account manager. Company might not respond to any changes or comments that Group may submit. Group may not construe Company's lack of response to any submitted changes or comments to imply acceptance. Company will issue a new *agreement* or amendment if Company and Group agree on any changes.

Renewal

This *Agreement* is guaranteed renewable but does not automatically renew. If Group complies with all of the terms of this *Agreement*, Company will offer to renew this *Agreement*, upon not less than 30 days prior written notice to Group, either by sending Group a new group *agreement* to become effective immediately after termination of this *Agreement*, or by extending the term of this *Agreement* pursuant to “Amendments Effective on Anniversary Date” in the “Amendment of *Agreement*” section. The new or extended group *agreement* will include a new term of *agreement* and other changes. If Group does not renew this *Agreement*, Group must give Company written notice as described under “Termination on Notice” in the “Termination of *Agreement*” section.

AMENDMENT OF AGREEMENT

Amendments Effective on Anniversary Date

Upon not less than 30 days prior written notice to Group, Company may extend the term of this *Agreement* and make other changes by amending this *Agreement* effective on the anniversary date of any year (see cover page for anniversary date).

Amendment due to Tax or Other Charges

If during the term of this *Agreement* a government agency or other taxing authority imposes or increases a tax or other charge (other than a tax on or measured by net income) upon Company, Medical Group, or Kaiser

Foundation Hospitals or upon any activity of any of them, then upon 31 days prior written notice, Company may increase Group's Premium to include Group's share of the new or increased tax or charge.

Other Amendments

Company may amend this *Agreement* at any time by giving written notice to Group, in order to: (a) address any law or regulatory requirement; (b) reduce or expand the Company Service Area; or (c) increase any benefits of any Medicare product approved by the Centers for Medicare and Medicaid Services (CMS), if applicable to this *Agreement*.

TERMINATION OF AGREEMENT

This *Agreement* will terminate under any of the conditions listed in this "Termination of *Agreement*" section. All rights to benefits under this *Agreement* end at 11:59 p.m. PT on the termination date, except as expressly provided in the "Termination of Membership" or "Continuation of Membership" sections of *the EOC*.

If this *Agreement* terminates and Group does not replace this coverage with another Plan, Company will give Group written notice of termination not later than 10 working days after the termination date and will explain the rights of Members regarding continuation of coverage as provided by federal and state law.

If Company fails to give notice as required, this *Agreement* shall continue in effect from the date notice should have been given until the date the Group receives the notice. Company will waive the Premium for the period for which coverage is continued and the time period within which Member may exercise any right to continuation shall commence on the date that Group receives the notice. Company will properly notify Members of their right to continuation of coverage under federal and state law.

Termination on Notice

Group may terminate this *Agreement* by giving prior written notice to Company not less than 30 days prior to the termination date and remitting all amounts payable relating to this *Agreement*, including Premium, for the period through the termination date.

Termination due to Nonacceptance of Amendments

All amendments are deemed accepted by Group unless Group gives Company written notice of nonacceptance at least 15 days before the effective date of the amendment in which case this *Agreement* will terminate the day before the effective date of the amendment.

Termination for Nonpayment

When Group fails to pay Premium on or before the Premium Due Date, Group shall have a period of at least 31 days to pay all Premiums owed ("Grace Period"). The Grace Period shall begin the day after the Premium Due Date. If Group fails to pay all Premiums owed (including those owed for the Grace Period) on or before the last day of the Grace Period, then Company may, at its option and in lieu of any other remedy, terminate this *Agreement* without further extension or consideration.

Company will notify Group of the past-due amount and the effective date of termination. Such notice shall be sent at least 10 days prior to the effective date of termination. Group shall continue to be liable for all Premiums due through the date of termination.

This *Agreement* will remain in full force and effect throughout the Grace Period and Group will remain responsible for payment of Premiums. If Company receives full payment of Premiums on or before the last day of the Grace Period, this *Agreement* will remain in effect according to its terms and conditions.

If Premiums are paid after the Grace Period ends, Company may charge interest on the overdue Premiums. Interest shall not accrue during the Grace Period, and the (simple) interest rate shall be 6 percent per year or the maximum amount permitted by applicable law, whichever is less.

Termination for Fraud

Company may terminate this *Agreement* by giving at least 30 days prior written notice to Group, if Group commits fraud or makes an intentional misrepresentation of material fact as prohibited by the terms of the Plan. For example, an intentional misrepresentation of material fact occurs if Group intentionally furnishes incorrect or incomplete material information to Company or is aware that incorrect or incomplete material information has been provided to Company on enrollment or other Company forms.

Termination for Violation of Contribution or Participation Requirements

Company may terminate this *Agreement* upon 31 days prior written notice to Group, if Group fails to comply with Company's contribution or participation requirements (including those listed in the "Contribution and Participation Requirements" section).

Termination for Discontinuance of a Product or all Products within a Market

Company may terminate a particular product or all products offered in the group market as permitted by law.

Company may terminate this *Agreement* if it ceases to write new business in the group market in Oregon or in a specific service area within Oregon, or elects not to renew all of its group Plans in Oregon or in a specific service area within Oregon, or both cease offering and cease renewing all products in Oregon or a specific service area in Oregon, if Company fails to reach an agreement with health care providers. To discontinue all products, Company must: (a) notify the Director of the Department of Consumer and Business Services and all Groups; and (b) not cancel coverage for 180 days after the date of notice to the Director and Groups.

Company may terminate this *Agreement* if it elects not to offer or renew, or offer and renew, this type of Plan in Oregon or within a specific service area within Oregon. Except as provided below regarding failure to reach agreement with providers, in order to discontinue a product, Company must: (a) cease to offer and/or cease to renew this Plan for all groups; (b) offer (in writing) to each group covered by this Plan, enrollment in any other Plan offered by Company in the group market, not less than 90 days prior to discontinuance; and (c) act uniformly without regard to claims experience of affected groups or the health status of any current or prospective Member.

Company may terminate this *Agreement* if the Director of the Department of Consumer and Business Services orders Company to discontinue coverage upon finding that continuation of coverage (a) would not be in the best interests of the Members; or (b) would impair Company's ability to meet its contractual obligations.

Company may terminate this *Agreement* by providing not less than 90 days prior written notice if there are no Members covered under this *Agreement*.

Company may terminate this *Agreement* if it is unable to reach an agreement with the health care providers to provide Services within a specific service area. Company must: (a) cease to offer and cease to renew this Plan for all groups within the service area; and (b) not less than 90 days prior to discontinuance, notify the Director of the Department of Consumer and Business Services and each group in that service area of the decision to discontinue offering the Plan(s) and offer all other group Plans available in that service area.

CONTRIBUTION AND PARTICIPATION REQUIREMENTS

No change in Group's contribution or participation requirements is effective for purposes of this *Agreement* unless Company consents in writing.

Group must:

- Meet all underwriting requirements set forth in Company's Rate Assumptions and Requirements document.

- With respect to all persons entitled to coverage under Group's Plan(s), offer enrollment in Company's Plan to all such persons on conditions no less favorable than those for any other Plan available through Group.
- Permit Company to examine Group's records with respect to contribution and participation requirements, eligibility, and payments under this *Agreement*.

MISCELLANEOUS PROVISIONS

Administration of *Agreement*

Company may adopt policies, procedures, rules, and interpretations to promote efficient administration of this *Agreement*.

Assignment

Company may assign this *Agreement*. Group may not assign this *Agreement* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without Company's prior written consent. This *Agreement* shall be binding on the successors and permitted assignees of Company and Group.

Attorney Fees and Costs

If Company or Group institutes legal action against the other to collect any sums owed under this *Agreement*, the party that substantially prevails will be reimbursed for its reasonable costs of collection, including attorneys' fees, by the other party.

Governing Law

Except as preempted by federal law, this *Agreement* will be governed in accord with Oregon law and any provision that is required to be in this *Agreement* by state or federal law shall bind Group and Company regardless of whether that provision is set forth in this *Agreement*.

Grandfathered Health Plan Coverage

For any coverage identified in an *EOC* as a "grandfathered health plan" under the Patient Protection and Affordable Care Act and regulations, Group must immediately inform Company if this coverage does not meet (or no longer meets) the requirements for grandfathered status. This includes, but is not limited to, any change in its contribution rate to the cost of any grandfathered health plan(s) during the contract year. Group represents that, for any coverage identified as a grandfathered health plan in the applicable *EOC*, Group has not decreased its contribution rate more than five percent for any rate tier in that plan when compared to the contribution rate in effect on March 23, 2010 for the same plan. Company will rely on Group's representation when issuing and/or continuing grandfathered health plan coverage.

No Waiver

Company's failure to enforce any provision of this *Agreement* will not constitute a waiver of that or any other provision or impair Company's right thereafter to require Group's strict performance of any provision.

Notices

Notices must be sent to the addresses listed below, except that Company or Group may change its address for notices by giving written notice to the other. Notices are deemed given when delivered in person, sent via email, or deposited in a U.S. Postal Service receptacle for the collection of U.S. mail.

Other Group Coverages that Cover Essential Health Benefits (EHBs)

Essential Health Benefits means benefits that the U.S. Department of Health and Human Services (HHS) Secretary defines as essential health benefits. Essential Health Benefits must be equal to the scope of benefits provided under a typical employer plan, except that they must include at least the following: ambulatory services, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment), prescription drugs, rehabilitative and habilitative services and devices, laboratory services, preventive and wellness services and chronic disease management, and pediatric services (including oral and vision care).

For each non-grandfathered non-Medicare health plan coverage, except for any retiree-only coverage, Group must do all of the following if Group provides Company Members with other medical or dental coverage (for example, separate pharmacy coverage) that covers any Essential Health Benefits that Company coverage does not cover:

- Notify Company of the Out-of-Pocket Maximum (OOPM) that applies to those Essential Health Benefits in each of the other medical or dental coverages.
- Ensure that the sum of the OOPM in Company's coverage plus the OOPMs that apply to those Essential Health Benefits in all of the other medical and dental coverages does not exceed the annual limitation on cost sharing described in 45 CFR 156.130.

Premium Rebates

If state or federal law requires Company to rebate premiums from this or any earlier contract year and Company rebates premiums to Group, Group represents that Group will use that rebate for the benefit of Members, in a manner consistent with the requirements of the Public Health Service Act, the Affordable Care Act, and the obligations of a fiduciary under the Employee Retirement Income Security Act (ERISA).

Reporting Membership Changes and Retroactivity

Company's billing statement to Group explains how to report membership changes. Group's Kaiser Permanente account manager can also provide Group with this information. Group must report membership changes (including sending Company-approved membership forms) within the time limit for retroactive changes and in accord with any applicable "rescission" provisions of the Patient Protection and Affordable Care Act and regulations. The time limit for retroactive membership changes is the calendar month when Company's San Diego Service Center receives Group's notification of the change plus the previous two months unless Company agrees otherwise in writing.

Representation Regarding Waiting Periods

Pursuant to section 2708 of the Public Health Service Act (PHSA) and 45 CFR 147.116(b), Group hereby represents that Group does not impose a waiting period exceeding 90 days on its employees who meet Group's substantive eligibility requirements. (A waiting period is the period that must pass before coverage for an individual who is otherwise eligible to enroll under the terms of a group health plan can become effective, including completion of Group's reasonable and bona fide employment-based orientation period that does not exceed one month, if any.)

In addition, Group represents that eligibility data provided by the Group to Company will include coverage effective dates for Group's employees that correctly account for eligibility in compliance with the waiting period requirements in 45 CFR 147.116.

Social Security and Tax Identification Numbers

Within 60 days after Company sends Group a written request, Group will send Company a list of all Members covered under this *Agreement*, along with the following:

- The Member's Social Security number.
- The tax identification number of the employer of the Subscriber in the Member's Family.
- Any other information that Company is required by law to collect.

Summaries of Benefits and Coverage

Group will provide electronic or paper summaries of benefits and coverage (SBCs) to participants and beneficiaries to the extent required by law, except that Company will provide SBCs to Members who make a request to Company.

Your Rights and Protections Against Surprise Medical Bills

When you get emergency care or are treated by an out-of-network provider at an in-network hospital or ambulatory surgical center, you are protected from balance billing. In these cases, you shouldn't be charged more than your plan's copayments, coinsurance and/or deductible.

What is “balance billing” (sometimes called “surprise billing”)?

When you see a doctor or other health care provider, you may owe certain out-of-pocket costs, like a copayment, coinsurance, or deductible. You may have additional costs or have to pay the entire bill if you see a provider or visit a health care facility that isn't in your health plan's network and/or your plan does not cover out-of-network services.

“Out-of-network” means providers and facilities that haven't signed a contract with your health plan to provide services. Out-of-network providers may be allowed to bill you for the difference between what your plan pays and the full amount charged for a service. This is called “**balance billing**.” This amount is likely more than your in-network costs for the same service and might not count toward your plan's deductible or annual out-of-pocket limit. Your health plan coverage may not cover out-of-network services when you agree (consent) to receive services from the out-of-network providers.

“Surprise billing” is an unexpected balance bill. This can happen when you can't control who is involved in your care—like when you have an emergency or when you schedule a visit at an in-network facility but are unexpectedly treated by an out-of-network provider. Surprise medical bills could cost thousands of dollars depending on the procedure or service. Providers and facilities are not balance billing you when they seek to collect cost sharing or another amount that you agreed to pay or are required to pay under your plan for the services that they provided.

You are protected from balance billing for:

Emergency Services

If you have an emergency medical condition and get emergency services from an out-of-network provider or facility, the most they can bill you is your plan's in-network cost-sharing amount (such as copayments, coinsurance, and deductibles). You **can't** be balance billed for these emergency services. This includes services you may get after you're in stable condition, unless you give written consent and give up your protections not to be balance billed for these post-stabilization services.

Certain services at an in-network hospital or ambulatory surgical center

When you get services from an in-network hospital or ambulatory surgical center, certain providers there may be out-of-network. In these cases, the most those providers can bill you is your plan's in-network cost-sharing amount. This applies to emergency medicine, anesthesia, pathology, radiology, laboratory, neonatology, assistant surgeon, hospitalist, or intensivist services, or when an in-network provider is not available. These providers **can't** balance bill you and may **not** ask you to give up your protections not to be balance billed.

If you get other types of services at these in-network facilities, out-of-network providers **can't** balance bill you, unless you give written consent and give up your protections.

You're never required to give up your protections from balance billing. You also aren't required to get out-of-network care. You can choose a provider or facility in your plan's network.

