Executive Summary

The Criminal Justice Information Systems (CJIS) Unit's goal is to provide the highest quality, most cost effective IT services to MCSO users, so that they can provide exemplary service for a safe livable community. The CJIS Unit strives to provide the right information to the right people in a timely manner to make informed decisions.

Program Description

The MCSO CJIS Unit supports all aspects of IT for the Sheriff's Office, including but not limited to PCs, laptops, servers, printers, directory services (including email, authentication and security), mobile computer systems in the MCSO fleet and a number of CJIS and non-CJIS applications. MCSO currently supports upwards of 2500 users, between our internal users and partner agency users, which all need access to SWIS, IWS (Mugshot system) and other MCSO supported shared applications. The CJIS Unit works closely with Justice Partner agencies to provide their users access to MCSO applications. MCSO CJIS also supports external partners' access and authentication to MCSO CJIS applications as well as public access to MCSO data via our web site at www.mcso.us. MCSO CJIS is a partner with Multnomah County District Attorney IT, Portland Police IT and Multnomah County Courts IT in RJNet. RJNet is the foundation for a Regional Justice Network, that in the future will allow the partner agencies to share data electronically as an offender moves through the Criminal Justice process.

MCSO CJIS supports over 500 desktop PCs, 100 mobile data connections, 100 network printers, 50 servers and over 2500 users between MCSO staff, volunteers and External Partners needing access to MCSO CJIS Applications and IT Systems.

Performance Measures

Measure Type	Primary Measure	Previous Year Actual (FY10-11)	Current Year Purchased (FY11-12)	Current Year Estimate (FY11-12)	Next Year Offer (FY12-13)
Output	Number of work orders completed	0	3,200	3,525	3,500
Outcome	Average time to complete work orders (hours)	0	100	120	120

Performance Measure - Description

Note: some work orders take several days or weeks to complete, while others are completed within a few minutes. In FY11, work complexity went up and preventative work increased, reducing the number of calls for service. We are now also tracking projects in our helpdesk software, and this is skewing our hours up.

Executive Summary

The MCSO Fiscal Unit program provides comprehensive budget and fiscal services to the Multnomah County Sheriff's Office. The Sheriff's Office has approximately 800 employees and a \$120 million agency budget. The Fiscal Unit conducts data entry, analysis, expenditure oversight as well as information reporting to the Sheriff's Office management and staff. The Fiscal Unit works with the Planning and Research Unit and Executive Office in providing information to the public.

Program Description

The Fiscal Unit performs a core agency function by gathering data, entering, analyzing, and reporting to Command Staff fiscal information so that strategic operational decisions can be made. The Fiscal Unit makes certain that funds are available for running the agency's operating programs and documents their use by performing: budget development and monitoring; fiscal projections; accounts receivable and payable; inmate welfare fund accounting; contract development and monitoring; grant accounting; travel and training processing; as well as monitoring County internal service reimbursements. The Fiscal Unit provides monthly financial reports to management and information for the County's annual audit. County financial policies, procedures and internal controls are implemented and maintained by the Fiscal Unit.

Executive Summary

The Time and Attendance Unit's role is to provide time entry, audit, and reporting to management ensuring that agency staff are accurately paid as well as policies, contract language, and work rules are being consistently followed. The Unit works with employees and management to resolve any overpayment/underpayment issues that occur.

Program Description

The Time & Attendance Unit's responsibility is to enter and report working and non-working time accurately and in a timely manner for all 800 Sheriff's Office employees. The Sheriff's Office is a 24 hour, 365 days per year operation with many different employee schedules. The Unit performs time audits before the payroll cycle is run to ensure that employees are accurately paid and issues are found before they become paycheck problems.

The management of time is an important element to the efficient use of public money and is a common issue in 24/7 public safety operations across the nation. The Time & Attendance Unit is a major component of the Sheriff's Office time management and accountability initiative which includes appropriate levels of staffing; use of overtime; use of planned time off such as vacation, personal holidays, and comp time; and the use of sick leave.

Performance Measure - Description

✔ **Measure Changed**

The measure of special checks issued reflects processing outside of the normal payroll process which occurs when time reporting information was changed after check processing, omitted or from an error made in time entry.

The total time entry hours approved is a measure of the outcome of the time entry process which is then processed by County Central Payroll resulting in paychecks issued.

Executive Summary

The Planning and Research Unit provides research and analysis services to the Sheriff's Office to support policy decisions, budget development, and operational effectiveness. Analysis and reports from this unit meaningfully inform the Sheriff's Office, local public safety partners, and the public.

Program Description

The Planning and Research Unit supports the data analysis needs of the Sheriff's Office, including producing information for policy decisions, budget development, and program support. Specific projects include activity-based costing, budget performance measures, and jail population monitoring. With access to multiple data systems and an effective knowledge of analysis tools, this unit works on issues ranging from examining complex public safety systems to specialized data requests. Specific, on-going projects include daily reporting of emergency population release data and monthly statistics for jail population, bookings, and the average length of stay for arrestees, pretrial inmates, and sentenced offenders. The unit also engages in cost benefit analysis studies to find and explain appropriate staffing levels. These studies include analyses on compensatory time, overtime, sick time and overall leave. Data analysis and reporting for Sheriff's office program activities is essential to effective budgeting, sound policy, and public accountability.

Performance Measures

Measure Type	Primary Measure	Previous Year Actual (FY10-11)	Current Year Purchased (FY11-12)	Current Year Estimate (FY11-12)	Next Year Offer (FY12-13)
Output	Number of quantitative analytics	2,210	3,900	1,852	1,850
Outcome	Number of qualitative analytics	961	1,200	814	800

Performance Measure - Description

Quantitative analytics refers to numeric documents, datasets, spreadsheets produced and/or analyzed. Qualitative analytics refers to narrative documents produced and/or analyzed. Data do not include Visio charts, PowerPoint presentations, Access databases and other files not produced in Excel or Word.

"Time Analysis Unit: Analysis and Reporting" functions currently reside in P&R. Responsibilities include creating reports on employee time usage. Current year purchased and current year estimates are different due to a reduction in the Time Analysis and Reporting functions of the unit.

Data source: Excel and Word files modified or created between 7/1/2010 and 6/30/2011 and between 7/1/2011 to 12/31/2011 found in U:\RAU\.

P&R added a Development Analyst to the unit. The Development Analyst creates application tools for the agency and does not typically produce analytics.

Executive Summary

The Corrections Support Unit maintains records and data concerning every arrestee, pretrial inmate and sentenced offender in MCSO custody. Corrections Support processes inmate bookings, transports, release dates, court orders, release information, and monitors Federal prisoners. CSU has most recently assumed the task of processing Forced Population Releases in accordance with the Capacity Management Plan as adopted by the Board of Commissioners. Corrections Support is currently staffed 24 hours per day, 365 days per year.

Program Description

Corrections Support creates and maintains computerized bookings and releases, captures all inmate mug shots, processes all inmate court orders, calculates release dates for sentences, makes inter and intra-state transport arrangements for inmates and case manages all Federal inmates, Parole and Probation inmates and Fugitive inmates. Corrections Support provides receptionist duties for the MCDCC, processes and releases Forced Releases when a Population Emergency arises, answers the primary public telephone line for all Multnomah County Jails, scans and maintains all custody documents according to State archive rules and regulations and schedules and monitors all persons sentenced to serve weekend sentences.

