

23.2 Jaggaer Release

New Features Impacting End Users

<u>General Site Enhancement</u>
<ul style="list-style-type: none"> Product Release Library and Online Help Updates The Product Release Library (PRL) has a new and improved look and feel, and Online Help has been updated to reflect the new PRL structure. Internet Explorer Browser No Longer Supported for JAGGAER Solutions The JAGGAER Solution can no longer be accessed via the Internet Explorer Browser.
<u>eProcurement</u>
<ul style="list-style-type: none"> N/A
<u>Supplier Management</u>
<ul style="list-style-type: none"> Supplier Search: A new experience view for supplier searches allows for better usability. End Users may access the new view from the Supplier Search page by clicking the toggle icon, select “New Experience” and then click “Save”. <div data-bbox="302 949 834 1192">  <div data-bbox="451 1171 490 1192">>></div> <div data-bbox="500 949 834 1192" style="border: 1px dashed gray; padding: 10px;"> <p>Would you like to try out our new search experience?. You can switch as often as you like.</p> <p><input checked="" type="radio"/> New search</p> <p><input type="radio"/> Classic search</p> <p style="text-align: right;">SAVE CANCEL</p> </div> </div>
<u>Sourcing</u>
<ul style="list-style-type: none"> N/A
<u>Contracts+</u>
<ul style="list-style-type: none"> Contract Term Functionality Updates: Users can define a contract term, allowing a contract end date to automatically update if the start date changes. Simply enter a start date, and then use Jaggaer’s new option “Term” to have the expiration date automatically update as the Start Date is updated (by the amount of time designated in the Term).