When balance billing isn't allowed, you also have these protections:

- You're only responsible for paying your share of the cost (like the copayments, coinsurance, and deductible that you would pay if the provider or facility was in-network). Your health plan will pay any additional costs to out-of-network providers and facilities directly.
- Generally, your health plan must:
 - Cover emergency services without requiring you to get approval for services in advance (also known as "prior authorization").
 - Cover emergency services by out-of-network providers and facilities.
 - Base what you owe the provider or facility (your cost-sharing) on what it would pay an in-network provider or facility and show that amount in your explanation of benefits.
 - Count any amount you pay for emergency services or non-emergency services provided by certain out-of-network providers at an in-network facility toward your in-network deductible and out-of-pocket limit.

If you think you've been wrongly billed by a provider or facility, contact the federal government at www.cms.gov/nosurprises/consumers or by calling 1-800-985-3059; or the Division of Financial Regulation, Department of Consumer and Business Services at <https://dfr.oregon.gov/help/complaints-licenses/Pages/file-complaint.aspx> or call 1-888-877-4894.

Visit www.cms.gov/nosurprises/consumers for more information about your rights under federal law.

DEFINITIONS

The following terms, when capitalized and used in any part of this *EOC*, mean:

Allowed Amount. The lower of the following amounts:

- The actual fee the provider, facility, or vendor charged for the Service.
- 160 percent of the Medicare fee for the Service, as indicated by the applicable Current Procedural Terminology (CPT) code or Healthcare Common Procedure Coding System (HCPCS) code shown on the current Medicare fee schedule. The Medicare fee schedule is developed by the Centers for Medicare and Medicaid Services (CMS) and adjusted by Medicare geographical practice indexes. When there is no established CPT or HCPCS code indicating the Medicare fee for a particular Service, the Allowed Amount is 70 percent of the actual fee the provider, facility, or vendor charged for the Service.

Ancillary Service. Services that are:

- Related to emergency medicine, anesthesiology, pathology, radiology, and neonatology, whether provided by a physician or non-physician practitioner.
- Provided by assistant surgeons, hospitalists, and intensivists.
- Diagnostic Services, including radiology and laboratory Services.
- Provided by a Non-Participating Provider if there is no Participating Provider who can furnish such Service at the facility.
- Provided as a result of unforeseen, urgent medical needs that arise at the time the Service is provided, regardless of whether the Non-Participating Provider or Non-Participating Facility satisfies the notice and consent requirements under federal law.

Behavioral Health Assessment. Behavioral Health Assessment means an evaluation in person or using telemedicine, to determine a patient's need for immediate crisis stabilization, by a provider as listed in the "Mental Health Services" section.

Behavioral Health Crisis. Behavioral Health Crisis means a disruption in an individual's mental or emotional stability or functioning resulting in an urgent need for immediate outpatient treatment in an emergency department or admission to a hospital to prevent a serious deterioration in the individual's mental or physical health.

Benefit Summary. A section of this *EOC* which provides a brief description of your medical Plan benefits and what you pay for covered Services.

Charges. Charges means the following:

- For Services provided by Medical Group and Kaiser Foundation Hospitals, the amount in Company's schedule of Medical Group and Kaiser Foundation Hospitals charges for Services provided to Members.
- For Services for which a provider or facility (other than Medical Group or Kaiser Foundation Hospitals) is compensated on a capitation basis, the amount in the schedule of charges that Company negotiates with the capitated provider.
- For Services received from other Participating Providers or Participating Facilities we contract with, the amount the provider or facility has agreed to accept as payment.
- For items obtained at a pharmacy owned and operated by Kaiser Permanente, the amount the pharmacy would charge a Member for the item if the Member's benefit Plan did not cover the pharmacy item. This amount is an estimate of: the cost of acquiring, storing, and dispensing drugs, the direct and indirect costs of providing pharmacy Services to Members, and the pharmacy program's contribution to the net revenue requirements of Company.

- For Emergency Services received from a Non-Participating Provider or Non-Participating Facility (including Post-Stabilization Care that constitutes Emergency Services under federal law), the amount required to be paid by Company pursuant to state law, when it is applicable, or federal law, including any amount determined through negotiation or an independent dispute resolution (IDR) process.
- For all other Services received from a Non-Participating Provider or Non-Participating Facility (including Post-Stabilization Services that are not Emergency Services under federal law), the amount (1) required to be paid pursuant to state law, when it is applicable, or federal law, including any amount determined through negotiation or an independent dispute resolution (IDR) process, or (2) in the event that neither state or federal law prohibiting balance billing apply, then the amount agreed to by the Non-Participating Provider and Company or, absent such an agreement, the Allowed Amount.

Coinsurance. The percentage of Charges that you must pay when you receive a covered Service.

Company. Kaiser Foundation Health Plan of the Northwest, an Oregon nonprofit corporation. This *EOC* sometimes refers to our Company as “we,” “our,” or “us.”

Copayment. The defined dollar amount that you must pay when you receive a covered Service.

Cost Share. The Deductible, Copayment, or Coinsurance you must pay for covered Services.

Deductible. The amount you must pay for certain Services you receive in a Year before we will cover those Services, subject to any applicable Copayment or Coinsurance, in that Year. Deductible amounts include the Deductible take-over amounts as described in the “Deductible” section of this *EOC*.

Dependent. A Member who meets the eligibility requirements for a Dependent as described in the “Who Is Eligible” section.

Dependent Limiting Age. The “Premium, Eligibility, and Enrollment” section requires that most types of Dependents (other than Spouses and disabled Dependents as described in the “Dependents” section) be under the Dependent Limiting Age in order to be eligible for membership. The “Benefit Summary” shows the Dependent Limiting Age (the student Dependent Limiting Age is for students, and the general Dependent Limiting Age is for non-students).

Durable Medical Equipment (DME). A non-disposable supply or item of equipment that is able to withstand repeated use, primarily and customarily used to serve a medical purpose and generally not useful to you if you are not ill or injured.

Emergency Medical Condition. An Emergency Medical Condition means a medical condition:

- That manifests itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in any of the following:
 - Placing the person’s health (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy.
 - Serious impairment to bodily functions.
 - Serious dysfunction of any bodily organ or part.
- With respect to a pregnant woman who is having contractions, for which there is inadequate time to effect a safe transfer to another hospital before delivery or for which a transfer may pose a threat to the health or safety of the woman or the unborn child.
- That is a Behavioral Health Crisis.

Emergency Medical Service Provider. A person who has received formal training in prehospital and emergency care, and is licensed to attend any person who is ill or injured or who has a disability. - Within the capabilities of the staff and facilities available at the hospital, or Independent Freestanding Emergency Department, the further examination and treatment required under EMTALA (or would be required under EMTALA if it applied to an Independent Freestanding Emergency Department) to Stabilize the patient, regardless of the department of the hospital in which such further examination or treatment is furnished.
- Post-Stabilization Care Services provided by a Non-Participating Provider or Non-Participating Facility are considered Emergency Services when federal law applies, and:

Urgent Care. Treatment for an unforeseen condition that requires prompt medical attention to keep it from becoming more serious, but that is not an Emergency Medical Condition.

Utilization Review. The formal application of clinical criteria and clinical guidance, screening procedures, decision rules, and medical protocols designed to ensure that each Member is receiving Services at the appropriate level. Utilization Review is used to monitor or evaluate:

PREMIUM, ELIGIBILITY, AND ENROLLMENT

Premium

Your Group is responsible for paying the Premium. If you are responsible for any contribution to the Premium, your Group will tell you the amount and how to pay your Group.

Who Is Eligible

General

To be eligible to enroll and to remain enrolled under this employer’s *Agreement*, you must meet all of the following requirements:

- You must meet your Group’s eligibility requirements that we have approved. (Your Group is required to inform Subscribers of its eligibility requirements.)
- You must meet the Subscriber or Dependent eligibility requirements described below unless your Group has different eligibility requirements that we have approved.

Subscribers

To be eligible to enroll and to remain enrolled as a Subscriber, you must meet the following requirements:

- You are an employee of your Group; or
- You are otherwise entitled to coverage through your Group under a trust agreement, retirement benefit program, employment contract, or the rules of a professional, trade, or bona fide association.
- You live or physically work inside our Service Area at least 50 percent of the time. For assistance about the Service Area or eligibility, please contact Member Services. The Subscriber's or the Subscriber's Spouse's otherwise eligible children are not ineligible solely because they live outside our Service Area or in another Kaiser Foundation Health Plan service area.

Dependents

If you are a Subscriber (or if you are a subscriber under our Kaiser Permanente Senior Advantage (HMO) plan offered by your Group), the following persons are eligible to enroll as your Dependents under this EOC. (Note: if you are a subscriber under a Kaiser Permanente Senior Advantage plan offered by your Group, all of your Dependents who are enrolled under this or any other non-Medicare evidence of coverage offered by your Group must be enrolled under the same non-Medicare evidence of coverage. A "non-Medicare" evidence of coverage is one that does not require members to be entitled to Medicare.)

- Your Spouse.
- A person who is under the general Dependent Limiting Age shown in the "Benefit Summary" and who is any of the following:
 - Your or your Spouse's child.
 - A child adopted by you or your Spouse, or for whom you or your Spouse have assumed a legal obligation in anticipation of adoption.
 - Any other person for whom you or your Spouse is a court-appointed guardian.
 - A child placed with you or your Spouse for foster care.
- A person who is over the general Dependent Limiting Age but under the student Dependent Limiting Age shown in the "Benefit Summary," who is a full-time registered student at an accredited college or accredited vocational school, and is any of the following:
 - Your or your Spouse's child.
 - A child adopted by you or your Spouse, or for whom you or your Spouse have assumed a legal obligation in anticipation of adoption.
 - Any other person for whom you or your Spouse is a court-appointed guardian.

Students who suffer a severe illness or injury that causes them to lose full-time student status will continue to be considered full-time students for eligibility purposes, provided that within 31 days after the loss of full-time student status, we receive written certification from the child's treating physician that the child is suffering from a serious illness or injury and that the leave of absence or other change of enrollment is Medically Necessary. Eligibility as a full-time student under this provision may then continue for up to 12 months from the date that your child's medical leave of absence began, or until your child reaches the student Dependent Limiting Age shown in the "Benefit Summary," whichever comes first.

- A person of any age who is primarily dependent upon you or your Spouse for support and maintenance if the person is incapable of self-sustaining employment by reason of a developmental disability, mental illness, or a physical disability that occurred prior to the person reaching the general Dependent Limiting Age shown in the "Benefit Summary," if the person is any of the following:

- Your or your Spouse's child.
- A child adopted by you or your Spouse, or for whom you or your Spouse have assumed legal obligation in anticipation of adoption.
- Any other person for whom you or your Spouse is a court-appointed guardian and was a court-appointed guardian prior to the person reaching the Dependent Limiting Age shown in the "Benefit Summary."

We may request proof of incapacity and dependency annually.

Children born to a Dependent other than your Spouse (for example, your grandchildren) are not eligible for coverage beyond the first 31 days of life, including the date of birth, unless: (a) you or your Spouse adopts them or assumes a legal obligation in anticipation of adoption; (b) they are primarily supported by you or your Spouse and you or your Spouse is their court-appointed guardian; or, (c) your Group has different eligibility requirements that we have approved.

Company will not deny enrollment of a newborn child, newly adopted child, child for whom legal obligation is assumed in anticipation of adoption, child newly placed for adoption, or newly placed foster child solely on the basis that: (a) the child was born out of wedlock; (b) the child is not claimed as a dependent on the parent's federal tax return; (c) the child does not reside with the child's parent or in our Service Area; or (d) the mother of the child used drugs containing diethylstilbestrol prior to the child's birth. Also, Company does not discriminate between married and unmarried persons, or between children of married or unmarried persons.

When You Can Enroll and When Coverage Begins

A Group is required to inform employees about when they are eligible to enroll and their effective date of coverage. The effective date of coverage for employees and their eligible Dependents is determined by the Group in accord with waiting period requirements in state and federal law. The Group is required to inform the Subscriber of the date membership becomes effective.

If an individual is eligible to be a Dependent under this *EOC* but the subscriber in their family is enrolled under our Kaiser Permanente Senior Advantage evidence of coverage offered by the Group, the subscriber must follow the rules for adding Dependents as described in this "When You Can Enroll and When Coverage Begins" section.

New Employees and Their Dependents

When a Group informs an employee that they are eligible to enroll as a Subscriber, they may enroll themselves and any eligible Dependents by submitting a Company-approved enrollment application to the Group within 30 days of eligibility for enrollment.

Open Enrollment

The Group will inform an employee of their open enrollment period and effective date of coverage. An eligible employee may enroll as a Subscriber along with any eligible Dependents if they or their Dependents were not previously enrolled. If you are an existing Subscriber, you may add eligible Dependents not previously enrolled following your Group's enrollment process during the open enrollment period.

Special Enrollment

If an eligible employee or their eligible Dependents do not enroll when they are first eligible, and later want to enroll, they can enroll only during open enrollment unless they experience a qualifying event as defined in applicable state and federal law. Your Group will administer special enrollment rights under applicable state and federal law.

Examples of qualifying events include, but are not limited to:

- Loss of minimum essential coverage for any reason other than nonpayment of Premium, rescission of coverage, misrepresentation, fraud or voluntary termination of coverage.
- Gaining a Dependent through marriage or entering into a domestic partnership, birth, adoption, placement for adoption, placement for foster care, or through a child support order or other court order.
- Loss of a Dependent through divorce or legal separation, or if the enrollee, or their Dependent dies.

Note: If the individual is enrolling as a Subscriber along with at least one eligible Dependent, only one enrollee must meet one of the requirements for a qualifying event.

The individual must notify the Group within 30 days of a qualifying event, 60 days if they are requesting enrollment due to a change in eligibility for Medicaid or Child Health Insurance Program (CHIP) coverage. The Group will determine if the individual is eligible to select or change coverage. Contact the Group for further instructions on how to enroll.

A Group may require an employee declining coverage to provide a written statement indicating whether the coverage is being declined due to other health coverage. If this statement is not provided, or if coverage is not declined due to other health coverage, the employee may not be eligible for special enrollment due to loss of other health coverage. Contact the Group for further information.

Adding New Dependents to an Existing Account

To enroll a Dependent who becomes eligible to enroll after you became a Subscriber, you must submit a Company-approved enrollment application to your Group as described in this “Adding New Dependents to an Existing Account” section.

Newborns, newly adopted children, children newly placed for adoption, or newly placed foster children are covered for 31 days after birth, adoption, placement for adoption, or placement for foster care. In order for coverage to continue beyond this 31-day period, you must submit an enrollment application to your Group within 31 days after the date of birth, adoption, placement for adoption, or placement for foster care if additional Premium is required to add the Dependent. If additional Premium is not required, the application requirement is waived; however, please notify your Group and Member Services, to add the child to your Plan.