Corrections Support has the responsibility to ensure all arrestee information is entered into multiple criminal justice information systems correctly, quickly and efficiently. In order to ensure the safety and security of corrections staff, law enforcement agencies and the community, Corrections Support must be meticulous and thorough in processing bookings, transports, court orders, sentences and releases. Corrections Support must be diligent in safeguarding the rights of all inmates and arrestees, thereby limiting the county's liability exposure. Corrections Support work extremely closely and cooperatively with other agencies such as the United States Marshal's Service, US Immigration and Customs Enforcement, the State of Oregon Court system, the District Attorney's office, and the Department of Community Justice of Multnomah County.

Corrections Support processes and performs the duties associated with Forced Population Releases which occur during a jail population emergency. This ensures the "least dangerous" offenders are released to the community.

Executive Summary

The Training Unit provides the coordination of courses and instruction to meet training requirements for law enforcement, corrections and civilian members. The Training Unit ensures compliance with federal and state laws, MCSO policy, work rules, safety considerations and professional standards, as well as addressing the needs and direction of agency leadership.

Program Description

The Training Unit delivers the training required by law and administrative rule, and training necessary for certification maintenance, to manage risk, and to support major policy focuses for each year. The Training Unit delivers this through annual in-service training, firearms/defensive tool (see bullet point below for details) training and certification, recruit and new supervisor field training programs, individual unit training support and records maintenance. The Training Unit ensures each member is equipped to perform the necessary duties to support his or her operational task. The Training Unit maintains requirements for all uniform presence in the community, including schools, waterways, patrol districts, courts and jails to ensure reliable and responsible public interaction and protection. The Training Unit ensures state requirements are met regarding newly hired enforcement and corrections deputies field training programs and basic certifications. Additionally, all sworn members attend mandated occupational health training. MCSO Firearms/Defensive tools consist of Pistol, Rifle, TASER, OC, Baton, Shotgun (lethal), Shotgun (less- Lethal), 40 MM (less- Lethal), Pepper Ball Gun (less- Lethal), FN 303 (less- Lethal).

Output	Firearm and defensive tool training	0	250	184	250
Outcome	Qualifications, certifications and re-certs to carry firearms/defensive tools	0	1,300	1,917	1,900

Performance Measure - Description

“Training sessions held” includes in-service training sessions, special classes offered to MCSO members, firearms qualification sessions, ORPAT sessions, and classes hosted by MCSO. “Number of students receiving training” is the number of students served (i.e. a member may receive one training session while another will receive six training sessions for a total of “7” student services). “Number of firearm and defensive tool training sessions held” is the number of training sessions offered in training, qualification, certification, and re-certification in firearms, OC, TASER, baton, and other weapons. “Number of qualifications, certifications, and re-certifications to carry a firearm or defensive tool” reflects each member's certifications each year, which require multiple training sessions. With the implementation of on-line re-certification courses in OC and TASER, the number of re-certs will go up while keeping number of training sessions somewhat flat or reduced year to year.

Data from our internal training database, Skills Manager. At every training or range session that MCSO Training Unit provides, we have the students sign an F-6 (DPSST document to log a student's attendance at a particular class) and an MCSO payroll roster. The data from the F-6 and payroll roster are checked by a OA Sr. to ensure that the roster is correct, and the data for each student in each class is entered into Skills Manager.

Executive Summary

Corrections Division administration provides administrative leadership and strategic direction to the Sheriff's Office Corrections Division. The Division administration turns Sheriff's policies and directives into the Correction's program offerings that support the citizens of Multnomah County by providing expeditious processing of arrestees and direct supervision of pretrial inmates and sentenced offenders.

Program Description

The Corrections Division provides correctional supervision and services within the Sheriff's Office. The Division's priorities are to enhance public safety by ensuring that sufficient and properly supervised jail space is available and to collaborate with the Department of Community Justice and other criminal justice partners to create an effective corrections continuum.

The programs operated by the Corrections Division support key factors in citizens feeling safe at home, work, school and play – namely the public safety system, social conditions and communities. The programs offered hold offenders accountable for their actions, provide opportunities for treatment, provide rehabilitation resources and pro-social cognitive training.

Division Directors are responsible for policy development, the assignment of resources, and oversight for all Division functions. They provide supervision, coordination and management to the Divisions, working with the operational managers and the Executive Office to ensure cost-effective and culturally competent programs for Multnomah County.

Executive Summary

The Transport Unit is responsible for moving pretrial inmates and sentenced offenders to courts, Multnomah County Corrections facilities, State Corrections Institutions, and to act as one of the Hub locations for the multi-state cooperative transport system. The transport Unit also provides transportation assistance to the Court Services Unit for the transports of high risk inmates to and from the corrections facilities and the courts to include transports of adult offenders appearing in Juvenile courts.

Program Description

The Transport Unit interfaces with all MCSO Corrections facilities and the court system. In addition to transporting inmates among the jail facilities and to court, the unit transports inmates released by the courts, transferred to State Prisons, the State Hospital and at times to medical appointments outside of corrections facilities. The Transport Unit also is a main component of the Multi-state Cooperative Transport System, which shares resources to move inmates among different jurisdictions in various sized buses and vans. The Transport Unit moves inmates to Eastern Oregon once a week and to Salem twice a week as part of the coordinated multi-state shuttle system.

The Transport Unit contributes to Public Safety by supporting offender accountability as part of the Multnomah County jail system. The function also enhances Government Accountability with taxpayer savings as a result of the Multi-state Cooperative Transport System that cost-effectively moves prisoners among jurisdictions.

Executive Summary

The Sheriff's Office Court Security Unit includes provisions for court security and safety at the Multnomah County Justice Arraignment courts, escorting inmates from jails to court proceedings and taking persons into custody when ordered by the court. Court security is an integrated approach to the judicial process that ensures the integrity and safety of the court system and its participants, by effectively evaluating, planning and pro-actively managing threats and potential threats directed to the court system while providing a safe court environment for the judiciary and all attending from the public.

Program Description

The Court Services Unit provides security for the four Arraignment Courts located at the Justice Center. These are extremely busy with community courts, felony and misdemeanor arraignments and hearings, with both in custody and numerous defendants from the public, creating the need for a safe courtroom environment.

The Sheriff is mandated to provide security for the Courts and to provide safe and secure access to the court(s) for inmates, a direct link to Offender Accountability. Arraignment is the first step of the court process for a defendant and critical to the court process. Lack of court security would create severe delays, due to increased security concerns.

Executive Summary

This offer provides for Law Enforcement Deputy Sheriff services to the court(s) of the Juvenile Justice Complex. Deputies assigned to the Juvenile Justice Complex are part of an integrated approach to the juvenile judicial process which ensures the integrity and safety of the juvenile courts, its participants and the facility by effectively evaluating, planning and pro-actively managing safety and potential threats toward the court system. Deputies also deliver juvenile defendants to and from court matters as required by state statute.

