

**Program #40044A - Health Data and Analytic Team** **FY 2025 Department Requested**

**Department:** Health Department **Program Contact:** Kathryn McKelvey  
**Program Offer Type:** Administration **Program Offer Stage:** Department Requested  
**Related Programs:**  
**Program Characteristics:** In Target

**Executive Summary**

This program offer includes a team of developers, analysts and project managers who provide report development and analytic services to the department. In addition, the annual cost of the EPIC practice management, and the Electronic Health Record (EHR) system used by the Health Department is budgeted here.

**Program Description**

The Health Data and Analytic Team (HDAT) provides business intelligence, data development, analytics, data visualization, and data governance services for the entire department to support decision making. The team leads federal, state and local reporting processes to ensure compliance with funding requirements. They create and maintain hundreds of operational reports for on-going business intelligence needs.

A portion of costs in this program offer are the annual transactional costs, licensing fees and patient statement printing costs associated with the EPIC system hosted by OCHIN (Our Community Health Information Network). All of the medical and dental services provided by the Health department use this electronic healthcare system including: primary care, dental, student health centers, corrections health, STD and other community and home based services.

The Health Data and Analytic Team is committed to centering equity in policy and practice. The team will support the disaggregation of data and advocate for reports and dashboards that allow for a more complete and comprehensive analysis of disparities in health outcomes, recruiting, hiring and retention and help identify operational metrics that evaluate the equity impacts of department policies and practices. The department initiatives focused on IT prioritization and data governance center activities that advance racial equity and help to dismantle white supremacy.