To add all other newly eligible Dependents (such as a new Spouse), you must submit an enrollment application to your Group within 30 days after the qualifying event.

Contact your Group for further instructions on how to enroll your newly eligible Dependent.

When Coverage Begins

Your Group will notify you of the date your coverage will begin. Membership begins at 12 a.m. PT of the effective date specified.

If an individual enrolls in, adds a Dependent, or changes health plan coverage during a special enrollment period, the membership effective date will be determined by your Group under applicable state and federal law.

HOW TO OBTAIN SERVICES

As a Member, you must receive all covered Services from Participating Providers and Participating Facilities, except as otherwise specifically permitted in this *EOC*.

We will not directly or indirectly prohibit you from freely contracting at any time to obtain health care Services from Non-Participating Providers and Non-Participating Facilities outside the Plan. However, if you choose to receive Services from Non-Participating Providers and Non-Participating Facilities except as otherwise specifically provided in this *EOC*, those Services will not be covered under this *EOC* and you will

be responsible for the full price of the Services. Any amounts you pay for non-covered Services will not count toward your Deductible (if any) or Out-of-Pocket Maximum.

Using Your Identification Card

We provide each Member with a Company identification (ID) card that contains the Member health record number. Have your health record number available when you call for advice, make an appointment, or seek Services. We use your health record number to identify your medical records, for billing purposes and for membership information. You should always have the same health record number. If we ever inadvertently issue you more than one health record number, please let us know by calling Member Services. If you need to replace your ID card, please call Member Services.

Your ID card is for identification only, and it does not entitle you to Services. To receive covered Services, you must be a current Member. Anyone who is not a Member will be billed as a non-member for any Services they receive. If you allow someone else to use your ID card, we may keep your card and terminate your membership (see the “Termination for Cause” section). We may request photo identification in conjunction with your ID card to verify your identity.

Advice Nurses

If you are unsure whether you need to be seen by a physician or where to go for Services, or if you would like to discuss a medical concern, call Member Services during normal business hours, evenings, weekends, and holidays to be directed to one of our advice nurses.

You may also use the Member section of our website, **kp.org**, to send *nonurgent* questions to an advice nurse or pharmacist.

Your Primary Care Participating Provider

Your primary care Participating Provider plays an important role in coordinating your health care needs, including Participating Hospital stays and referrals to Specialists. We encourage you and your Dependents to each choose a primary care Participating Provider. For information about choosing your primary care Participating Provider, please call Member Services or visit **kp.org**.

You may select a primary care Participating Provider from family medicine, internal medicine, or pediatrics. Female Members also have the option of choosing a women’s health care Participating Provider as their primary care Participating Provider, as long as the women’s health care Participating Provider accepts designation as primary care Participating Provider. A women’s health care Participating Provider must be an obstetrician or gynecologist, a physician assistant specializing in women’s health, an advanced registered nurse practitioner of women’s health, or a certified nurse midwife, practicing within their applicable scope of practice.

You may change your primary care Participating Provider at any time by calling Member Services. The change will take effect immediately.

Women’s Health Care Services

We cover women’s health care Services provided by a participating family medicine physician, physician’s assistant, gynecologist, certified nurse midwife, doctor of osteopathy, obstetrician, naturopathic physician specializing in women’s health, and advanced registered nurse practitioner, practicing within their applicable scope of practice.

Medically appropriate maternity care, covered reproductive health Services, preventive Services, general examinations, gynecological Services, and follow-up visits are provided to female Members directly from a Participating Provider, without a referral from their primary care Participating Provider. Annual mammograms for women 40 years of age or older are covered with or without a referral from a Participating

Provider. Mammograms are provided more frequently to women who are at high risk for breast cancer or disease with a Participating Provider referral. We also cover breast examinations, pelvic examinations, and cervical cancer screenings annually for women 18 years of age or older, and at any time with a referral from your women's health care Services Participating Provider. Women's health care Services also include any appropriate Service for other health problems discovered and treated during the course of a visit to a women's health care Participating Provider for a women's Service.

Appointments for Routine Services

Routine appointments are for medical needs that are not urgent such as checkups and follow-up visits that can wait more than a few days.

If you need to make a routine care appointment, go to **kp.org** to schedule an appointment online or call Member Services. Try to make your routine care appointments as far in advance as possible. For information about getting other types of care, refer to the "Emergency, Post-Stabilization, and Urgent Care" section.

Referrals

Referrals to Participating Providers and Participating Facilities

Primary care Participating Providers provide primary medical care, including pediatric care and obstetrics/gynecology care. Specialists provide specialty medical care in areas such as surgery, orthopedics, cardiology, oncology, urology, dermatology, and allergy/immunology. Your primary care Participating Provider will refer you to a Specialist when appropriate. In most cases, you will need a referral to see a Specialist the first time. Please call Member Services for information about specialty Services that require a referral or discuss your concerns with your primary care Participating Provider. In some cases, a standing referral may be allowed to a Specialist for a time period that is in accord with your individual medical needs as determined by the Participating Provider and Company.

Some outpatient specialty care is available in Participating Medical Offices without a referral. You do not need a referral for outpatient Services provided in the following departments at Participating Medical Offices owned and operated by Kaiser Permanente. Please call Member Services to schedule routine appointments in these departments:

- Audiology (routine hearing exams).
- Cancer Counseling.
- Mental Health Services.
- Obstetrics/Gynecology.
- Occupational Health.
- Optometry (routine eye exams).
- Social Services.
- Substance Use Disorder Services.

Referrals to Non-Participating Providers and Non-Participating Facilities

If your Participating Provider decides that you require Services not available from Participating Providers or Participating Facilities, they will recommend to Medical Group and Company that you be referred to a Non-Participating Provider or Non-Participating Facility. If the Medical Group's assigned Participating Provider determines that the Services are Medically Necessary and are not available from a Participating Provider or Participating Facility and Company determines that the Services are covered Services, Company will authorize your referral to a Non-Participating Provider or Non-Participating Facility for the covered Services. You pay the same Cost Share for authorized referral Services that you would pay if you received the Services from a Participating Provider or at a Participating Facility. You will need written authorization in advance in order for the Services to be covered. If Company authorizes the Services, you will receive a written "Authorization for Outside Medical Care" approved referral to the Non-Participating Provider or Non-Participating Facility, and only the Services and number of visits that are listed on the written referral will be covered, subject to any benefit limitations and exclusions applicable to these Services.

Prior Authorization Review Requirements

When you need Services, you should talk with your Participating Provider about your medical needs or your request for Services. Your Participating Provider provides covered Services that are Medically Necessary. Participating Providers will use their judgment to determine if Services are Medically Necessary. Some Services are subject to approval through Utilization Review, based on Utilization Review criteria developed by Medical Group or another organization utilized by the Medical Group and approved by Company. If you seek a specific Service, you should talk with your Participating Provider. Your Participating Provider will discuss your needs and recommend an appropriate course of treatment.

If you request Services that must be approved through Utilization Review and the Participating Provider believes they are Medically Necessary, the Participating Provider may submit the request for Utilization Review on your behalf.

If the request is denied, we will notify you and the requesting Participating Provider of the decision within two business days of the request. The decision letter will explain the reason for the determination along with instructions for filing an appeal.

If more information is needed to make a decision, we will notify you and the requesting Participating Provider in writing, of the specific additional information needed to make the determination, before the initial decision period ends.

We will make a decision and send notification within two business days after we receive the first piece of information (including documents) we requested.

If we do not receive any of the requested information, we will make a decision based on the information we have, 15 days after the date of the request for additional information.

Approved requests for prior authorization of a treatment, other than a prescription drug, are binding on us for a period ending on the later of the following:

- The reasonable duration of the treatment based on clinical standards; or
- Sixty (60) days after the date that the treatment begins following our approval of the prior authorization request.

You may request a copy of the complete Utilization Review criteria used to make the determination. Please contact Member Services at 1-800-813-2000.

If you disagree with the prior authorization review decision made by Company, you may appeal the decision, by following the course of grievances and appeals as outlined in the "Grievances, Claims, Appeals and External Review" section.

Your Participating Provider will request prior authorization when necessary. The following are examples of Services that require prior authorization:

- Bariatric surgery Services.
- Breast reduction surgery.
- Dental and orthodontic Services for the treatment of craniofacial anomalies.

For more information about Utilization Review, a copy of the complete Utilization Review criteria developed by Medical Group and approved by Company for a specific condition, or to talk to a Utilization Review staff person, please contact Member Services.

If you ask for Services that the Participating Provider believes are not Medically Necessary and does not submit a request on your behalf, you may ask for a second opinion from another Participating Provider. You should contact the manager in the area where the Participating Provider is located. Member Services can connect you with the correct manager, who will listen to your issues and discuss your options.

You may also choose to submit a request for Services that you have not yet received, as described under “Pre-service Claims and Appeals” in the “Grievances, Claims, Appeals, and External Review” section.

Except in the case of misrepresentation, prior authorization determinations that relate to your membership eligibility are binding on us if obtained no more than five business days before you receive the Service. Prior authorization determinations that relate to whether the Service is Medically Necessary or are covered under the Plan are binding on us if obtained no more than 60 days before you receive the Service. We may revoke

or amend an authorization for Services you have not yet received if your membership terminates or your coverage changes or you lose your eligibility.

Participating Providers and Participating Facilities Contracts

Participating Providers and Participating Facilities may be paid in various ways, including salary, per diem rates, case rates, fee-for-service, incentive payments, and capitation payments. Capitation payments are based on a total number of Members (on a per-Member per-month basis), regardless of the amount of Services provided. Company may directly or indirectly make capitation payments to Participating Providers and Participating Facilities only for the professional Services they deliver, and not for Services provided by other physicians, hospitals, or facilities. Call Member Services if you would like to learn more about the ways Participating Providers and Participating Facilities are paid to provide or arrange medical and hospital Services for Members.

Our contracts with Participating Providers and Participating Facilities provide that you are not liable for any amounts we owe. You will be liable for the cost of non-covered Services that you receive from any providers or facilities, including Participating Providers and/or Participating Facilities.

Provider Whose Contract Terminates

You may be eligible to continue receiving covered Services from a Participating Provider for a limited period of time after our contract with the Participating Provider terminates.

This continuity of care provision applies when our contract with a Participating Provider terminates, or when a physician's employment with Medical Group terminates, except when the termination is because of quality of care issues or because the Participating Provider:

- Has retired.
- Has died.
- No longer holds an active license.
- Has moved outside our Service Area.
- Has gone on sabbatical.
- Is prevented from continuing to care for patients because of other circumstances.

If you satisfy all of the following requirements, you may qualify for this continuity of care:

- You are a Member on the date you receive the Services.
- You are undergoing an active course of treatment that is Medically Necessary and you and the Participating Provider agree that it is desirable to maintain continuity of care.
- We would have covered the Services if you had received them from a Participating Provider.
- The provider agrees to adhere to the conditions of the terminated contract between the provider and Company or its designee.

Except for the pregnancy situation described below, this extension will continue until the earlier of the following:

- The day following the completion of the active course of treatment giving rise to your exercising your continuity of care right; or
- The 120th day from the date we notify you about the contract termination.

If you are in the second trimester of pregnancy this extension will continue until the later of the following dates:

- The 45th day after the birth; or
- As long as you continue under an active course of treatment, but no later than the 120th day from the date we notify you about the contract termination.

Receiving Care in Another Kaiser Foundation Health Plan Service Area

You may receive covered Services from another Kaiser Foundation Health Plan, if the Services are provided, prescribed, or directed by that other plan, and if the Services would have been covered under this *EOC*. Covered Services are subject to the terms and conditions of this *EOC*, including prior authorization requirements, the applicable Cost Share shown in the “Benefit Summary,” and the exclusions, limitations and reductions described in this *EOC*.

For more information about receiving care in other Kaiser Foundation Health Plan service areas, including availability of Services, and provider and facility locations, please call our Away from Home Travel Line at 951-268-3900. Information is also available online at kp.org/travel.

Out-of-Area Coverage for Dependents

This limited out-of-area benefit is available to Dependent children who are under the Dependent Limiting Age as shown in the “Benefit Summary” and who are outside any Kaiser Foundation Health Plan service area.

We cover certain Medically Necessary Services that a Dependent child receives from Non-Participating Providers inside the United States (which for the purpose of this benefit means the 50 states, the District of Columbia, and United States territories). These out-of-area benefits are limited to the following Services as otherwise covered under this *EOC*. Any other Services not specifically listed as covered are excluded under this out-of-area benefit.

- Office visits are limited to preventive care, primary care, specialty care, outpatient physical therapy visits, outpatient mental health and Substance Use Disorder Services, naturopathic medicine Services, and allergy injections – limited to ten visits combined per Year.
- Laboratory and diagnostic X-rays – limited to ten visits per Year. This benefit does not include special diagnostic procedures such as CT, MRI, or PET scans.
- Prescription drug fills – limited to ten fills per Year.

You pay the Cost Share as shown in the “Benefit Summary” under the “Out-of-Area Coverage for Dependents” section.

This out-of-area benefit cannot be combined with any other benefit, so we will not pay under this “Out-of-Area Coverage for Dependents” section for a Service we are covering under another section of this *EOC*, such as:

- “Receiving Care in Another Kaiser Foundation Health Plan Service Area.”
- Services covered in the “Emergency, Post-Stabilization, and Urgent Care” section and under “Your Primary Care Participating Provider” in the “How to Obtain Services” section.
- “Transplant Services.”

POST-SERVICE CLAIMS – SERVICES ALREADY RECEIVED

In general, if you have a medical bill from a Non-Participating Provider or Non-Participating Facility, our Claims Administration Department will handle the claim. Member Services can assist you with questions about specific claims or about the claim procedures in general.

If you receive Services from a Non-Participating Provider following an authorized referral from a Participating Provider, the Non-Participating Provider will send the bill to Claims Administration directly. You are not required to file a claim.

However, if you receive Services from a Non-Participating Provider or Non-Participating Facility without an authorized referral and you believe Company should cover the Services, you need to send a completed medical claim form and the itemized bill to:

Kaiser Permanente
National Claims Administration - Northwest
PO Box 370050
Denver, CO 80237-9998

You can request a claim form from Member Services or download it from **kp.org**. When you submit the claim, please include a copy of your medical records from the Non-Participating Provider or Non-Participating Facility if you have them.

Company accepts CMS 1500 claim forms for professional Services and UB-04 forms for hospital claims. Even if the provider bills Company directly, you still need to submit the claim form.

You must submit a claim for a Service within 12 months after receiving that Service. If it is not reasonably possible to submit a claim within 12 months, then you must submit a claim as soon as reasonably possible, but in no case more than 15 months after receiving the Service, except in the absence of legal capacity.