Program Description

Deputy Sheriff Services are necessary to both the delivery of defendants and security of the court facility and operation. Deputy Sheriff presence allows for response to incidents within the court rooms and facility as a whole. Deputies assigned assist with coordination of internal movement of juveniles with detention staff and counselors to court proceedings and attorney visitation. The Deputy's presence in the courtroom is essential for safety to the judiciary, staff and public as many of the proceedings convene as family dependency cases, related domestic cases and Measure 11 youth. In addition to court system responsibilities, deputies conduct transports of juveniles to and from Oregon Youth Authority facilities, at times assisting in transporting juveniles to court proceedings arranged at the courthouse in downtown Portland. The Sheriff is mandated to provide security for the Courts and to provide access to the court for juvenile defendants, a direct link to Offender Accountability. Delays can result in criminal justice complications, which may lead to legal action or other proceedings by the Courts. Delays also contribute to slow courts.

Executive Summary

The (TSI) "Turn Self In" program provides a formal sentencing alternative by which the courts can impose a sentence to incarceration over a period of weekend days. This program allows for an offender to maintain their employment and/or other family and life obligations within the community. Two Corrections Deputy FTE are associated with this program.

Program Description

The weekend TSI program operated at the Courthouse Jail Holding area creates budget efficiencies for the County by allowing offenders to serve sentences without needing to utilize all services provided for custody at the County Correctional Facilities. The TSI program minimizes the cost of services to include, medical, overnight stay costs, and minimal need for staffing as associated with jail beds. The TSI program averages 40 to 50 offenders each weekend day.

Offenders serve their weekend time at the Courthouse so as not to interfere with the mainstream jail system and operational processes. For those who are employed or have community obligations acceptable to the court, the TSI sentencing program provides opportunities to maintain employment, support successful reentry into the community while ensuring judgments of the courts are fulfilled. Without the TSI program, judges would have to sentence offenders to probation or jail. With the level of offender normally sentenced to TSI, probation will be the likely option, reducing judicial options supporting Offender Accountability.

In conjunction with the Corrections Volunteer program, offenders sentenced to the weekend TSI program are afforded the opportunity to participate in AA and/or NA meetings. This is a volunteer program and the offender is not required to attend.

Executive Summary

The Facility Security Unit (FSU) is the first level of security for public safety and emergency preparedness in the Multnomah County courts. Facility Security Officers (FSO's) deter the introduction of weapons into the courts by screening entrants via x-ray and magnetometer equipment. The security screening process and the presence of FSO's deter disruptions to court operations.

Program Description

The FSU provides external and internal security to the downtown Courthouse, the Justice Center courts, and the Gresham Court through electronic security screening, uniformed presence, and security patrols. The FSOs provide citizens and employees with a safe and secure environment in which to conduct their business by security screening of all persons entering the court facilities. The FSOs, working in collaboration with other agencies and the State Court prevent disruption of services to the public so court business may be conducted in a safe environment. Persons entering the courts may be emotionally distraught, under the influence of intoxicants, or involved in situations of domestic abuse. The FSO's are the first, positive contact point for all of these persons; whether it is for information, referral, or public safety.

The core functions of the FSU are public safety, security, assistance and referral. The presence of uniformed FSO's helps to deter disturbances and criminal activity in the courts; when court operations are interrupted it costs the taxpayers money. The effectiveness of FSO's is seen in the low ratio of exclusions to the number of persons screened.

Executive Summary

The Facility Security Officers (FSOs) who work the Jail Public Desks are often the only contact available to the public and professional persons requiring assistance with inmate business such as bail, visiting, inmate money and inmate property transactions. The FSO's also provide facility security and safety by controlling and monitoring foot and vehicular access to the lower levels of the Multnomah County Detention Center. FSO's provide public safety by their uniformed presence, facility patrols and the security screening of entrants into the jail areas. The core functions of the Facility Security Unit are public safety, assistance, security, and referral.

Program Description

FSOs provide the public contact point for persons, both the public and professionals (i.e. attorneys), who need to conduct inmate business such as visiting, bail, and inmate property and money transactions. FSOs help ensure public safety by acting as a uniformed deterrent to disruptions within the facility, and prevent the introduction of weapons or contraband into jail facilities through visitor screening. The FSU conducts records checks for Facility Property Management, Corrections Health, Programs, Food Service, and others who need access to the jail. The Facility Security Unit (FSU) works closely with other agencies and MCSO units to facilitate inmate business transactions. People are often discouraged when trying to navigate through the criminal justice system, and FSOs provide person to person assistance to the public. The FSOs ensure continuity of jail operations by providing a safe environment for the public to transact their business. The effectiveness of our presence is seen in the low of persons excluded from visitor areas against the high number of service requests forms processed.

Executive Summary

The Facility Security Unit (FSU) is the first visible resource for people requiring public safety assistance within the Multnomah County Library system. Part of the core functions of the FSU is to provide assistance in the area of public safety coupled with facility security. The presence of uniformed MCSO employees acts as a deterrent to disruptions and criminal activity within library facilities.

Program Description

The FSU is an integral part of the popular Multnomah County Public Library system. The FSU provides a resource for persons needing public safety assistance or information and referral to other public entities. The FSU provides both external and internal security for the Central Library, Midland, N. Portland, Holgate, Hollywood, and Gresham branch libraries. The presence of uniformed FSOs creates a sense of well being and safety for the citizens who use the libraries and the County employees working in the libraries. The libraries often experience problems with persons under the influence of drugs or alcohol, persons who are being disruptive, a transient population using the library as a safe haven, and persons who may pose a danger to the public and employees. The FSOs maintain security and provide a calm, secure atmosphere by handling all of these persons and situations in a professional and reasonable manner. The presence of uniformed FSOs enables the library patrons to enjoy the libraries and conduct their business in a safe and inviting atmosphere. The FSOs are a deterrent to disruptions and criminal activity in the libraries. The effectiveness of our work is seen in the low number of exclusions of person from the libraries to persons served.

Executive Summary

The Facility Security Unit (FSU) is the first contact point for the public and for professional persons, such as attorneys and counselors, entering the Juvenile Justice Center (JJC). The core functions of the FSU include public safety and assistance, security, and referral. These functions are accomplished through one on one contact with the public, entry security screening, and knowledge of the criminal justice system. The presence of uniformed Facility Security Officers (FSOs) helps to deter both disruptions to court operations and criminal activity in the facility.

Program Description

The Facility Security Officers who work at the JJC are primarily responsible for creating a safe environment for the public, staff, and others who work or visit the JJC. This is done by security screening of all entrants into the facility via x-ray and magnetometer, the presence of uniformed FSOs, area patrols, and one on one contact with the public. Persons entering the JJC may be under the influence of drugs, alcohol, facing the loss of their children, or suffering some other life altering situations, such as time in jail. The FS's provide a positive presence to assist these persons in successfully transacting their business at the JJC while keeping disruptions minimal. Disruptions and criminal activity interfere with facility and court operations. They also create difficulties for the families, staff and professional persons conducting court business. All of this can result in higher costs to the tax payer if court and facility functions are disrupted and need to be delayed or postponed. The effectiveness of our work is seen in the low ratio of exclusions from the JJC to the number of persons screened for entry.

Executive Summary

The Corrections Division Classification Unit interviews every pretrial arrestee and sentenced offender coming into custody to determine appropriate housing based upon criminal charge, institutional behavior, risk, and programmatic needs.

