Executive Summary

The Success through Accountability, Restitution and Treatment (START) Court program is committed to a drug court model, engaging a multi-disciplinary team to promote positive outcomes for participants and the community. Intensive supervision, close working partnerships with treatment agencies, and frequent court monitoring ensure comprehensive services and accountability for individuals enrolled in the program.

Program Description

Many property offenses are motivated by substance use disorders. START Court adheres to nationally recognized drug court key components to address addiction and other high risk, criminal behaviors that keep individuals involved in the criminal justice system. By partnering with the court, treatment providers, and related professionals, this program holds participants accountable. In an attempt to decrease additional felony convictions and address addiction, both the Oregon Department of Corrections and the Oregon Criminal Justice Commission invested in comprehensive programming for this population. The funding agencies conduct evaluations of each program and report back to the legislature with the results.

START Court provides alternative sentencing for downward dispositional cases, and focuses on high risk and high need individuals. Comprehensive wrap-around services provided by a variety of stakeholders (Multnomah County Court, the Multnomah County Sheriff's Office, the District Attorney's Office and defense attorneys, treatment, community partners, and DCJ) collaborate to deliver evidence-based practices that produce successful outcomes. Referrals to START Court are filtered primarily through the Multnomah County Justice Reinvestment Program (MCJRP), which provides informed sentencing.

The START policy team has an Equity and Inclusion subcommittee that includes representation from the court, probation, treatment and other team members based on project or discussions. This work is guided by the Racial and Ethnic Disparities (RED) assessment tool and an action plan created as part of the National Drug Court Institute (NDCI) Equity and Inclusion training.