We will reach a decision on the claim and pay those covered Charges within 30 calendar days from receipt unless additional information, not related to coordination of benefits, is required to make a decision. If the 30-day period must be extended, you will be notified in writing with an explanation about why. This written notice will explain how long the time period may be extended depending on the requirements of applicable state and federal laws, including ERISA.

You will receive written notification about the claim determination. This notification will provide an explanation for any unpaid amounts. It will also tell you how to appeal the determination if you are not satisfied with the outcome, along with other important disclosures required by state and federal laws.

If you have questions or concerns about a bill from Company, you may contact Member Services for an explanation. If you believe the Charges are not appropriate, Member Services will advise you on how to proceed.

EMERGENCY, POST-STABILIZATION, AND URGENT CARE

Emergency Services

If you have an Emergency Medical Condition, call 911 (where available) or go to the nearest hospital emergency department or Independent Freestanding Emergency Department. You do not need prior authorization for Emergency Services. When you have an Emergency Medical Condition, we cover Emergency Services you receive from Participating Providers, Participating Facilities, Non-Participating Providers, and Non-Participating Facilities anywhere in the world, as long as the Services would have been covered under the “Benefits” section (subject to the “Exclusions and Limitations” section) if you had received them from Participating Providers or Participating Facilities.

You pay the emergency department visit Cost Share shown in the “Benefit Summary” under “Outpatient Services” for all Services received in the emergency department.

If you receive covered inpatient hospital Services, you pay the Cost Share shown in the “Benefit Summary” under “Inpatient Hospital Services,” regardless of whether the Services also constitute Emergency Services or Post-Stabilization Care. If you visit an emergency department and are not admitted directly as an inpatient or

to Kaiser Permanente at Home™, you pay the emergency department visit Cost Share shown in the “Benefit Summary” under “Outpatient Services” for all Services received in the emergency department.

If you have an Emergency Medical Condition, we cover the Services of an Emergency Medical Service (EMS) Provider and transportation to the nearest medical facility that meets your needs. Emergency transportation may be by air, ground, or water.

Emergency Services are available from Participating Hospital emergency departments 24 hours a day, seven days a week. Contact Member Services or see our *Medical Facility Directory* for locations of these emergency departments.

Post-Stabilization Care

We cover Post-Stabilization Care if one of the following is true:

- A Participating Provider or Participating Facility provides the Services.
- We authorize the Services from the Non-Participating Provider or Non-Participating Facility.
- Services are provided after you are Stabilized and as part of outpatient observation or an inpatient or outpatient stay with respect to the visit during which screening and Stabilization Services have been furnished.

Coverage for Post-Stabilization Care from a Non-Participating Provider or Non-Participating Facility is limited to the Allowed Amount. In addition to the applicable Cost Share, you are responsible for paying any amount over the Allowed Amount, and any such payments do not count toward the Deductible or the Out-of-Pocket Maximum. You are not responsible for paying any amount over the Allowed Amount for Post-Stabilization Care from a Non-Participating Provider at a Participating Facility.

To request prior authorization for your receiving Post-Stabilization Care from a Non-Participating Provider or Non-Participating Facility, you or someone on your behalf must call us at 503-735-2596, or toll free at 1-877-813-5993, before you receive the Services if it is reasonably possible to do so, but no later than 24 hours after any admission.

We understand that extraordinary circumstances can delay your ability to call us, for example if you are unconscious or if there is no parent or guardian with a young child. In these cases, you or someone on your behalf must call us as soon as reasonably possible. If you (or someone on your behalf) do not call us by the applicable deadline, we will not cover Post-Stabilization Care that you receive from a Non-Participating Provider or Non-Participating Facility.

After we are notified, we will discuss your condition with the Non-Participating Provider. If we decide that the Post-Stabilization Care is Medically Necessary and would be covered if you received it from a Participating Provider or Participating Facility, we will either authorize the Services from the Non-Participating Provider or Non-Participating Facility, or arrange to have a Participating Provider or Participating Facility provide the Services.

If we decide to arrange to have a Participating Provider or Participating Facility (or other designated provider or facility) provide the Services to you, we may authorize special transportation Services that are medically required to get you to the provider or facility. This may include transportation that is otherwise not covered.

When you receive Emergency Services from Non-Participating Providers, Post Stabilization Care may qualify as Emergency Services pursuant to federal law. We will not require prior authorization for such Post-Stabilization Care when your attending Non-Participating Provider determines that, after you are Stabilized, and taking into account your medical or behavioral health condition, you are not able to travel to an available Participating Provider located within a reasonable travel distance, using non-medical transportation or non-emergency transportation.

Non-Participating Providers may provide notice and seek your consent to provide Post-Stabilization Care Services or other covered Services. Such Services will not be covered if you provide consent and do not obtain prior authorization as described in this section. You will be responsible for paying for the Services.

Urgent Care

Inside our Service Area

You may receive covered Urgent Care Services from Participating Providers, including Kaiser Permanente Urgent Care. Visit kp.org/getcare or call Member Services to find the Kaiser Permanente Urgent Care locations nearest you.

Outside our Service Area

If you are temporarily outside our Service Area, we cover Urgent Care you receive from a Non-Participating Provider or Non-Participating Facility if we determine that the Services were necessary to prevent serious deterioration of your health and that the Services could not be delayed until you returned to our Service Area.

WHAT YOU PAY

This section contains information to help you understand your health care costs. We also provide a cost estimator tool to assist you in planning for the estimated costs of Services. To access the secure cost estimator tool, log in to your kp.org member account and navigate to the cost estimates link on the “Coverage & Costs” tab. If you would like additional information about cost estimates, call Member Services.

Deductible

For each Year, most covered Services are subject to the Deductible amounts shown in the “Benefit Summary.” The “Benefit Summary” indicates which Services are subject to the Deductible.

For Services that are subject to the Deductible, you must pay Charges for the Services when you receive them, until you meet your Deductible.

If you are the only Member in your Family, then you must meet the self-only Deductible. If there is at least one other Member in your Family, then you must each meet the individual Family Member Deductible, or your Family must meet the Family Deductible, whichever occurs first. Each individual Family Member Deductible amount counts toward the Family Deductible amount. Once the Family Deductible is satisfied, no further individual Family Member Deductible will be due for the remainder of the Year. The Deductible amounts are shown in the “Benefit Summary.”

After you meet the Deductible, you pay the applicable Copayments and Coinsurance for covered Services for the remainder of the Year until you meet your Out-of-Pocket Maximum (see “Out-of-Pocket Maximum” in this “What You Pay” section).

For each Year, the following amounts count toward your Deductible:

- Charges you pay for covered Services you receive in that Year and that are subject to the Deductible.
- **Deductible take-over.** Payments that were counted toward your deductible under your prior group health coverage if all of the following requirements are met:
 - This group health coverage with Company replaces the Group’s prior group health coverage.
 - Your prior group health coverage was not with Company or with any Kaiser Foundation Health Plan.
 - You were covered under Group’s prior group health coverage on the day before the effective date of this *EOC*.
 - The payments were for Services you received during the period of 12 months or less that occurred between the plan year effective date under Group’s prior group health coverage and your effective

date of coverage under this *EOC*.

- The payments were for Services that we would have covered under this *EOC* if you had received them as a Member during the term of this *EOC*.
- We would have counted the payments toward your Deductible under this *EOC* if you had received the Services as a Member during the term of this *EOC*.

Note: If your Group has purchased benefits with a specific benefit Deductible, such as a prescription drug benefit, payments made for these benefits will be counted only to that specific benefit Deductible and will accumulate separately from the Deductible for covered Services shown in the “Benefit Summary.”

Copayments and Coinsurance

The Copayment or Coinsurance for each covered Service is shown in the “Benefit Summary.” Copayments or Coinsurance are due when you receive the Service. If we must bill you, an accounting fee may be added to offset handling costs.

Out-of-Pocket Maximum

There is a maximum to the total dollar amount of Deductible, Copayments, and Coinsurance that you must pay for covered Services that you receive within the same Year.

If you are the only Member in your Family, then you must meet the self-only Out-of-Pocket Maximum. If there is at least one other Member in your Family, then you must each meet the individual Family Member Out-of-Pocket Maximum, or your Family must meet the Family Out-of-Pocket Maximum, whichever occurs first. Each individual Family Member Out-of-Pocket Maximum amount counts toward the Family Out-of-Pocket Maximum amount. The Out-of-Pocket Maximum amounts are shown in the “Benefit Summary.”

All Deductible, Copayments, and Coinsurance count toward the Out-of-Pocket Maximum, unless otherwise indicated. After you reach the Out-of-Pocket Maximum, you are not required to pay Copayments and Coinsurance for these Services for the remainder of the Year. Member Services can provide you with the amount you have paid toward your Out-of-Pocket Maximum.

The following amounts do not count toward the Out-of-Pocket Maximum and you will continue to be responsible for these amounts even after the Out-of-Pocket Maximum is satisfied:

- Payments for Services that are not covered under this *EOC*.
- Payments that you make because you exhausted (used up) your benefit allowance, or because we already covered the benefit maximum amount or the maximum number of days or visits for a Service.
- Payments for Services under the “Adult Vision Hardware and Optical Services Rider,” if purchased by your Group.
- Payments for Services under the “Hearing Aid Rider,” if purchased by your Group.
- Payments for enhanced benefit Services under the “Pediatric Vision Hardware and Optical Services Enhanced Benefit Rider,” if purchased by your Group.
- Amounts recovered from a liability claim against another party subject to reimbursement under the “Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance” section.

About Our Drug Formulary

Our drug formulary is a list of drugs that our Regional Formulary and Therapeutics Committee has reviewed and approved for our Members and includes drugs covered under this *EOC*. Drugs on the formulary have been approved by the FDA.

Our Regional Formulary and Therapeutics Committee is made up of Participating Physicians, other Participating Providers, and administrative staff. The committee chooses drugs for the formulary based on several factors, including safety and effectiveness as determined from a review of the scientific literature. They may not approve a drug if there is not enough scientific evidence that it is clinically effective. They may also exclude a drug if it does not have a clinical or cost advantage over comparable formulary drugs.

The Regional Formulary and Therapeutics Committee meets to review new drugs and reconsider drugs currently on the market. After this review, they may add drugs to the formulary or remove drugs from it. If a drug is removed from the formulary, you will need to switch to another comparable drug that is on the drug formulary, unless your old drug meets exception criteria. Refer to the “Drug Formulary Exception Process” in this “Limited Outpatient Prescription Drugs and Supplies” section for more information.

If a formulary change affects a prescription drug you are taking, we encourage you to discuss any questions or concerns with your Participating Provider or another member of your health care team.

To see if a drug or supply is on our drug formulary, go online to kp.org/formulary. You may also call our Formulary Application Services Team (FAST) at 503-261-7900. If you would like a copy of our drug formulary or additional information about the formulary process, please call Member Services. The presence of a drug on our drug formulary does not necessarily mean that your Participating Provider will prescribe it for a particular medical condition.

Drug Formulary Exception Process

Our drug formulary guidelines include an exception process that is available when a Participating Provider or any licensed dentist prescribes a drug or supply that our drug formulary does not list for your condition, if the law requires the item to bear the legend “Rx only.” The exception process is not available for drugs and supplies that the law does not require to bear this legend, or for any drug or supply prescribed by someone other than a Participating Provider or any licensed dentist.

A Participating Provider or any licensed dentist may request an exception if they determine that the non-formulary drug or supply is Medically Necessary. We will make a coverage determination within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests. We will approve the exception if all of the following requirements are met:

- We determine that the drug or supply meets all other coverage requirements except for the fact that our drug formulary does not list it for your condition.
- Medical Group or a designated physician makes the following determinations:
 - The drug or supply is Medically Necessary because you are allergic to, or intolerant of, or have experienced treatment failure with, any alternative drugs or supplies that our drug formulary lists for your condition.
 - Your condition meets any additional requirements that the Regional Formulary and Therapeutics Committee has approved for the drug or supply. For this drug or supply, the Participating Pharmacy can provide a copy of the additional criteria upon request. In some cases, there may be a short delay in filling your prescription while your information is being reviewed.

If we approve an exception through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the “Benefit Summary.”

If we do not approve the formulary exception request, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under “External Review” in the “Grievances, Claims, Appeals, and External Review” section.

The “Benefit Summary” shows a visit maximum for outpatient rehabilitative therapy Services. That visit maximum will be exhausted (used up) for the Year when the number of visits that we covered during the Year under this *EOC*, plus any visits we covered during the Year under any other evidence of coverage with the same group number printed on this *EOC*, add up to the visit maximum. After you reach the visit maximum, we will not cover any more visits for the remainder of the Year. This limitation does not apply to inpatient hospital Services or to outpatient rehabilitative therapy Services to treat mental health conditions covered under this *EOC*.

Outpatient Rehabilitative Therapy Services Limitations

 - o The Department of Veterans Affairs or the Department of Defense or the Department of Energy, but only if the study or investigation has been reviewed and approved through a system of peer review that the U.S. Secretary of Health and Human Services determines meets all of the following requirements:
 - It is comparable to the National Institutes of Health system of peer review of studies and investigations.
 - It assures unbiased review of the highest scientific standards by qualified people who have no interest in the outcome of the review.

Telephone visits and video visits are appropriate for routine care such as medication management and test results; and urgent care such as cough, cold, flu, bug bite, fever, earache, minor sprain, urinary tract infection, wounds or burns. Video visits are also appropriate for specialty care such as post-op follow-up, mental health appointments, dermatology and speech therapy.

A nurse will get back to you with a care plan, usually within six hours. If needed, a prescription may be sent to your pharmacy. E-visits may include secure chat instant messaging.

REDUCTIONS

Coordination of Benefits

The Coordination of Benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules governs the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100 percent of the total Allowable expense.

Definitions

- A. A Plan is any of the following that provides benefits or services for medical or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.
- (1) Plan includes: group and individual health insurance contracts, health maintenance organization (HMO) contracts, group or individual closed panel Plans, other forms of group or group-type coverage (whether insured or uninsured); medical care components of group long-term care contracts, such as skilled nursing care; Medicare or any other federal governmental Plan, as permitted by law; and group and individual insurance contracts and subscriber contracts that pay or reimburse for the cost of dental care.

- (2) Plan does not include: independent, non-coordinated hospital indemnity coverage or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; school accident type coverage; benefits for non-medical components of group long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental Plans, unless permitted by law.

Each contract for coverage under (1) or (2) is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.
- C. The order of benefit determination rules determines whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan.

When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100 percent of the total Allowable expense.

- D. Allowable expense is a health care expense, including deductibles, coinsurance, and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of Services, the reasonable cash value of each service will be considered an Allowable expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a covered person is not an Allowable expense.