Program Description

The Classification Unit is responsible for maintaining a classification system that provides housing configurations used to create safe separations for pretrial inmates and sentenced offenders of different risk and needs levels. Considering factors when determining appropriate housing for an inmate include the inmate's criminal charge, institutional behavior, risk, and programmatic needs. The Unit's primary goal is to operate an objective classification system that provides for separations between violent and non-violent offenders. This is a critical element to ensure that the jail meets a reasonable standard of care required by the United States Constitution. The objective classification process is structured such that inmates who require special housing or have special needs are housed in an environment with inmates of like needs. Inmates who create the potential for compromising safety and security are housed in more restrictive environments with enhanced security as appropriate. The objective classification process is also designed to identify inmate's programmatic needs and provide adequate services and programs meant to aid the inmate in building positive life-skills with the ultimate goal of successful re-entry into the community. The Classification Unit is also responsible to provide an inmate disciplinary process to maintain proper order in the jails, to promote human values, individual dignity, and socially desirable changes in attitude and behavior. Holding inmates accountable while under the Sheriff's supervision is critical to maintain order within the jail system. It also creates incentives for inmates to cooperate while in custody and maintains a safe work environment for employees and inmates.

Executive Summary

MCSO Corrections Counselors provide services to pretrial inmates and sentenced offenders to enhance a safe and secure environment in the jails and to ensure compliance with statutory mandates. Counselor services include, but are not limited to assessment, case management, transition services, individual counseling, group programming, education, mental health, and re-entry services (through linkage with alcohol/drug, mental health, housing, employment and other providers in the community).

Program Description

Corrections Counselors provide services to stabilize, effectively manage, and positively impact pretrial inmates and sentenced offenders. These services satisfy constitutional and statutory requirements, as well as assist inmates with their progression through the jail (most secure to least secure bed) and successful re-entry into the community.

Counselors assess needs and risk, placing those appropriate into work crews or community beds that address alcohol/drug, housing, mental health and other chronic needs. Counselors provide group programming, resource information and referral service, which by the development of community partnerships, link sentenced offenders to various community services to assist them in addressing their needs and issues. Counselors serve as liaisons between the inmates and jail staff (i.e. security, medical, records, auxiliary services, etc.) and outside individuals such as family, employers, attorneys, probation/parole officers, the court, and various social service providers. Counselors engage in individual counseling with inmates to reduce level of anxiety typical to those confined and to equip them with skills to successfully manage their behavior, thereby diffusing escalating behavior, especially for those suffering from serious mental health related issues.

Corrections Counselors provide services not only enhance opportunity for successful re-entry, they assist in providing a safe and humane housing environment for those confined and maximize the efficient and effective use of jail beds.

Executive Summary

The MCSO Corrections Emergency Response Team (CERT) and Crisis Negotiations Team (CNT) respond to emergency situations that represent a potential hazard to a facility, loss of life, serious injury to staff, inmates or the public or when significant property loss is imminent.

The mission of CERT/CNT is to deal with high risk, high liability situations in a safe and secure manner. Members receive specialized training to handle a large variety of emergencies in the safest way possible for both inmates and staff. When called upon, CERT/CNT will always strive to accomplish the stated objective through negotiations or tactical operations using only the most minimal amount of force necessary. CERT/CNT will always attempt to resolve all situations with no injuries to staff or inmates.

Protecting and preserving human life is the top priority for the MCSO CERT/CNT.

Program Description

The MCSO CERT/CNT consists of 1 CERT/CNT Commander, 1 CERT Team Leader, 3 CERT Assistant Team Leaders, 9 CERT members, 1 CNT Team Leaders and 4 CNT members.

CERT is divided into 3 teams of 4 members each. CNT is divided into 2 teams of 2 members each. All members of CERT/CNT are full time MCSO employees and are on call 24/7 (on a rotational basis) to respond to emergent situations. All CERT/CNT members only serve on an "On-Call" status; there are no full time CERT/CNT members. Program funding supports supplies, equipment and training exclusively.

CERT/CNT is used primarily to respond to incidents in an MCSO Corrections Facility, but may be called upon to respond to other County Facilities, such as Juvenile Detention Home, or to respond as mutual aid to another jurisdiction if requested.

Executive Summary

The Sheriff's Office Inmate Work Crew provides opportunities for sentenced offenders to learn general labor and social responsibility while fostering a work ethic that aids in their reintegration into the community. Sentenced offenders who successfully complete this program receive a sense of self worth. This is accomplished while meeting the publics' needs at a reduced cost to the taxpayers by freeing up jail beds in the form of reduced sentences for participating offenders.

Program Description

Each crew is typically composed of eight offenders supervised by a Corrections Deputy. Offenders are expected to be ready to work each morning, take directions, and work as part of a team. This program provides instruction on the proper use and maintenance of general landscaping tools and what type of personal protective equipment is necessary to safely complete the job. Offenders who successfully complete this program can be released early if it is part of the court order at time of sentencing. The early release of these minimum custody offenders gives the Sheriff another tool to effectively manage jail populations ensuring pretrial inmates who are dangerous offenders are not released prematurely into the community due to overcrowding.

Community service work is generally project-oriented. Most of these services are performed for agencies and non-profits that serve the homeless and other at-risk groups within the community. Crews have participated in community events such as Friends of the Library, Sand in the City, March of Dimes March for Babies and Race for the Cure to name a few. Work Crews help in the set up and removal of tents, chairs and activity areas used during these events. The donated time and labor of work crews supply an invaluable resource to ensure these events are successful. In addition, work crews offer an emergency labor force during natural or man-made disasters (i.e., sandbagging, removal of downed trees).

The majority of contracts are with Multnomah County, Oregon Department of Transportation, City of Portland and Metro Regional Government. Other agencies include the cities of Gresham, Maywood Park, Troutdale, Fairview and Wood Village. Public contracted work normally consists of roadside, bridgehead and park maintenance, landscaping and a concentrated effort on cleaning up illegal dumpsites and graffiti removal.

Executive Summary

This offer is for the operation of jail beds at the Multnomah County Detention Center. This includes beds for pretrial inmates and sentenced offenders requiring maximum security, as well as those with medical and psychological needs. MCDC, the only maximum-security facility operated by MCSO, supports local public safety and offender treatment systems. Option A opens 46 beds on the 4th floor and 18 beds in reception as well as establishing the necessary infrastructure for MCDC.

Medical, mental health and dental services at MCDC are provided for 46 male and female pretrial inmates and sentenced offenders in 6 housing areas on the 4th floor of MCDC including the Medical Infirmary, Mental Health Infirmary, Administrative Segregation, and Disciplinary housing and 24 hour emergency response, evaluation and treatment.

Program Description

The 448 maximum-security detention beds at MCDC are offered to support public safety and offender treatment systems by providing safe and humane pretrial or sentenced offender space. The facility includes services such as family and professional visiting, medical, video conferencing, counseling, law library, and religious/educational services to all those detained.

This offer includes the Administration and Support for the facility, jail services such as medical and transport, and resources for the operation of 46 beds. Ten beds serve those with special medical needs, 16 beds are for administrative segregation, 10 beds are mental health services, 18 beds are used in reception and 10 beds are for disciplinary use. This offer captures functions needed to open the jail.

The Sheriff's Office has statutory authority to maintain capacity population levels. In the event of a population emergency, arrestees may be forced released into the community. This offering, in conjunction with the MCIJ offering, will reduce the potential for emergency releases. Operational budget figures are derived from staffing and essential service functions mandated in safe and humane corrections standards.

The program's mission is to ensure that inmates are not medically harmed during their jail stays, are medically and mentally stabilized, and are treated humanely. Suicide prevention is a primary goal.

