

Legal / Contractual Obligation

Reserve and contingency accounts reflect prudent financial management of county resources. The reserve has been established at 10% - a level that Moody's Investors Service uses as a benchmark. The goal in developing the reserve policy was to shield the County from fluctuations in revenues available to fund ongoing programs. The policy articulates the conditions under which reserves will be used and outlines a process for replenishing them should they fall below the goal. The General Fund contingency cannot be accessed unless the Board takes affirmative action to transfer it. Conditions under which the the contingency can be used are limited. in most cases. to one-time-only expenditures.