The following are examples of expenses that are not Allowable expenses:

- (1) The difference between the cost of a semi-private hospital room and a private hospital room is not an Allowable expense, unless one of the Plans provides coverage for private hospital room expenses.
- (2) If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable expense.
- (3) If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable expense.
- (4) If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable expense used by the Secondary Plan to determine its benefits.
- (5) The amount of any benefit reduction by the Primary Plan because a covered person has failed to comply with the Plan provisions is not an Allowable expense. Examples of these types of Plan provisions include second surgical opinions, precertification of admissions, and preferred provider arrangements.

- E. Closed panel Plan is a Plan that provides health care benefits to covered persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes coverage for services provided by other providers, except in cases of emergency or referral by a panel member.
- F. Custodial parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits of under any other Plan.
- B. (1) Except as provided in Paragraph (2), a Plan that does not contain a coordination of benefits provision that is consistent with this regulation is always primary unless the provisions of both Plans state that the complying Plan is primary.
- (2) Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be excess to any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed panel Plan to provide out-of-network benefits.
- C. A Plan may consider the benefits paid or provided by another Plan in calculating payment of its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
 - (1) Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, subscriber or retiree is the Secondary Plan and the other Plan is the Primary plan.
 - (2) Dependent child covered under more than one Plan. Unless there is a court decree stating otherwise, when a dependent child is covered by more than one Plan the order of benefits is determined as follows:
 - (a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (i) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (ii) If both parents have the same birthday, the Plan that has covered the parent the longest is the Primary Plan.
 - (b) For a dependent child whose parents are divorced or separated or not living together, whether or not they have ever been married:
 - (i) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual

knowledge of those terms, that Plan is primary. This rule applies to plan years commencing after the Plan is given notice of the court decree;

- (ii) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph (a) above shall determine the order of benefits;
 - (iii) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph (a) above shall determine the order of benefits; or
 - (iv) If there is no court decree allocating responsibility for the dependent child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - 1. The Plan covering the Custodial parent;
 - 2. The Plan covering the spouse of the Custodial parent;
 - 3. The Plan covering the non-custodial parent; and then
 - 4. The Plan covering the spouse of the non-custodial parent.
- (c) For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the provisions of subparagraph (a) or (b) above shall determine the order of benefits as if those individuals were the parents of the child.
- (d) For a dependent child:
- (i) Who has coverage under either or both parents' plans and also has coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.
 - (ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent and the dependent's spouse.
- (3) Active employee or retired or laid-off employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid-off nor retired, is the Primary Plan. The Plan covering that same person as a retired or laid-off employee is the Secondary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
- (4) COBRA or state continuation coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D(1) can determine the order of benefits.
- (5) Longer or shorter length of coverage. The Plan that covered the person as an employee, member, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
- (6) If the preceding rules do not determine the order of benefits, the Allowable expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans during a Plan year are not more than the total Allowable expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable expense for that claim. In addition, the Secondary Plan shall credit to its Plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a covered person is enrolled in two or more Closed panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed panel Plan, COB shall not apply between that Plan and other Closed panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from or give them to other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits. We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable.

Facility of Payment

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, it may pay that amount to the organization that made that payment. That amount will then be treated as though it were a benefit paid under This Plan. This Plan will not have to pay that amount again. The term “payment made” includes providing benefits in the form of services, in which case “payment made” means the reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments made by This Plan is more than it should have paid under this COB provision, This Plan may recover the excess from one or more of the persons it has paid or for whom it has paid; or any other person or organization that may be responsible for the benefits or services provided for the covered person. The “amount of the payments made” includes the reasonable cash value of any benefits provided in the form of services.

Hospitalization on Your Effective Date

If you are an inpatient in a hospital on your membership effective date but had other Group coverage on the day before your membership effective date, your other Group coverage will be responsible for covering the Services you receive until you are released from the hospital, or until you have exhausted your benefit with the other Group coverage and the benefits available under this Plan will be reduced accordingly.

Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance

This “Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance” section applies if you receive covered Services for an injury or illness alleged to be any of the following:

- Caused by another party’s act or omission.

- Received on the premises of another party.
- Covered by a no-fault insurance provision.

For purposes of this section, “no-fault insurance” means a type of insurance policy that covers your medical expenses for injury or illness due to an accident, regardless of who caused the accident.

Subject to applicable law, if you obtain a settlement, award, or judgment from or on behalf of another party or insurer, or a payment under a no-fault insurance provision, you must ensure we are reimbursed for covered Services that you receive for the injury or illness. This “Injuries or Illnesses Alleged to be Caused by Other Parties or Covered by No-Fault Insurance” section does not affect your obligation to pay any applicable Deductible, Copayment, or Coinsurance for these covered Services. The amount of reimbursement due to the Plan is not limited by or subject to the Out-of-Pocket Maximum provision.

If you do not recover anything from or on behalf of the other party, or no-fault insurance, then you are responsible only for any applicable Deductible, Copayment, or Coinsurance payments.

To the extent permitted by law, we have the option of becoming subrogated to all claims, causes of action, and other rights you may have against another party or an insurer, government program, or other source of coverage for monetary damages, compensation, or indemnification on account of the injury or illness allegedly caused by another party. We will be so subrogated as of the time we mail or deliver a written notice of our exercise of this option to you or your attorney, but we will be subrogated only to the extent of the total Charges for the relevant covered Services.

To secure our rights, we will have a lien on the proceeds of any judgment, award, or settlement you or we (when we subrogate) obtain against another party, regardless of how those proceeds may be characterized or designated. Subject to applicable law, the proceeds of any judgment, award, or settlement that you or we obtain shall first be applied to satisfy our lien, regardless of whether the total amount of the proceeds is less than the actual losses and damages you incurred.

Within 30 days after submitting or filing a claim or legal action against another party, or any insurer, you must send written notice of the claim or legal action to us at:

Equian, LLC
Attn: Subrogation Operations
P.O. Box 36380
Louisville, KY 40233
Fax: 502-214-1291

In order for us to determine the existence of any rights we may have and to satisfy those rights, you must complete and send to us all consents, releases, trust agreements, authorizations, assignments, and other documents, including lien forms directing your attorney, the responsible party, and the responsible party’s insurer to pay us directly. You must not take any action prejudicial to our rights.

You must provide us written notice before you settle a claim or obtain a judgment or award, or if it appears you will make a recovery of any kind. Subject to applicable law, if you recover any amounts from another party or any insurer based on your injury or illness, you must pay us or place the funds in a specifically identifiable account and retain control over the recovered amounts to which we may assert a right.

In addition to the rights set forth above, we shall also be entitled to all of the remedies, benefits, and other rights of sections 742.520 – 742.544, Oregon Revised Statutes.

If your estate, parent, guardian, or conservator asserts a claim against another party or any insurer based on your injury or illness, any settlement or judgment recovered shall be subject to our liens and other rights to the same extent as if you had asserted the claim against the other party. We may assign our rights to enforce our liens and other rights.

Surrogacy Arrangements – Traditional and Gestational Carriers

If you enter into a Surrogacy Arrangement, whether traditional or gestational, you must ensure we are reimbursed for covered Services you receive related to conception, pregnancy, delivery, or postpartum care in connection with that arrangement (“Surrogacy Health Services”), except that the amount we collect will not exceed the payments or other compensation you and any other payee are entitled to receive under the Surrogacy Arrangement. A “Surrogacy Arrangement” is one in which a woman agrees to become pregnant and to surrender the baby (or babies) to another person or persons who intend to raise the child (or children), whether or not the woman receives payment for being a surrogate.

This section applies to any person who is impregnated by artificial insemination, intrauterine insemination, in vitro fertilization or through the surgical implantation of a fertilized egg of another person and includes both traditional surrogacy and gestational carriers. Note: This “Surrogacy Arrangements – Traditional and Gestational Carriers” section does not affect your obligation to pay any applicable Deductible, Copayments, and Coinsurance, or other amounts you are required to pay for these Services. After you surrender a baby to the legal parents, you are not obligated to pay Charges for any Services that the baby receives (the legal parents are financially responsible for any Services that the baby receives).

By accepting Surrogacy Health Services, you automatically assign to us your right to receive payments that are payable to you or any other payee under the Surrogacy Arrangement, regardless of whether those payments are characterized as being for medical expenses. To secure our rights, we will also have a lien on those payments and on any escrow account, trust, or any other account that holds those payments. Those payments (and amounts in any escrow account, trust, or other account that holds those payments) shall first be applied to satisfy our lien. The assignment and our lien will not exceed the total amount of your obligation to us under the preceding paragraph.

Within 30 days after entering into a Surrogacy Arrangement, you must send written notice of the arrangement, including all of the following information:

- Names, addresses, and telephone numbers of the other parties to the arrangement
- Names, addresses, and telephone numbers of any escrow agent or trustee
- Names, addresses, and telephone numbers of the intended parents and any other parties who are financially responsible for Services the baby (or babies) receive, including names, addresses, and telephone numbers for any health insurance that will cover Services that the baby (or babies) receive
- A signed copy of any contracts and other documents explaining the arrangement
- Any other information we request in order to satisfy our rights

You must send this information to:

Surrogacy Other Party Liability Supervisor
Equian
P.O. Box 36380
Louisville, KY 40233-6380
Fax: 1-502-214-1137
Phone: 1-800-552-8314

You must complete and send us all consents, releases, authorizations, lien forms, and other documents that are reasonably necessary for us to determine the existence of any rights we may have under this “Surrogacy Arrangements – Traditional and Gestational Carriers” section and to satisfy those rights. You may not agree to waive, release, or reduce our rights under this “Surrogacy Arrangements – Traditional and Gestational Carriers” section without our prior, written consent.

If your estate, parent, guardian, or conservator asserts a claim against another party based on the surrogacy arrangement, your estate, parent, guardian, or conservator and any settlement, award, or judgment recovered

by the estate, parent, guardian, or conservator shall be subject to our liens and other rights to the same extent as if you had asserted the claim against that party. We may assign our rights to enforce our liens and other rights.

Workers' Compensation or Employer's Liability

If you suffer from an injury or illness that is compensable under a workers' compensation or employer's liability law, we will provide Services even if it is unclear whether you are entitled to a payment or settlement under the law. You have an obligation to reimburse us to the extent of a payment or any other benefit, including any amount you receive as a settlement under the law.

In addition, we or our Participating Providers will be permitted to seek reimbursement for these Services directly from the responsible employer or the government agency that administers the law.

GRIEVANCES, CLAIMS, APPEALS, AND EXTERNAL REVIEW

Important Information for Members Whose Benefit Plans are Subject to ERISA.

The Employee Retirement Income Security Act of 1974 (ERISA) is a federal law that regulates employee benefits, including the claim and appeal procedures for benefit Plans offered by certain employers. If an employer's benefit Plan is subject to ERISA, each time you request Services that must be approved before the Service is provided, you are filing a "pre-service claim" for benefits. You are filing a "post-service claim" when you ask us to pay for or cover Services that have already been received. You must follow our procedure for filing claims, and we must follow certain rules established by ERISA for responding to claims.

Terms We Use in this Section

The following terms have the following meanings when used in this "Grievances, Claims, Appeals, and External Review" section:

- A claim is a request for us to:
 - Provide or pay for a Service that you have not received (pre-service claim);
 - Continue to provide or pay for a Service that you are currently receiving (concurrent care claim); or
 - Pay for a Service that you have already received (post-service claim).
- An adverse benefit determination is our denial, reduction, or termination of a Service, or our failure or refusal to provide or to make a payment in whole or in part for a Service that is based on a:
 - Denial or termination of enrollment of an individual in a health benefit plan;
 - Rescission or cancellation of a policy;
 - Imposition of a preexisting condition exclusion, source-of-injury exclusion, network exclusion, annual benefit limit or other limitation on otherwise covered Services;
 - Determination that a Service is experimental or investigational or not Medically Necessary or appropriate;
 - Determination that a course or plan of treatment that a Member is undergoing is an active course of treatment for purposes of continuity of care; or
 - Denial, in whole or in part, of a request for prior authorization, a request for an exception to step therapy or a request for coverage of a treatment, drug, device or diagnostic or laboratory test that is subject to Utilization Review requirements.
- A grievance is communication expressing dissatisfaction with an adverse benefit determination, without specifically declining any right to appeal or review, that is:

- In writing, for an internal appeal or an external review;
- In writing or orally for an expedited response or an expedited external review; or
- A complaint regarding the:
 - Availability, delivery, or quality of a Service;
 - Claims payment, handling or reimbursement for Services and, unless a request for an internal appeal has not been submitted, the complaint is not disputing an adverse benefit determination; or
 - Matters pertaining to the contractual relationship between the Member and Company.
- An internal appeal is a request for us to review our initial adverse benefit determination.

Please send or fax all additional information to:

We will add the information that you provide through testimony or other means to your claim file and we will review it without regard to whether this information was submitted and/or considered in our initial decision regarding your claim.

Sharing Additional Information That We Collect

If we believe that your appeal of our initial adverse benefit determination will be denied, then before we issue another adverse benefit determination, we will also share with you any new or additional reasons for that decision. We will send you a letter explaining the new or additional information and/or reasons and inform you how you can respond to the information in the letter if you choose to do so. If you do not respond before we must make our final decision, that decision will be based on the information already in your claim file.

Internal Claims and Appeals Procedures

Company will review claims and appeals, and we may use medical experts to help us review them.

There are several types of claims, and each has a different procedure described below for sending your claim and appeal to us as described in this “Internal Claims and Appeals Procedures” section:

- Pre-service claims (urgent and non-urgent)
- Concurrent care claims (urgent and non-urgent)
- Post-service claims

When you file an appeal, we will review your claim without regard to our previous adverse benefit determination. The individual who reviews your appeal will not have participated in our original decision regarding your claim nor will they be the subordinate of someone who did participate in our original decision.

If you miss a deadline for making a claim or appeal, we may decline to review it.

Except when simultaneous external review can occur (urgent pre-service appeal and urgent concurrent appeal), you must exhaust the internal claims and appeals procedures described below before initiating an external review.

Pre-service Claims and Appeals

Pre-service claims are requests that we provide or pay for a Service that you have not yet received. Failure to receive authorization before receiving a Service that must be authorized in order to be a covered benefit may be the basis for our denial of your pre-service claim or a post-service claim for payment. If you receive any of the Services you are requesting before we make our decision, your pre-service claim or appeal will become a post-service claim or appeal with respect to those Services. If you have any general questions about pre-service claims or appeals, please call Member Services.

Here are the procedures for filing a non-urgent pre-service claim, an urgent pre-service claim, a non-urgent pre-service appeal, and an urgent pre-service appeal.