Executive Summary

This offer is for the operation of 96 individual cells at the Multnomah County Detention Center, located on the 5th floor of the facility. This area is monitored on a 24/7 basis and provides multiple services.

Program Description

The 5th floor of the Multnomah County Detention Center (MCDC) is a housing area in this maximum security facility. The floor contains a control center and four housing modules as well as some program space. The 5A and 5D modules have 32 individual cells each while the 5B and 5C modules have 16 each. The total floor capacity for the 5th floor is 96 cells.

Working with our partners in Programs, Corrections Health and mental health, various services are provided for the inmate population. Examples of services provided may include parenting classes, AA and NA and various educational programs to include GED attainment. A portion of this offer allows for inmate recreation, supervision and facility escorts.

While in the care of the Sheriff, persons incarcerated are provided medical treatment, dental services and mental health care if needed. Additionally, the safety of those incarcerated is paramount to staff. Suicide prevention procedures are reviewed and updated. The Prison Rape Elimination Act is strictly enforced, claims are investigated and prosecution is sought when violations are reported.

Funding of the 5th floor supports the role of public safety and the operations of the MCDC. In turn, funding for MCDC supports the mission of public safety working with the Multnomah County Inverness Jail (MCIJ). The Sheriff has statutory authority to release pretrial inmates in the event of a population emergency. Funding for MCDC and MCIJ aid the Sheriff in managing the incarcerated population and reduce the potential for emergency releases.

Executive Summary

This program offer is for the operation of 166 beds at MCIJ. This is the first offer of 11 scalable levels (design capacity for MCIJ is 1037 beds). The MCIJ dorms are used to appropriately place inmates in the corrections system to ensure a safe, efficient operation of our jail network. Open dorm housing is structured to fit the needs of inmates who do not require special conditions for confinement, while maintaining safe and appropriate separations. MCIJ housing is based on a sound objective classification system.

Offer A is the base offer and includes 166 beds. MCIJ is a medium security, direct supervision corrections facility. Operation ensures the proper custody, control and supervision of detained pretrial inmates and sentenced offenders. Inverness supports program activities for pretrial inmates and sentenced offenders needing counseling, education, and mental health services to facilitate offender's successful transition back to the community and creates work opportunities for sentenced offenders.

Medical, mental health and dental services are provided to male and female general housing. This offer includes a 10 bed infirmary for acute medical care. Medical response to emergencies is provided on a 24/7 basis.

Program Description

The Inverness Jail is a direct supervision, dormitory facility founded on the principles of re-engineering the responsibilities and behavior of inmates. The design and population of Inverness Jail are suited to the greatest opportunities for inmate programs, education and work opportunities.

Offer A opens 166 beds, with 156 general housing beds and 10 medical beds. Operations, Administration, Support and Jail Services, such as clinic, kitchen, and transport, are included in Offer A. Corrections deputies from MCIJ also supervise pretrial inmates and sentenced offenders under medical care at hospitals.

The Inverness Jail is operated in accordance with applicable state statutes and regulations, with the goal of ensuring public safety by providing professionally managed detention services to pretrial inmates and sentenced offenders. The facility also serves as the central link for regional networking through the inmate transport system.

The Corrections Health program's mission is to ensure that inmates are not medically harmed during their jail stays, are medically and mentally stabilized, and are treated humanely. Suicide prevention is a primary goal.

Last year this program was: #60041A, MCSO MCIJ Dorms 10, 11, and 18

Due to a mid-year State Rebalance, in FY 2012, the Sheriff's Office's SB1145 State Funding was reduced by \$1,094,224. All but \$200,000 of this reduced revenue was back-filled with County's General Fund Contingency. The \$200,000 was reduced in the Overtime, Salary-Related and Insurance budgets. This rebalancing exercise also moved 6.5 FTE Corrections Deputies from the Federal/State Fund, to the General Fund.

Also, increased 2.0 FTE to align with actual operations.

Executive Summary

Close Street is an intensive custody and supervision program that provides pre-trial services to arrestees of Measure 11 crimes, Domestic Violence cases, and a select group of clients with mental health disorders. Deputies interview defendants and conduct investigations to present the Court with accurate, timely, and impartial information which assists the Judge in making an informed release decision. This program supports both offender accountability and reentry of the offender into the community while increasing available jail beds.

Program Description

This intensive custody and supervision program supports offender accountability while transitioning pretrial and sentenced offenders out of scarce jail beds. At the direction of the court, Close Street Supervision provides intensive, individualized supervision and management of multiple need pretrial arrestees who would otherwise be ineligible for pretrial release. This program supports and enhances community safety by assessing a broader number of the in-custody population for program suitability, expanding case management and supervision, subsidizing participation when indicated, and providing immediate consequences for program failures.

Compared to other pretrial supervision programs, the program's success rates rank among the highest in the nation. A recent audit demonstrated that, of the almost 1,200 defendants supervised in 2010, more than 96% were successful; appearing for all scheduled court dates and committing no new crimes, while under supervision. More than 99% of Close Street supervised arrestees successfully complete the program with no new offenses. Close Street participants also appeared for all scheduled court dates 98% of the time. The national average for both of these measures is 80%**.

Executive Summary

The Volunteer Services program enables the Multnomah County Sheriff's Office to achieve its organizational mission of providing quality cost effective prevention, intervention, and detention services to the community. The nearly 250 volunteers, interns, and community partners overseen by this unit share their time and expertise to enhance services in both our community and for the inmates under the supervision of the Sheriff. [Note: Search and Rescue, Reserve Deputies, and Jail Chaplain Volunteers are not part of this Program.] Through their involvement, volunteers support and enhance the MCSO operations in all three agency Divisions Law Enforcement, Corrections and Business Services and become involved citizens gaining an in-depth understanding of the criminal justice system and its unique challenges. Additionally, the development and support of placements benefits agency recruiting and hiring efforts for future employment needs.

Program Description

The Volunteer Services program provides for the recruitment, interviews, backgrounds, training, placement, and recognition to sustain a core base of nearly 250 volunteers, interns, and community partners supporting MCSO operations. Due to the nature of the duties involved in most placements, it is necessary to conduct an in-depth background review process prior to assignment. Additional ongoing review is necessary to ensure compliance with agency and county policies and procedures and to ensure the safety and security of operations. By carefully monitoring the agency's needs, Volunteer Services moves quickly to find professionals willing to share their time and expertise with the Sheriff's Office. Placement opportunities include involvement in jail programs such as education services, domestic violence prevention and safety planning, employment resources and transition services, alcohol/drug prevention and education, and 12-step meetings, which assist with transition services and the reduction of tensions within a facility/housing area. Other agency placements include assignments with River Patrol, Cold Case Team detectives, Citizen Patrol in the Gorge, Human Trafficking, Enforcement Records and Support Records, research and analysis, clerical and data entry, interpreting and translation support, and fiscal, IT, and logistics services.

Output	Number of applicant inquiries and pre-screening reviews	220	198	400	400
Outcome	Number of MCSO work units supported by volunteers, interns, community partners	16	20	15	15

Performance Measure - Description

Notes: In conjunction with the Points of Light Foundation, the Independent Sector bases the value of volunteer time on the average hourly earnings of all production and nonsupervisory workers on private nonfarm payrolls (determined by the Bureau of Labor Statistics). Fringe benefits are estimated at 12%.

