
Steering and Oversight Committee

Participation Description:

Supportive Housing Services Taxpayer

Background:

The [Homelessness Response Action Plan](#) lays out goals, action items, and timeframes for the community's response to homelessness, with a focus on providing more people with safer options off our streets. The plan expands the range of partnerships to include homeless services providers, first responders, healthcare and housing organizations. The plan emphasizes work to address racial disparities in homelessness and it commits to providing clear and expanded access to the range of services someone needs to leave homelessness or never have to experience it in the first place.

The plan creates new oversight and accountability structures for the [Homelessness Response System](#) to set goals, objectives, and strategies to inform budgets needed to achieve outcomes. It creates a co-governance model in the Steering and Oversight Committee to identify responsibilities, coordination, and goals. Under that committee, it calls for an Implementation Committee to track progress, identify challenges, collaborate and hold one another accountable to solutions. And it assembles a Community Advisory Committee to elevate the issues of those across the spectrum of providers, partners, and impacted stakeholders to offer their input on goals and solutions and other kinds of feedback.

The Homelessness Response System [Steering and Oversight Committee](#) will set strategies and approaches related to the Homelessness Response System.