Non-Urgent Pre-service Claim

- You may request a pre-service benefit determination on your own behalf. Tell us in writing that you want to make a claim for us to provide or pay for a Service you have not yet received. Your request and any related documents you give us constitute your claim. You may email your request to us at <https://healthy.kaiserpermanente.org/oregon-washington/support>, call us, or mail your claim to us at:

Kaiser Foundation Health Plan of the Northwest
Member Services
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Phone: 1-800-813-2000

- If you want us to consider your pre-service claim on an urgent basis, your request should tell us that. We will decide whether your claim is urgent or non-urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will review your claim and, if we have all the information we need, we will make a decision within a reasonable period of time, but no later than two business days after we receive your claim.

We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you prior to the expiration of the initial decision period.

If more information is needed to make a decision, we will ask you for the information in writing within two business days after we receive your claim, and we will give you 15 calendar days to send the information.

We will make a decision and send notification within two business days after we receive the first piece of information (including documents) we requested.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

If we do not receive any of the requested information (including documents) within 15 calendar days after we send our request, we will make a decision based on the information we have no later than 15 calendar days following the date the additional information was requested.

If we notify you of our decision orally, we will send you written confirmation no later than two business days after the oral notification.

- We will send written notice of our decision to you and, if applicable, to your provider.

Urgent Pre-service Claim

- If your pre-service claim was considered on an urgent basis, we will notify you of our decision orally or in writing within a timeframe appropriate to your clinical condition, but no later than two business days after we receive your claim.
- We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you prior to the expiration of the initial decision period.
- If more information is needed to make a decision, we will ask you for the information in writing within 2 business days after we receive your claim, and we will give you 15 calendar days to send the information.
- We will make a decision and send notification within two business days after we receive the first piece of information (including documents) we requested.

- We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.
- If we do not receive any of the requested information (including documents) within 15 calendar days after we send our request, we will make a decision based on the information we have no later than 15 calendar days following the date the additional information was requested.
If we notify you of our decision orally, we will send you written confirmation no later than two business days after the oral notification.
- If we deny your claim (if we do not agree to provide or pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

Non-Urgent Pre-service Appeal

- Within 180 calendar days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our denial of your pre-service claim. Please include the following:
 - (1) Your name and health record number;
 - (2) Your medical condition or relevant symptoms;
 - (3) The specific Service that you are requesting;
 - (4) All of the reasons why you disagree with our adverse benefit determination; and
 - (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must mail or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest
 Member Relations Department
 500 NE Multnomah St., Suite 100
 Portland, OR 97232-2099
 Fax: 1-855-347-7239

- We will acknowledge your appeal in writing within five calendar days after we receive it.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision within 30 calendar days after we receive your appeal.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, which may be available to you.

Urgent Pre-service Appeal

- Tell us that you want to urgently appeal our adverse benefit determination regarding your pre-service claim. Please include the following:
 - (1) Your name and health record number;
 - (2) Your medical condition or relevant symptoms;
 - (3) The specific Service that you are requesting;
 - (4) All of the reasons why you disagree with our adverse benefit determination; and
 - (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must mail, call, or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Phone: 503-813-4480
Fax: 1-855-347-7239

- When you send your appeal, you may also request simultaneous external review of our initial adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your pre-service appeal qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see “External Review” in this “Grievances, Claims, Appeals, and External Review” section), if our internal appeal decision is not in your favor.
- We will decide whether your appeal is urgent or non-urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and give you oral or written notice of our decision as soon as your clinical condition requires, but no later than 72 hours after we received your appeal. If we notify you of our decision orally, we will send you a written confirmation within three calendar days after the oral notification.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information regarding any further process, including external review, which may be available to you.

Concurrent Care Claims and Appeals

Concurrent care claims are requests that Company continues to provide, or pay for, an ongoing course of covered treatment to be provided over a period of time or number of treatments, when the course of treatment already being received is scheduled to end. If you have any general questions about concurrent care claims or appeals, please call Member Services.

Unless you are appealing an urgent care claim, if we either (a) deny your request to extend your current authorized ongoing care (your concurrent care claim) or (b) inform you that authorized care that you are currently receiving is going to end early and you appeal our adverse benefit determination at least 24 hours before your ongoing course of covered treatment will end, then during the time that we are considering your appeal, you may continue to receive the authorized Services. If you continue to receive these Services while we consider your appeal and your appeal does not result in our approval of your concurrent care claim, then you may have to pay for the Services that we decide are not covered.

Here are the procedures for filing a non-urgent concurrent care claim, an urgent concurrent care claim, a non-urgent concurrent care appeal, and an urgent concurrent care appeal:

Non-Urgent Concurrent Care Claim

- Tell us that you want to make a concurrent care claim for an ongoing course of covered treatment. Inform us in detail of the reasons that your authorized ongoing care should be continued or extended. Your request and any related documents you give us constitute your claim. You must mail, call, or fax your claim to us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Phone: 1-800-813-2000
Fax: 1-855-347-7239

- If you want us to consider your claim on an urgent basis and you contact us at least 24 hours before your authorized care ends, you may request that we review your concurrent claim on an urgent basis. We will decide whether your claim is urgent or non-urgent. If we determine that your claim is not urgent, we will treat your claim as non-urgent. Generally, a claim is urgent only if using the procedure for non-urgent claims (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will review your claim, and if we have all the information we need, we will make a decision within a reasonable period of time.

If you submitted your claim 24 hours or more before your authorized care is ending, we will make our decision before your authorized care actually ends.

If your authorized care ended before you submitted your claim, we will make our decision, but no later than 15 calendar days after we receive your claim.

We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we send you notice before the initial decision period ends.

If more information is needed to make a decision, we will ask you for the information in writing before the initial decision period ends, and we will give you until your care is ending or, if your care has ended, 45 calendar days to send us the information.

We will make our decision as soon as possible, if your care has not ended, or within 15 calendar days after we first receive any information (including documents) we requested.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

If we do not receive any of the requested information (including documents) within the stated timeframe after we send our request, we will make a decision based on the information we have within the appropriate timeframe, not to exceed 15 calendar days following the end of the timeframe we gave you for sending the additional information.

- We will send written notice of our decision to you and, if applicable, to your provider.

Urgent Concurrent Care Claim

- If we consider your concurrent care claim on an urgent basis, we will notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 24 hours after we received your claim. If we notify you of our decision orally, we will send you written confirmation within three calendar days after the oral notification.
- If more information is needed to make a decision, we will give you seven calendar days to send the information.
- We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

We will notify you of our decision within 48 hours of receiving the first piece of requested information or by the deadline for receiving the information, whichever is sooner.

- If we deny your claim (if we do not agree to provide or pay for extending the ongoing course of treatment), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

Non-Urgent Concurrent Care Appeal

- Within 180 calendar days after you receive our adverse benefit determination notice, you must tell us in writing that you want to appeal our adverse benefit determination. Please include the following:
 - (1) Your name and health record number;
 - (2) Your medical condition or relevant symptoms;
 - (3) The ongoing course of covered treatment that you want to continue or extend;
 - (4) All of the reasons why you disagree with our adverse benefit determination; and
 - (5) All supporting documents.

Your request and all supporting documents constitute your appeal. You must either mail or fax your appeal to us at:

- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision as soon as possible if your care has not ended but no later than 30 calendar days after we receive your appeal.
- If we deny your appeal, our adverse benefit determination decision will tell you why we denied your appeal and will include information about any further process, including external review, which may be available to you.

Urgent Concurrent Care Appeal

- Tell us that you want to urgently appeal our adverse benefit determination regarding your urgent concurrent claim. Please include the following:
 - (1) Your name and health record number;
 - (2) Your medical condition or relevant symptoms;

- (3) The ongoing course of covered treatment that you want to continue or extend;
- (4) All of the reasons why you disagree with our adverse benefit determination; and
- (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must mail, call, or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest
 Member Relations Department
 500 NE Multnomah St., Suite 100
 Portland, OR 97232-2099
 Phone: 503-813-4480
 Fax: 1-855-347-7239

- When you send your appeal, you may also request simultaneous external review of our adverse benefit determination. If you want simultaneous external review, your appeal must tell us this. You will be eligible for the simultaneous external review only if your concurrent care claim qualifies as urgent. If you do not request simultaneous external review in your appeal, then you may be able to request external review after we make our decision regarding your appeal (see “External Review” in this “Grievances, Claims, Appeals, and External Review” section).
- We will decide whether your appeal is urgent or non-urgent. If we determine that your appeal is not urgent, we will treat your appeal as non-urgent. Generally, an appeal is urgent only if using the procedure for non-urgent appeals (a) could seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) would, in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and notify you of our decision orally or in writing as soon as your clinical condition requires, but no later than 72 hours after we receive your appeal. If we notify you of our decision orally, we will send you a written confirmation within three calendar days after the oral notification.
- If we deny your appeal, our adverse benefit determination notice will tell you why we denied your appeal and will include information about any further process, including external review, that may be available to you.

Post-service Claims and Appeals

Post-service claims are requests that we pay for Services you already received, including claims for out-of-Plan Emergency Services. If you have any general questions about post-service claims or appeals, please call Member Services.

Here are the procedures for filing a post-service claim and a post-service appeal:

Post-service Claim

- Within 12 months from the date you received the Services, mail us a letter explaining the Services for which you are requesting payment. Provide us with the following:
 - (1) The date you received the Services;

- (2) Where you received them;
- (3) Who provided them;
- (4) Why you think we should pay for the Services; and
- (5) A copy of the bill and any supporting documents, including medical records.

Your letter and the related documents constitute your claim. You may contact Member Services to obtain a claim form. You must mail your claim to the Claims Department at:

Kaiser Permanente
National Claims Administration - Northwest
PO Box 370050
Denver, CO 80237-9998

We will not accept or pay for claims received from you after 12 months from the date of Services, except in the absence of legal capacity.

- We will review your claim, and if we have all the information we need, we will send you a written decision within 30 calendar days after we receive your claim.

We may extend the time for making a decision for an additional 15 calendar days if circumstances beyond our control delay our decision, if we notify you within 30 calendar days after we receive your claim.

If more information is needed to make a decision, we will ask you for the information in writing before the initial decision period ends, and we will give you 45 calendar days to send us the information.

We will make a decision within 15 calendar days after we receive the first piece of information (including documents) we requested.

We encourage you to send all the requested information at one time, so that we will be able to consider it all when we make our decision.

If we do not receive any of the requested information (including documents) within 45 calendar days after we send our request, we will make a decision based on the information we have within 15 calendar days following the end of the 45 calendar day period.

- If we deny your claim (if we do not pay for all the Services you requested), our adverse benefit determination notice will tell you why we denied your claim and how you can appeal.

Post-service Appeal

- Within 180 calendar days after you receive our adverse benefit determination, tell us in writing that you want to appeal our denial of your post-service claim. Please include the following:
 - (1) Your name and health record number;
 - (2) Your medical condition or relevant symptoms;
 - (3) The specific Services that you want us to pay for;
 - (4) All of the reasons why you disagree with our adverse benefit determination; and
 - (5) All supporting documents.

Your request and the supporting documents constitute your appeal. You must either mail or fax your appeal to us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

- We will acknowledge your appeal in writing within five calendar days after we receive it.
- We will fully and fairly review all available information relevant to your appeal without deferring to prior decisions.
- We will review your appeal and send you a written decision within 30 calendar days after we receive your appeal.
- If we deny your appeal, our adverse benefit determination will tell you why we denied your appeal and will include information regarding any further process, including external review, that may be available to you.

External Review

If you are dissatisfied with our final adverse benefit determination, you have a right to request an external review. For example, you have the right to request external review of an adverse decision that is based on any of the following:

- Relies on medical judgment, including but not limited to, medical necessity, appropriateness, health care setting, level of care, or that the requested Service is not efficacious or otherwise unjustified under evidence-based medical criteria.
- Whether a course or plan of treatment is an active course of treatment for purposes of continuity of care when a Participating Provider's contract with us is terminated.
- Whether an exception to the prescription drug formulary or step therapy prescribing criteria should be granted.
- Concludes that parity exists in the non-quantitative treatment limitations applied to behavioral health care (mental health and/or Substance Use Disorder) benefits.
- Involves consideration of whether we are complying with federal law requirements regarding balance (surprise) billing and/or cost sharing protections pursuant to the No Surprises Act (Public Health Service Act sections 2799A-1 and 2799A-2 and 45 C.F.R. §§149.110 --149.130).
- Involves a decision related to rescission of your coverage.

You must exhaust our internal claims and appeals procedure for your claim before you may request external review unless one of the following is true:

- External review is permitted to occur simultaneously with your urgent pre-service appeal or urgent concurrent care appeal;
- Your request qualifies for expedited external review;
- We have failed to comply with federal requirements regarding our claims and appeals procedures.

You are not responsible for the costs of the external review, and you may name someone else to file the request for external review for you if you give permission in writing and include that with your request for external review. Company will be bound by and act in accordance with the decision of

the independent review organization (IRO) notwithstanding the definition of Medically Necessary care. If we do not follow a decision of an IRO, you have the right to sue us.

Within 180 calendar days after the date of our appeal denial letter you must send your request for external review to Member Relations in writing (via mail, fax, or online through our website at **kp.org**). If you wish to mail or fax your request, you may send it to us at:

Kaiser Foundation Health Plan of the Northwest
Member Relations Department
500 NE Multnomah St., Suite 100
Portland, OR 97232-2099
Fax: 1-855-347-7239

You must provide us with a signed waiver form that enables us to disclose your protected health information, including pertinent medical records, to the IRO that will evaluate your request. The “Authorization for Kaiser Permanente to Use/Disclose Protected Health Information” form is also available at **info.kaiserpermanente.org/northwest/roi/forms.html**.

The appeal denial letter that we send to you explains the external review process and how you may obtain the waiver form. Member Relations will forward your request to the director of the Oregon Department of Consumer and Business Services (DCBS), Division of Financial Regulation (DFR), within two business days after receiving your request. Your request for external review will be assigned to one of the nationally accredited IROs contracted by DCBS no later than the next business day after the director receives your request for external review from us.

Within two business days of receiving notice of your request, DCBS will send you a written description of the IRO they selected along with more information about the process. They will also notify us of the IRO they selected, and within five business days after receiving notification from DCBS, we will send the IRO any documents and information we considered in making our adverse benefit determination.

If we do not have the required signed waiver form upon receipt of your request for external review, we will send you a waiver form and a letter within two business days of receiving your request for external review, describing the need for the waiver and instructions on where to send it. Unless your external review is expedited, we will also call you within five business days of receiving your request for external review to remind you that we need the signed waiver. If your external review is expedited, we will call you to request that you immediately fax us the completed waiver form.