In 2011, nearly 250 volunteers contributed 11,850 hours valued at \$248,153 and supported 16 MCSO Units at five agency locations.

Performance measurement data was drawn from Volgistics (web-based volunteer management system) beginning July 2011. Prior to this date, data was stored in an Access database which is no longer able to produce reports. Data reported for the months of Jan-June 2011 were based on previous years' data and averages.

Executive Summary

The Inmate Welfare Fund (IWF), overseen by Sheriff's Command Staff and civilian members, provides services to arrestees, pretrial inmates and sentenced offenders including banking, law library, chaplain services and phone service. Through the profits of commissary items, telephone usage and other sources, IWF provides direct services and products that otherwise might not be funded for the benefit of the inmates.

Program Description

The IWF trust fund provides an in-house banking system that enables inmates to safely deposit funds and utilize these funds for numerous purposes, including the purchase of commissary items. The revenues from commissary and phones provide additional services including chaplains, recreational items, tools for social and educational development and assisting inmates who are indigent. The IWF is fully funded by profits from the inmates, for the inmates. Commissary, which is part of the IWF, successfully provides culturally compatible products to inmates at low pricing. Furthermore, these profits pay for the jail chaplaincy program which meets prisoner needs regarding religious expression and legal requirements, and contributes to housing tranquility.

Executive Summary

The MCSO In-Jail Gang Intelligence Deputy organizes intelligence and investigative information regarding known and suspected gang members and associates in custody, and acts as a liaison to division members and other outside agencies in the collection, analysis and distribution of new and updated information. This deputy is part of several regional/multi-agency organizations, including the Metropolitan Gang Enforcement Team (MGET) and the Willamette Valley Corrections STG/Gang Information Sharing Network.

Program Description

Gang members frequently cycle through the jail system, and more importantly, while in custody, communicate with other gang members via phone and mail both in custody (DOC, other local jails) and out. This provides a vast resource of information on gang member identities and activities. The Corrections Deputy assigned to Gang Intelligence gathers intentional intelligence on the population of known and suspected gang members and associates booked and housed at Multnomah County jails.

Information from this intelligence gathering is shared across the region with several multi-agency work groups. These efforts support gang prevention, enforcement, and criminal apprehension.

Executive Summary

This offer purchases continued funding of a Corrections Sergeant to establish intelligence-gathering and intervention methodology regarding human trafficking as it is proliferated among jail inmates, to include the establishment of a screening instrument to identify at-risk pretrial inmates and sentenced offenders. This Sergeant collaborates with the Oregon Human Trafficking Task Force to both aid in prosecution of Human Trafficking crimes and intervene with victims while in custody.

Program Description

A trend has been identified among the jail population whereby at-risk inmates are being used as a commodity by being identified and passed once out of custody to persons involved in crime types including coercion, prostitution, promoting prostitution, sex abuse and contributing to the delinquency of a minor. This offer would continue funding of a Corrections Sergeant to develop intelligence collection, organization and dissemination operations targeting human trafficking activities inside the jails. The Corrections Sergeant would share names and information with the Oregon Human Trafficking Task Force regarding intelligence gathered on potential perpetrators, establish a data-base module for tracking and information dissemination and develop a screening instrument to quickly identify at-risk inmates and connect those inmates with in-jail programs and intervention/ transition services.

Performance Measure - Description

In Jail Human Trafficking has seen a huge increase in involved cases. There are more units finding Human Trafficking in their cases, D/V cases, Gang cases, and a large amount of P/V sanctions. MCSO has been involved with training other law enforcement agencies on how to identify Human Trafficking in jail and how this information can help them with their case.

Currently, data compiled in an Excel database. MCSO has moved forward on the development of a database which should be on line in the next month. This should greatly improve information tracking.

Executive Summary

Enforcement Division administration provides administrative leadership and strategic direction to the Sheriff's Office Enforcement Division. The Division administration develops Sheriff's policies and directives into the Enforcement program offerings that serve the public here in Multnomah County.

Program Description

The Enforcement Division is responsible for the protection of life and property and for enforcement of the Oregon Criminal Code and County Ordinances. Enforcement Division provides police and marine patrol, investigative services, civil process services, and participates in multi-agency task forces. The Enforcement Division also collaborates with County Emergency Management to plan and staff emergency operations. The programs operated by these divisions address all the major factors in citizens feeling safe at home, work, school and play – namely the public safety system, social conditions and communities. The programs offered hold offenders accountable for their actions, provide for treatment and rehabilitation resources, education and leverage collaboration with other community safety system providers. Division Directors are responsible for policy development, the assignment of resources, and oversight for all Division functions. They provide supervision, coordination, and management to the Divisions.

Executive Summary

The Patrol Unit protects citizens residing and/or recreating in unincorporated Multnomah County by responding to emergencies, patrolling neighborhoods, performing traffic safety duties and providing education throughout the communities. Patrol provides emergency preparedness, assistance and intervention as part of the treatment service continuum. Patrol deputies and sergeants develop and implement community policing projects utilizing community based policing principles and frontline human services while providing safety to citizens.

Program Description

Patrol provides 24/7 protection of life and property for visitors and residents living in the unincorporated areas of Multnomah County. They provide protection services by responding to service calls through the 911 system, non-emergency dispatch or self-initiated field activities. Deputies are the first responders to any emergency requiring an immediate response. Working with schools, businesses and neighborhood associations, deputies seek to understand community needs and use problem solving skills to assess, investigate, and intervene in criminal and gang related activities. Criminal intervention sometimes results in disruption of the family unit and deputies use social service providers to help stabilize children and families through housing, health and mental health services. Traffic safety through education and intervention provides safe streets and highways to access commerce and recreation opportunities for the community. A visible public safety system is critical for citizens in feeling safe at home, school, work, and play. Evidence through the Bureau of Justice Administration studies shows that community policing is a proven and historical strategy to community safety. The Patrol Unit works actively with citizen groups and neighborhood associations to develop agreed upon response plans for identified problems. The Patrol Unit provides the introduction of county wide social service programs to the community.

Calls for service includes self initiated and dispatched incidents. Response time is for dispatched calls only. Data from BOEC.

Patrol calls for service increased starting in FY09-10 due to the policy change of logging "extra patrol" (which includes patrol in contract cities) as a self initiated call.

The VCAD system was implemented in April 2011. This system changed how "extra patrol" is captured. It is no longer captured in the monthly BOEC data downloads and a new report has been requested from BOEC.

Arrest data from DSSJ cubes.

Executive Summary

The Civil Unit is the enforcement arm of the civil and probate court system. Notice and enforcement actions originate through the civil, probate, and family courts and are processed through the delivery and services made by this unit. Civil enforcement actions are statutorily mandated to the Sheriff.

Program Description

The Civil Unit is the ministerial arm of the Circuit Court. All court actions are initiated through a written notification to parties of a pending action and these documents are delivered by the Civil Unit. Through the Civil Unit, court orders to seize and sell property, satisfy landlord/tenant actions, and enforce child custody disputes are enforced in an objective, fair, and equitable manner in compliance with Oregon statutes and rules on civil procedure. Through probate court, families, police officers and other interested parties seek involuntary commitment for allegedly mentally ill persons suffering from episodes so debilitating that they are a danger to themselves or others. The Civil Unit deputy locates, transports, and provides security for the person and the court. When domestic violence threatens the family unit, deputies in the Civil Unit serve domestic violence restraining orders to protect family members from violence and aggressive behavior.

