**Executive Summary**

This program allocates one-time capital funding for the Joint Office of Homeless Services (JOHS) to use in developing and improving high quality, year-round congregate, motel, and alternative emergency shelter capacity for multiple populations, as well as funding to support the creation of additional temporary/seasonal shelters.

**Program Description**

Multnomah County is committed to funding and operating long-term, high-quality, year-round emergency shelters, and to continuing to provide seasonal temporary shelter during cold weather months. This program offer allocates of one-time capital funds that will be used to create, improve, and maintain congregate, motel, and alternative shelter programs.

After an initial rapid expansion of emergency shelter capacity in available locations, the JOHS is using an equity lens to lead the transformation of all year-round shelters into a network of community-based shelter programs that are located, designed, and service-supported to maximize transitions of shelter participants back into permanent housing. The JOHS strategically invests in shelters to further its commitment to ending homelessness. This is done by purchasing, developing, and operating emergency shelters that offer safety off the streets, and are intentionally developed to maximize the number of people who successfully transition through them to permanent housing. This program provides the critical capital resources to continue the acquisition and development of year-round emergency shelter sites that meet this commitment.

This offer also funds some capital expenses related to severe weather shelter. There is an ongoing need to offer expanded basic safety off the streets shelter in the winter months for populations that are especially vulnerable when the weather turns wetter and colder. While winter shelter locations do not require the level of capital investment of year-round emergency shelter programs, funds are needed annually to meet winter shelter expansion efforts.