You will have five business days to submit to the IRO, in writing, any additional information that the IRO must consider when conducting the external review. The IRO will forward to us any additional information you submit within one business day of receipt. We may also forward additional information directly to the IRO. The IRO will have one business day after receiving the additional information to forward that information to you.

Unless your external review is expedited, the IRO will issue a decision within 30 calendar days after the date when we receive your request for external review. The IRO will notify you and us of its decision no later than five calendar days after the decision is issued.

You may also contact DCBS directly to request an external review. If DCBS receives a request for external review directly from you, they will notify us of your request no later than the next business day. Upon receipt of your request from DCBS, we will follow the process described above. You may contact the Oregon DCBS by mail, e-mail, telephone, or online at:

Expedited External Review

We shall expedite the external review:

- If the adverse benefit determination concerns an admission, the availability of care, a continued stay or a health care Service for a medical condition for which the enrollee received Emergency Services and has not been discharged from a health care facility; or
- If a provider you have an established relationship with certifies in writing and provides supporting documentation that the ordinary time period for external review would (a) seriously jeopardize your life or health, the life or health of a fetus, or your ability to regain maximum function; (b) in the opinion of a physician with knowledge of your medical condition, subject you to severe pain that cannot be adequately managed without the Services you are requesting; (c) your attending provider requests that your claim be treated as urgent; or (d) involves a request concerning admissions, continued stay, or other health care Services if you have received Emergency Services but have not been discharged from a facility.

Additional Review

You may have certain additional rights if you remain dissatisfied after you have exhausted our internal claims and appeals procedures, and if applicable, external review. If you are enrolled through a plan that is subject to the Employee Retirement Income Security Act (ERISA), you may file a civil action under section 502(a) of the federal ERISA statute. To understand these rights, you should check with your benefits office or contact the Employee Benefits Security Administration (part of the U.S. Department of Labor) at 1-866-444-EBSA (3272). Alternatively, if your plan is not subject to ERISA (for example, most state or local government plans and church plans or all individual plans), you may have a right to request review in state court.

TERMINATION OF AGREEMENT

If the *Agreement* terminates and Group does not replace this coverage with another Plan, Company will give Group written notice of termination no later than 10 working days after the termination date and will explain the rights of Members regarding continuation of coverage as provided by federal and state law.

TERMINATION OF MEMBERSHIP

If your membership terminates, all rights to benefits end at 11:59 p.m. PT on the termination date. In addition, Dependents' memberships end at the same time the Subscribers' membership ends.

You will be billed as a non-member for any Services you receive after your membership terminates. Company and Participating Providers and Participating Facilities have no further liability or responsibility under this *EOC* after your membership terminates.

Termination During Confinement in a Hospital

If you are hospitalized on the date when your membership terminates, we will continue to cover otherwise covered Services in that hospital if all of the following conditions are met:

- The coverage under this *EOC* is being immediately replaced by another insured group health insurance policy.
- You are an inpatient receiving covered Services on the date your membership ends.
- You must continue to pay any applicable Cost Share.

Your coverage under this provision continues until the earlier of:

- Your discharge from the hospital or
- Your exhaustion of hospital benefits under this *EOC*.

Termination Due to Loss of Eligibility

You and your Dependents must remain eligible to maintain your Group coverage. You must immediately report to your Group any changes in eligibility status, such as a Spouse's loss of eligibility due to divorce or a Dependent child who has reached the Dependent Limiting Age. If you no longer meet the eligibility requirements described in this *EOC*, please confirm with your Group's benefits administrator when your membership will end.

Termination for Cause

If you or any other Member in your Family knowingly commits fraud in connection with membership, Company, or a Participating Provider, we may terminate your membership under this employer's *Agreement* by sending written notice, including the specific reason for termination with supporting evidence to the Subscriber at least 31 days before the membership termination date. Some examples of fraud include:

- Misrepresenting eligibility information about yourself or a Dependent.
- Presenting an invalid prescription or physician order for Services.
- Intentionally misusing a Company ID card (or letting someone else use your ID card to obtain Services pretending to be you).
- Giving us incorrect or incomplete material information.
- Failing to notify us of changes in Family status or Medicare coverage that may affect your eligibility or benefits.

We may report fraud and other illegal acts to the authorities for prosecution.

If we terminate your membership for cause, we will:

- Refund any amounts we owe your Group for Premium paid for the period after the termination date.
- Pay you any amounts we have determined that we owe you for claims during your membership.

We may deduct any amounts you owe Company, Participating Providers, or Participating Facilities from any payment we make to you.

If your coverage is terminated for any of the above reasons, you have the right to file an appeal. For more information, please contact Member Services.

Termination of Your Group's *Agreement* With Us

If your Group's *Agreement* with us terminates for any reason, your membership ends on the same date. We require the Group to notify Subscribers in writing if the *Agreement* with us terminates.

Termination of Certain Types of Health Benefit Plans by Us

We may terminate a particular Plan or all Plans offered in the group market as permitted by law. If we discontinue offering a particular Plan in the group market, we will terminate the particular Plan upon 90 days

prior written notice to you. If we discontinue offering all Plans in the group market, we may terminate the *Agreement* upon 180 days prior written notice to you.

CONTINUATION OF MEMBERSHIP

Strike, Lock-Out, or Other Labor Disputes

If your compensation is suspended directly or indirectly as a result of a strike, lock-out, or other labor dispute, you may continue membership under this *EOC* by paying Premium for yourself and eligible Dependents directly to the Group for up to six months. If the Group's coverage is terminated by Company, reinstatement with Company is subject to all terms and conditions of your Group's *Agreement* with Company. When your Group continuation coverage under this *EOC* stops, you and your Dependents may be eligible to purchase an individual plan offered by Company.

Illness, Temporary Plant Shut Down, or Leave of Absence

If you are off work due to illness, temporary plant shutdown, or other leave of absence authorized by your Group, you may make arrangements to make monthly payments through your Group for up to 12 weeks. The 12-week period may be extended by advance arrangements confirmed in writing by Company. Once the 12-week period is exhausted, you may also be eligible to convert to an individual plan. (See the "Conversion to an Individual Plan" section.)

Continuation of Group Coverage under the Consolidated Omnibus Budget Reconciliation Act (COBRA)

You may be able to continue your coverage under this *EOC* for a limited time after you would otherwise lose eligibility, if required by the federal COBRA law. COBRA applies to most employees (and most of their covered dependents) of most employers with 20 or more employees (however, it does not apply to church plans as defined by federal law). Please contact your Group for details about COBRA continuation coverage, such as how to elect coverage and how much you must pay your Group for the coverage.

Federal or State-Mandated Continuation of Coverage

Termination of coverage will be postponed if the Member is on a leave of absence and continuation of coverage is required by the federal or state-mandated family or medical leave act or law, as amended.

State Continuation Coverage for Surviving, Divorced, or Separated Spouses 55 or Older

If your Group has 20 or more employees, you and your Dependents may be able to continue your coverage under this *EOC* through your Group if you meet all of the following criteria:

- You are the Subscriber's Spouse.
- You are age 55 or older.
- The Subscriber died, or you divorced or are legally separated from the Subscriber.
- You are not eligible for Medicare.

To continue coverage, you must notify Member Services in writing within 60 days after legal separation or divorce, or the Group must notify us in writing within 30 days after the death of the Subscriber. Within 14 days after we receive the notice, we will send you an election form, payment information, and instructions for electing continuation coverage. You must return the completed election form no later than 60 days after the date we mailed it to you.

The first Premium payment must be paid within 45 days of your coverage election date. Your right to continue coverage as a surviving, separated, or divorced Spouse will end upon the earliest of the following events:

- You fail to pay your Premium.
- The Group's *Agreement* with us terminates.
- You become covered under another group health coverage.
- You, as a separated or divorced Spouse, remarry.
- You become eligible for Medicare.

State Continuation Coverage for Non-COBRA Groups

You may be able to continue coverage under this *EOC* for up to nine months if all of the following requirements are met:

- Your Group is not subject to COBRA law.
- The Subscriber in your Family was covered continuously under this *EOC* during the three-month period ending on the date of the qualifying event.
- You were covered under this *EOC* on the day before the qualifying event, or you are a child born to or adopted by the Subscriber while the Subscriber has continuation coverage under this "State Continuation Coverage for Non-COBRA Groups" section and you would have been covered under this *EOC* if you had been born or adopted on the day before the qualifying event. For the purposes of this "State Continuation Coverage for Non-COBRA Groups" section, "qualifying event" means the loss of membership under this *EOC* caused by one of the following:
 - Voluntary or involuntary termination of the employment of the Subscriber.
 - A reduction in hours worked by the Subscriber.
 - The Subscriber's becoming eligible for Medicare.
 - A Dependent's losing Dependent child status under this *EOC*.
 - Termination of membership in your Group resulting in loss of eligibility under the Group's evidence of coverage.
 - The death of the Subscriber.
- You are not eligible for Medicare, and you are not eligible for coverage under any other hospital or medical coverage or program that was not covering you on the day before the qualifying event.

To request continuation coverage under this "State Continuation Coverage for Non-COBRA Groups" section, you must send us a written request for this continuation coverage no later than 15 days after the later of the following:

- The date of your qualifying event.
- The date on which we sent you notice of your right to continue coverage under this *EOC*.

You must mail or fax your written request to us at:

Consolidated Service Center (CSC)
PO Box 23127
San Diego, CA 92193
Fax: 866-311-5974

Your Premium will be 100 percent of the applicable Premium. You must pay your first Premium payment to your Group within 31 days after the date of your qualifying event. Subsequent Premium payments are due on the last day of the month preceding the month of membership.

Continuation coverage under this “State Continuation Coverage for Non-COBRA Groups” section ends on the earliest of the following dates:

- The date that is nine months after your qualifying event.
- The end of the period for which we received your last timely Premium payment.
- The Premium due date coinciding with or next following the date that you become eligible for Medicare or for coverage under any other hospital or medical coverage or program that was not covering you on the day before the qualifying event.
- The date on which your Group’s *Agreement* with us terminates.

If you are a surviving, divorced, or separated Spouse and are not eligible for continuation coverage under the “State Continuation Coverage for Surviving, Divorced, or Separated Spouses 55 or Older” section you may continue coverage for yourself and your Dependents under this “State Continuation Coverage for Non-COBRA Groups” section under the same terms as the Subscriber.

If you are a Subscriber who is laid off and then rehired by the same employer within nine months and you were eligible for coverage at the time of the layoff, you may not be subjected to any waiting period even if you chose not to continue coverage under this “State Continuation Coverage for Non-COBRA Groups” section.

If your Group coverage was under another evidence of coverage on the date of your qualifying event and you later became covered under this *EOC*, you may be able to continue coverage under this *EOC* if you otherwise meet the eligibility requirements in this “State Continuation Coverage for Non-COBRA Groups” section.

The period of state continuation coverage includes the number of months you were covered under the previous evidence of coverage plus the number of months of coverage under this *EOC*, not to exceed nine months.

State Continuation Coverage after Workers’ Compensation Claim

If you are a Subscriber and you file a workers’ compensation claim for an injury or illness, you may be able to continue coverage under this *EOC* for up to six months after you would otherwise lose eligibility. Please contact your Group for details such as how to elect coverage and how much you must pay your Group for the coverage.

Uniformed Services Employment and Reemployment Rights Act (USERRA)

If you are called to active duty in the uniformed services, you may be able to continue your coverage under this *EOC* for a limited time after you would otherwise lose eligibility, if required by federal law (USERRA).

You must submit an USERRA election form to your Group within 60 days after your call to active duty. Please contact your Group if you want to know how to elect USERRA coverage and how much you must pay your Group for the coverage.

Conversion to an Individual Plan

After your Group notifies us to terminate your membership, we will send a termination letter to the Subscriber’s address of record. The letter will include information about options that may be available to you to remain a Member. You may contact Member Services if you have questions.

Moving to Another Kaiser Foundation Health Plan Service Area

If you move to another Kaiser Foundation Health Plan service area, you should contact your Group's benefits administrator to learn about your Group health care options. You may be eligible to enroll in a plan in the other Kaiser Foundation Health Plan service area. Eligibility requirements, benefits, premium, deductible, copayments, and coinsurance may not be the same in the other service area.

Applications and Statements

You must complete any applications, forms, or statements that we request in our normal course of business or as specified in this *EOC*. In the absence of fraud, all statements made by an applicant, Group, or Subscriber shall be deemed representations and not warranties. No statement made for the purpose of

effecting coverage shall void coverage or reduce benefits unless contained in a written instrument signed by the Group or Subscriber, a copy of which has been furnished to the Group or Subscriber.

Assignment

You may not assign this *EOC* or any of the rights, interests, claims for money due, benefits, or obligations hereunder without our prior written consent.

Attorney Fees and Expenses

In any dispute between a Member and Company or Medical Group or Kaiser Foundation Hospitals, each party will bear its own attorney fees and other expenses, except as otherwise required by law.

Exercise of Conscience

We recognize the right to exercise religious beliefs and conscience. If a Participating Provider or Participating Facility declines to provide a covered Service for reasons of conscience or religion, we will make arrangements to provide the covered Services.

Governing Law

Except as preempted by federal law, this *EOC* will be governed in accord with Oregon law and any provision that is required to be in this *EOC* by state or federal law shall bind Members and Company whether or not set forth in this *EOC*.

Group and Members not Company Agents

Neither your Group nor any Member is the agent or representative of Company.

Information about New Technology

When a new medical technology or procedure needs review, our Inter-regional New Technology Committee examines and evaluates data from government agencies, medical experts, medical journals, and medical specialty societies. Recommendations from this inter-regional committee then are passed onto the local committee. The committee reviews the national recommendations to see how they apply to local medical practices. Once this review takes place, the committee makes recommendations for the new technology or procedure to become a covered benefit. In addition, the committee communicates practice guidelines to network providers and related health care providers. If the committee's recommendation is accepted, the new technology is added to the covered benefits, either immediately or when this contract renews.

No Waiver

Our failure to enforce any provision of this *EOC* will not constitute a waiver of that or any other provision or impair our right thereafter to require your strict performance of any provision.

Nondiscrimination

We do not discriminate in our employment practices or in the delivery of Services on the basis of race, ethnicity, nationality, actual or perceived gender, age, physical or mental disability, marital status, sexual orientation, genetic information, or religion.

Notices

We will send our notices to you to the most recent address we have for the Subscriber. The Subscriber is responsible for notifying us of any change in address. Subscribers who move should call Member Services as soon as possible to give us their new address.