Civil Unit deputies experience incidents of physical resistance when performing their duties. In particular, evictions may involve subjects who barricade themselves requiring a substantial dedication of resources and time. Often times, these incidents require the skill of the Multnomah County Special Weapons and Tactics Team to perform a measured response tactical entry into the residence to execute the eviction while providing safety for nearby citizens. Persons subject to the court's orders have threatened to kill uniformed staff, displayed firearms, discharged firearms, and fortified apartments and homes to prevent the court action. It is routine for persons to hide within dwellings to avoid being contacted by civil deputies. A balanced public safety system provides citizens the ability and right to address their grievances in a safe, fair and equitable manner.

Executive Summary

The Sheriff's River Patrol Unit partners with the Oregon State Marine Board, the Port of Portland, U.S. Coast Guard to provide safe commercial and recreational access and passage to the county's 110 miles of waterways along the Columbia River, Willamette River, Sandy River and Multnomah Channel. The River Patrol Unit provides law enforcement and search and rescue services to all river, lake, shoreline and island locations in Multnomah County.

Program Description

The River Patrol Unit provides protection and intervention for the numerous county moorages, marinas, and houseboat communities. The country's fifth largest port requires unobstructed ingress and egress of commercial ship movement into the region. Marine deputies respond to all life threatening marine calls for service such as boat collisions, drowning, missing persons, and environmental hazards. Deputies provide boater safety, education, and intervention through classroom, boat inspection and enforcement activities. It is crucial for the local economy that cargo vessels, carrying consumer products, efficiently transport these goods in a timely and efficient manner. In FY 2011, the Port of Portland moved 12,310,919 short tons of cargo through its facilities and there were 510 calls to port terminals by ocean-going vessels. Community livability contributes to a thriving economy and access to work, cultural, and recreational activity is an important element of a thriving economy. River Patrol participates in regional multi-agency marine security drills to promote efficient coordination of first responder resources. This unit provides critical infrastructure security protection along Multnomah County waterways. The Oregon State Marine Board contributes approximately one third of the funding needs for the Sheriff's Office River Patrol. River patrol is key to emergency preparedness on/near the regional waterways; they participate in numerous agency collaborations and are a significant function to a visible public safety system.

Executive Summary

This program provides for investigation of all crimes, including those involving homicide, sexual assault, burglary, fraud and theft to citizens and business, crimes against children, the elderly and property crimes.

County-wide services provided by the Sheriff's Office includes investigations of crimes committed against children by use of technology (INTERCEPT).

Program Description

Detectives investigate all crimes that are not concluded by patrol deputies. The Detective Unit is responsible for responding to the scenes of crimes, conducting preliminary and follow-up investigations, preparing the required investigative reports, preparing an analysis of the report, apprehending the suspect, preparing the case for a successful prosecution, and testifying in court. The MCSO Detectives are part of the East County Major Crimes Team. The Countywide Investigation program funds the Sheriff's Office participation in several inter-agency teams. These teams are able to pool resources and leverage personnel for more effective results.

The INTERCEPT detective works in a multi-Sheriff Office and Department of Justice team in the tri-county jurisdiction. This detective investigates state and federal laws relating to crimes against children, child pornography, child exploitation and the use of computers to promote these crimes.

The Elder Abuse detective also works in a multidisciplinary team that works together to help keep seniors safe and investigates crimes against the elderly. The primary purpose of the Elder Abuse Detective is to help victims – current victims, future victims, potential victims. When elders are financially abused the best way to help them is to give them a sense of justice through effective investigation and prosecution which can result in restitution as part of the judgment. This detective works directly and is housed with Multnomah County Adult Protective Services.

Executive Summary

This program provides for the investigation of crimes involving the sale, distribution, and manufacturing of dangerous drugs. The Special Investigations Unit is charged with the responsibility for enforcing state narcotics laws, prostitution activities, and assist with advanced surveillance of major criminal cases. The magnitude of each of these investigative areas requires that priorities be established to determine allocation of resources. Enforcement of narcotics laws is so important that first priority within the Special Investigations Unit will be narcotics investigations. Emphasis is placed on narcotics distributors who are suppliers to street level dealers, as well as suppliers to other distributors which are referred to as mid to upper mid level narcotics traffickers. Drug investigations will center on the drugs which are most abused in the Multnomah County. SIU is a local law enforcement resource for investigating and apprehending suspects involved in domestic and/or foreign Human Trafficking of children. *SIU spent the first quarter of FY11 assigned to the Kyron Horman Investigation.

Program Description

The purpose of the Special Investigations Unit (SIU) is to investigate illegal drug activities in the Metro area, and other criminal activity as directed by the Sheriff. The unit conducts criminal investigations of street level illicit drug activity, up to and including the prosecution of federal narcotics crimes. Investigations often lead to Drug Trafficking Organizations (DTO's) that transport and eventually sell dangerous drugs for a profit. SIU investigations take them into areas considered hazardous to health and public safety. Investigations conducted by the SIU detectives have resulted in indictments and prosecutions in numerous meth lab cases. SIU coordinates clean up of drug labs. With the changing needs and priorities of our communities, SIU has modified its mission over the past several years to accommodate the significant impacts of Methamphetamine and other dangerous drugs infesting our neighborhoods, schools, recreational areas and work places. Statistics show that about 90% of all crime can be attributed to dangerous drugs in our community. The SIU program is partially funded through grants, revenues received from forfeitures and federal case funding.

SIU has the responsibility to proactively identify, investigate, prepare the required investigative reports, apprehend the suspect(s), prepare the case for a successful prosecution and testify in court in all cases dealing with illegal drugs and vice activities.

Executive Summary

Since their inception in October 2007, the Multnomah County Sheriff's Office very successful Warrant Strike Team has helped to reduce the number of outstanding arrest warrants in Multnomah County by 42%. Excessive unserved warrants are a problem Multnomah County shares with many other jurisdictions and the primary cause of this problem is the lack of resources to arrest warrant subjects. Warrant backlogs keep wanted persons from being held accountable for their actions and threaten public safety. Four full-time deputies are currently assigned to the Warrant Strike Team. This program was originally purchased with a General Fund Contingency. This program is necessary to serve misdemeanor and felony warrants which benefits citizens by removing wanted subjects from our neighborhoods, preventing crime and associated costs to future victims and potential prosecutorial cost savings.

Program Description

The purpose of this program is to reduce the number of felony and misdemeanor warrant offenders that currently reside in Multnomah County. The Warrant Strike Team is responsible for arresting persons with felony and misdemeanor warrants issued by the courts to include warrants for Measure 11 offenses. In May of 2007, Multnomah County Commissioner Lisa Naito produced a "3 step action plan to address the excessive number of outstanding warrants in Multnomah County". This plan included funding for the addition of two deputies to the Multnomah County Sheriff's Office Law Enforcement Division in the creation of this program. Members of MCSO met with local police agencies and the Multnomah County District Attorney's Office to establish initial operating protocols to include the prioritization of warrants to be served by strike team deputies. After the initial implementation period, strike team members identified two areas necessitating a request for two additional deputies. The two areas identified were safety/inmate transport and the need to address the large number of individuals residing/visiting with "out of area" warrants. MCSO, the Board of Commissioners and District Attorney's Office sponsored an effort to fund two additional deputy sheriffs to the Warrant Strike Team. The Multnomah County Sheriff's Office Warrant Strike Team is charged by the Multnomah County Board of Commissioners and the State of Oregon (ORS 206.010) to serve felony and misdemeanor warrants issued in Multnomah County, Oregon. The Warrant Strike Team operates in partnership with the Multnomah County District Attorney's office where the team's primary office is located. The Warrant Strike Team works closely with DA's office members to prioritize and manage the execution of specific warrants. This program has had a positive impact on the number of wanted persons arrested and number of attempt service of warrants which assists the DA's office in addressing "speedy trial" issues. The Warrant Strike Team is also going to tackle the increasing number of out of compliance sex offenders. According to the State Police as of January 18th there were 804 in Multnomah County, a number of those already have arrest warrants, those are going to be targeted by WST.

