**Executive Summary**

The Joint Office of Homeless Services (JOHS) funds emergency shelter for the four systems of care (adults, youth, families, and survivors of domestic violence). This program offer funds a portion of emergency shelter for adults. The basic safety of people experiencing homelessness requires funding for a full range of emergency night and day shelter options that offer access to critical hygiene, health, and housing services. This program offer funds the operations to maintain existing shelter capacity for adult-only households, including individuals, couples, or families without minor children.

**Program Description**

Emergency shelter and associated emergency services are vital to protecting the basic health and safety of individuals experiencing homelessness, particularly older adults and those with disabling conditions. Shelters are critical locations for people to be safe while learning about and accessing the services they need to find permanent housing and receive necessary healthcare. Most adult shelters have priority access for women, veterans, those with disabilities and those ages 55 and older. All shelters, regardless of size and configuration, are required to provide trauma-informed, racially equitable, and culturally responsive or specific programming that emphasizes meeting participants' immediate needs. This program offer includes the following:

- **Emergency shelter:** Provides programs for women, men, all-gender and couples (including veteran-specific programming). Shelters are low-barrier and operate year-round. Funds are contracted to nonprofit providers to cover shelter operating expenses. This shelter type includes congregant shelter and non-congregant motel shelter sites.
- **Day Centers:** Day centers serve a dual purpose of providing a safe place to be out of the elements during the day and a vital point of access to the services needed to exit homelessness. Day centers function as resource centers, bringing together numerous partners at one location to offer an array of services, including employment, healthcare, and education.
- **Recuperative Care shelter beds:** Provides recuperative care services for medically-vulnerable individuals experiencing homelessness who need ongoing care and are exiting hospitals and other medical settings. Funds support on-site services and staffing.
- **Shelter beds with enhanced behavioral health supports:** Shelter space and programming for 30 short-term shelter beds for individuals regularly accessing other crisis mental health services in the community. Connecting these individuals to appropriate shelter will provide a safe space to maintain psychiatric stability through mental health support services and a transition to ongoing behavioral health treatment and other essential services and supports. Funds help cover shelter operating expenses including rent, staffing, materials/supplies, and on-site services.