Overpayment Recovery

We may recover any overpayment we make for Services from anyone who receives an overpayment, or from any person or organization obligated to pay for the Services.

Privacy Practices

Kaiser Permanente will protect the privacy of your protected health information (PHI). We also require contracting providers to protect your PHI. Your PHI is individually identifiable information about your health, health care Services you receive, or payment for your health care. You may generally see and receive copies of your PHI, correct or update your PHI, and ask us for an accounting of certain disclosures of your PHI.

We may use or disclose your PHI for treatment, payment, health research, and health care operations purposes, such as measuring the quality of Services. We are sometimes required by law to give PHI to others, such as government agencies or in judicial actions. In addition, Member-identifiable health information is shared with your Group only with your authorization or as otherwise permitted by law. We will not use or disclose your PHI for any other purpose without your (or your representative's) written authorization, except as described in our *Notice of Privacy Practices*. Giving us this authorization is at your discretion.

You have the right to request that Kaiser Permanente send your PHI directly to you, and not to the Subscriber of your Plan. You have the right to tell us where you want us to redirect communications containing your PHI, including a different mailing address, email address or telephone number. To make a request for confidential communication, please call Member Services and ask for a "Confidential Communication Request" form. It may take up to 30 days from the date of receipt of the form for us to process your request.

This is only a brief summary of some of our key privacy practices. Our *Notice of Privacy Practices*, which provides additional information about our privacy practices and your rights regarding your PHI, is available and will be furnished to you upon request. To request a copy, please call Member Services. You can also find the notice on our website at kp.org.

Unusual Circumstances

In the event of unusual circumstances that delay or render impractical the provision of Services, such as major disaster, epidemic, war, riot, civil insurrection, labor disputes, disability of a large share of personnel at Participating Facilities, and complete or partial destruction of Participating Facilities, we will make a good faith effort to provide or arrange for covered Services within the limitations of available personnel and facilities. Kaiser Permanente shall have no other liability or obligation if covered Services are delayed or unavailable due to unusual circumstances.

KAISER FOUNDATION HEALTH PLAN OF THE NORTHWEST OUTPATIENT PRESCRIPTION DRUG RIDER

This rider is part of the *Evidence of Coverage (EOC)* to which it is attached. This rider becomes part of the *EOC* “Benefits” section, except for the “Outpatient Prescription Drug Rider Benefit Summary,” which becomes part of the *EOC* “Benefit Summary.” The provisions of the *EOC* apply to this entire rider.

Note: We also cover some outpatient drugs and supplies in the “Limited Outpatient Prescription Drugs and Supplies” section of the *EOC*.

Covered Drugs and Supplies

We cover outpatient prescription drugs and supplies as described in this “Outpatient Prescription Drug Rider.”

Covered drugs and supplies must be prescribed by a Participating Provider or any licensed dentist in accordance with our drug formulary guidelines.

You must obtain drugs and supplies at a Participating Pharmacy (including our Mail-Order Pharmacy). You may obtain a first fill of a drug or supply at any Participating Pharmacy. All refills must be obtained through a pharmacy owned and operated by Kaiser Permanente (including our Mail-Order Pharmacy), or at another Participating Pharmacy that we designate for covered refills. See your *Medical Facility Directory*, visit kp.org, or contact Member Services.

Cost Share for Covered Drugs and Supplies

When you get a prescription from a Participating Pharmacy, or order a prescription from our Mail-Order Pharmacy, you pay the applicable Cost Share as shown in the “Outpatient Prescription Drug Rider Benefit Summary.” This applies for each prescription consisting of up to the day supply shown in the “Outpatient Prescription Drug Rider Benefit Summary.”

Outpatient prescription drugs and supplies are subject to the applicable Cost Share until the medical Out-of-Pocket Maximum is met.

If Charges for the drug or supply are less than your Copayment, you pay the lesser amount.

When you obtain your prescription through a pharmacy owned and operated by Kaiser Permanente (including our Mail-Order Pharmacy) you may be able to use an approved drug manufacturer coupon as payment for your prescription Cost Share. If the coupon does not cover the entire amount of your Cost Share, you are responsible for the additional amount up to the applicable Cost Share as shown in the “Benefit Summary.” When you use an approved coupon for payment of your Cost Share, the coupon amount will count toward the Out-of-Pocket Maximum. For more information about the Kaiser Permanente coupon program rules and limitations, please call Member Services, or go to kp.org/rxcoupons.

Day Supply Limit

The prescribing provider determines how much of a drug or supply to prescribe. For purposes of day supply coverage limits, the prescribing provider determines the amount of a drug or supply that constitutes a Medically Necessary 30-day (or any other number of days) supply for you. When you pay the applicable Cost Share shown in the “Outpatient Prescription Drug Rider Benefit Summary,” you will receive the prescribed supply up to the day supply limit. If you wish to receive more than the covered day supply limit, then you must pay Charges for any prescribed quantity that exceeds the day supply limit.

Medication Synchronization

Medication synchronization is the coordination of medication refills, if you are taking two or more medications for a chronic condition, so that your medications are refilled on the same schedule. You may request medication synchronization for a new prescription from the prescribing provider or a Participating Pharmacy who will determine the appropriateness of medication synchronization for the drugs being dispensed and inform you of the decision.

How to Get Covered Drugs or Supplies

Participating Pharmacies are located in many Participating Facilities. To find a Participating Pharmacy, please see your *Medical Facility Directory*, visit **kp.org**, or contact Member Services.

Participating Pharmacies include our Mail-Order Pharmacy. This pharmacy offers postage-paid delivery to addresses in Oregon and Washington. Some drugs and supplies are not available through our Mail-Order Pharmacy, for example drugs that require special handling or refrigeration, or are high cost. Drugs and supplies available through our Mail-Order Pharmacy are subject to change at any time without notice.

If you would like to use our Mail-Order Pharmacy, call 1-800-548-9809 or order online at **kp.org/refill**.

Definitions

The following terms, when capitalized and used in this “Outpatient Prescription Drug Rider,” mean:

- **Brand-Name Drug.** The first approved version of a drug. Marketed and sold under a proprietary, trademark-protected name by the pharmaceutical company that holds the original patent.
- **Generic Drug.** A drug that contains the same active ingredient as a Brand-Name Drug and is approved by the U.S. Food and Drug Administration (FDA) as being therapeutically equivalent and having the same active ingredient(s) as the Brand-Name Drug. Generally, Generic Drugs cost less than Brand-Name Drugs, and must be identical in strength, safety, purity, and effectiveness.
- **Non-Preferred Brand-Name Drug.** A Brand-Name drug or supply that is not approved by Company’s Regional Formulary and Therapeutics Committee and requires prior authorization for coverage.
- **Preferred Brand-Name Drug.** A Brand-Name drug or supply that Company’s Regional Formulary and Therapeutics Committee has approved. Marketed and sold under a proprietary, trademark-protected name by the pharmaceutical company that holds the original patent.

About Our Drug Formulary

Our drug formulary is a list of drugs that our Regional Formulary and Therapeutics Committee has reviewed and approved for our Members and includes drugs covered under this rider. Drugs on the formulary have been approved by the FDA.

Our Regional Formulary and Therapeutics Committee is made up of Participating Physicians, other Participating Providers, and administrative staff. The committee chooses drugs for the formulary based on several factors, including safety and effectiveness as determined from a review of the scientific literature. They may not approve a drug if there is not enough scientific evidence that it is clinically effective. They may also exclude a drug if it does not have a clinical or cost advantage over comparable formulary drugs.

The Regional Formulary and Therapeutics Committee meets to review new drugs and reconsider drugs currently on the market. After this review, they may add drugs to the formulary or remove drugs from it. If a drug is removed from the formulary, you will need to switch to another comparable drug that is on the drug formulary, unless your old drug meets exception criteria. Refer to the “Drug Formulary Exception Process” in this rider for more information.

If a formulary change affects a prescription drug you are taking, we encourage you to discuss any questions or concerns with your Participating Provider or another member of your health care team.

Drugs on our formulary may move to a different drug tier during the Year. For example, a drug could move from the Non-Preferred Brand-Name Drug list to the Preferred Brand-Name Drug list. If a drug you are taking is moved to a different drug tier, this could change the Cost Share you pay for that drug.

To see if a drug or supply is on our drug formulary, or to find out what drug tier the drug is in, go online to **kp.org/formulary**. You may also call our Formulary Application Services Team (FAST) at 503-261-7900 or toll free at 1-888-572-7231. If you would like a copy of our drug formulary or additional information about the formulary process, please call Member Services. The presence of a drug on our drug formulary does not necessarily mean that your Participating Provider will prescribe it for a particular medical condition.

Drug Formulary Exception Process

Our drug formulary guidelines include an exception process that is available when a Participating Provider or any licensed dentist prescribes a drug or supply that our drug formulary does not list for your condition, if the law requires the item to bear the legend “Rx only.” The exception process is not available for drugs and supplies that the law does not require to bear this legend, or for any drug or supply prescribed by someone other than a Participating Provider or any licensed dentist.

A Participating Provider or any licensed dentist may request an exception if they determine that the non-formulary drug or supply is Medically Necessary. We will make a coverage determination within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests.

We will approve the exception if all of the following requirements are met:

- We determine that the drug or supply meets all other coverage requirements except for the fact that our drug formulary does not list it for your condition.
- Medical Group or a designated physician makes the following determinations:
 - The drug or supply is Medically Necessary because you are allergic to, or intolerant of, or have experienced treatment failure with, any alternative drugs or supplies that our drug formulary lists for your condition.
 - Your condition meets any additional requirements that the Regional Formulary and Therapeutics Committee has approved for the drug or supply. For this drug or supply, the pharmacy can provide a copy of the additional criteria upon request. In some cases, there may be a short delay in filling your prescription while your information is being reviewed.

If we approve an exception through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the “Outpatient Prescription Drug Rider Benefit Summary.”

If we do not approve the formulary exception request, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under “External Review” in the “Grievances, Claims, Appeals, and External Review” section.

Prior Authorization and Step Therapy Prescribing Criteria

Prior authorization is required when you are prescribed certain drugs or supplies before they can be covered. A Participating Provider may request prior authorization if they determine that the drug or supply is Medically Necessary. Prescribing Participating Providers must supply to Company the medical information necessary for Company to make the prior authorization determination. Coverage for a prescribed drug or supply that is approved for prior authorization begins on the date Company approves the request.

Approved requests for prior authorization are binding on us for one year from the date that the treatment begins following our approval if the drug:

- Is prescribed as a maintenance therapy that is expected to last at least 12 months based on medical or scientific evidence;

- Continues to be prescribed throughout the 12-month period; and
- Is prescribed for a condition that is within the scope of use for the drug as approved by the FDA, or has been proven to be a safe and effective form of treatment for your medical condition based on clinical practice guidelines developed from peer-reviewed medical literature.

A list of those drugs and supplies that require prior authorization and the Utilization Review criteria we use are available online at **kp.org/formulary** or you may contact Member Services.

We apply step therapy prescribing criteria, developed by Medical Group and approved by Company, to certain drugs and supplies. The step therapy prescribing criteria require that you try a therapeutically similar drug (step 1) for a specified length of time before we will cover another drug (step 2) prescribed for the same condition. A list of drugs and supplies subject to step therapy prescribing criteria, and the requirements for moving to the next step drug, are available online at **kp.org/formulary** or you may contact Member Services.

Prior Authorization Exception Process

We have a process for you or your prescribing Participating Provider to request a review of a prior authorization determination that a drug or supply is not covered. This exception process is not available for drugs and supplies that the law does not require to bear the legend “Rx only.”

Your prescribing Participating Provider may request an exception if they determine that the drug or supply is Medically Necessary. Prescribing Participating Providers must supply to the Participating Pharmacy the medical information necessary to review the request for exception. A coverage determination will be made within 72 hours of receipt for standard requests and within 24 hours of receipt for expedited requests.

If the exception request is approved through this exception process, then we will cover the drug or supply at the applicable Cost Share shown in the “Outpatient Prescription Drug Rider Benefit Summary.”

If the exception request is not approved, we will send you a letter informing you of that decision. You may request a review by an independent review organization. The process is explained in our denial letter and under “External Review” in the “Grievances, Claims, Appeals, and External Review” section.

Emergency Fill

For purposes of this section, “emergency fill” means a limited dispensed amount of the prescribed drug that allows time for the processing of a prior authorization request. You may have the right to receive an emergency fill of a prescription drug that requires prior authorization under the following circumstances:

- the Participating Pharmacy is unable to reach the Company’s prior authorization department by phone, as it is outside the department’s business hours; or
- the Participating Pharmacy is unable to reach the prescribing Participating Provider for full consultation, and
- delay in treatment would result in imminent emergency care, hospital admission or might seriously jeopardize the life or health of the patient or others in contact with the patient.

An emergency fill must be received at a Participating Pharmacy and is subject to the applicable Cost Share shown in the “Outpatient Prescription Drug Rider Benefit Summary.” An emergency fill is limited to no more than a seven-day supply or the minimum packaging size available.

Your Prescription Drug Rights

You have the right to safe and effective pharmacy Services. You also have the right to know what drugs are covered under this Plan and the limits that apply. If you have a question or a concern about your prescription drug benefits, please contact Member Services or visit us online at **kp.org**.

Medication Management Program

The Medication Management Program is available at no extra cost to Members who use Participating Pharmacies. The program's primary focus is on reducing cardiovascular risk by controlling lipid levels and high blood pressure. Providers, including pharmacists, nurse care managers, and other staff, work with Members to educate, monitor, and adjust medication doses.

Outpatient Prescription Drug Rider Limitations

- If your prescription allows refills, there are limits to how early you can receive a refill. In most cases, we will refill your prescription when you have used at least 70 percent of the quantity. Prescriptions for controlled substances cannot be refilled early. Please ask your pharmacy if you have questions about when you can get a covered refill.
- The Participating Pharmacy may reduce the day supply dispensed at the applicable Cost Share to a 30-day supply in any 30-day period if it determines that the drug or supply is in limited supply in the market or for certain other items. Your Participating Pharmacy can tell you if a drug or supply you use is one of these items.
- For certain drugs or supplies we may limit the amount of a drug or supply that is covered for a specified time frame. Quantity limits are in place to ensure safe and appropriate use of a drug or supply. Drugs and supplies subject to quantity limits are indicated on our drug formulary, available at kp.org/formulary. You may also contact Member Services for more information.
- Not all drugs are available through mail order. Examples of drugs that cannot be mailed include controlled substances as determined by state and/or federal regulations, drugs that require special handling, and drugs affected by temperature.

Outpatient Prescription Drug Rider Exclusions

- Drugs and supplies ordered from the Mail-Order Pharmacy to addresses outside of Oregon or Washington.