Executive Summary

The citizens of Oregon have designated certain activities to be regulated to facilitate a safe and livable community. Through an alarm permitting program, burglar alarms are regulated to enhance police response alarms.

Program Description

The False Alarm Reduction Program regulates burglary and robbery alarms in unincorporated Multnomah County and through collaborative contracts with east Multnomah County cities. Alarm regulation increases the probability that police respond to a valid alarm, saving scarce Public Safety resources. False alarm penalties promote good equipment maintenance technology. False alarm response is a non-productive use of police time and resources. Current and valid permits as well as properly functioning alarms promote safety through quick response. Citizens using alarms partner with police to promote safety in their community.

Executive Summary

The citizens of Oregon have designated certain activities to be regulated to facilitate a safe and livable community. The issuance of concealed handgun licenses ensures safe, appropriate, and legal carrying of concealed handguns.

Program Description

The Concealed Handgun Unit investigates applicants and issues concealed handgun licenses to those who meet the legal standards set by Oregon Statutes. The Unit monitors existing licenses and if needed revokes licenses for reason designated in the Oregon Statutes. The Concealed Handgun Unit processes renewal notifications on a monthly basis and responds to questions from the public regarding the application process and other handgun related issues. A secondary function of the Concealed Handgun Unit is the issuance of Expedited Court Access ID cards. These applications are processed using the existing Concealed Handgun software system. Expedited Court Access ID Cards are issued as a courtesy to people who regularly are needing access to the Multnomah County Courthouse for their employment.

Executive Summary

This program supports the Sheriff's Office participation in the TriMet Transit Police. TriMet police officers are funded through TriMet to maintain a safe transit system.

Program Description

Transit police ensure a safe transit system by performing preventative patrol on TriMet's buses, trains and at TriMet's facilities, including the Portland Transit Mall. Deputies search for explosives and suspicious objects or behavior. TriMet transit police investigate crimes committed on TriMet property including those involving trespass and disorderly conduct. Transit deputies work in uniform and the unit has a plainclothes detail.

TriMet is a municipal corporation providing public transportation extensively throughout the three county Portland metro area. During fiscal year 2009, residents and visitors boarded a bus, MAX, or WES train 101.5 million times. TriMet carries more people per capita than any other comparable US transit system of similar size. TriMet's top priority is maintaining a safe transit system. Transit police deputies patrol TriMet vehicles and facilities.

Executive Summary

MCSO, in partnership with the Department of Justice, the local U. S. Attorney, and other stakeholders, provides public awareness of human trafficking, identifies victims of severe trafficking, and assists victims who are willing to cooperate in the investigation of traffickers to obtain continued presence and/or a temporary visa.

Program Description

MCSO will develop training materials for officers and investigators to improve their identification of human trafficking victims. In addition to providing training to police officers, MCSO will also train its jail and court personnel to identify trafficking victims who may have been overlooked by police and other investigators. A key component of this training is the development of written protocols and resource manuals that enhance coordination and sharing of information and resources between law enforcement agencies and victims service providers. MCSO will develop protocols for resource referral and service provisions for U.S victims of human trafficking versus alien victims of trafficking. MCSO and its task force partners will define the role for its law enforcement and service provider partners in training others in the community, such as medical personnel, landlords, transportation industry personnel, fire marshals, code enforcement, health inspectors, and others to identify the signs of human trafficking. Since the passage of the Trafficking and Violence Protection Act of 2000, human trafficking continues to be a major concern in the Pacific Northwest. Oregon's character as a port of entry, the known intensity of human trafficking along the I-5 corridor, and its large agricultural industry, make Oregon a haven for coerced labor activity and sexual exploitation of individuals for commercial gain. The I-5 corridor is a known transport artery for not only illegal drugs, but also human trafficking, carrying victims from as far south as San Diego through Oregon to as far north as Vancouver, British Columbia. Local, state, and federal law enforcement have worked on over fifty sex trafficking cases of both domestic and international victims, a fraction of suspected activity in Oregon. Local law enforcement agencies, including MCSO, have also seen an increase in illegal drug dealing by persons who may have been coerced into drug dealing.

Executive Summary

Metro serves Clackamas, Multnomah and Washington counties, and the 25 cities in the Portland metropolitan area. One of Metro's principle missions is to protect open space and parks. Within this mission, the MCSO Metro Services Unit consists of a detective who enforces disposal laws and Metro's rules and regulations for disposal and 2 Corrections Deputies that are in charge of two Inmate Work Crews assigned to cleaning up illegal dump sites.

Program Description

Through a contract with Metro, a regional government that serves Multnomah, Clackamas, and Washington counties, the Sheriff's Office provides one detective to combat illegal dumping. The Detectives in this unit have knowledge of applicable laws and ordinances and work to enforce these laws. This includes (but is not limited to): investigation and surveillance of companies that haul waste to determine if they are disposing of solid waste properly, investigation of incidents of illegal dumping, coordination of efforts to curtail problems and educate stakeholders with issues associated with solid waste, surveillance of chronic dump sites, and the coordination of the legal removal of chronic transient camps. Illegal dumping is a crime. Illegal dumping is a major problem that raises significant concerns with regard to safety, property values, and quality of life in our community. In addition, it is a major economic burden on local government, which is typically responsible for cleaning up dump sites. If not addressed, illegal dumps often attract more waste, potentially including hazardous wastes such as asbestos, household chemicals and paints, automotive fluids, and commercial or industrial wastes. Health risks associated with illegal dumping are significant. Metro protects open space and parks, plans for land use and transportation, and manages garbage disposal and recycling for 1.3 million residents in three counties and 25 cities in the Portland, Oregon, region. The MCSO Metro Services Unit combats illegal dumping.

Outcome	Dollar amount of flow control and regulatory penalties	14,665	60,000	12,000	12,500

Performance Measure - Description

✔ **Measure Changed**

Per Steve Kraten of METRO: The numbers are for the program as a whole and do not reflect the actions of any single individual. Numbers are for flow control cases only.

Compared with previous years, the number of flow control cases cited is much higher, yet the amount of the penalties is much less. This reflects a change in our enforcement strategy that places more emphasis on deterrence. Previously, our strategy was to build strong cases against a few violators and to exact fairly substantial penalties. This often required weeks or months of painstaking surveillance. Our current strategy is to have the detectives interview flow control violators as soon as a violation is discovered, educate the violator regarding the Metro flow control system, and quickly bring the violator into the system as a fee and tax paying participant.

"Number of illegal dumping cases cited" and "Dollar amount of illegal dumping penalties" have been removed.

Executive Summary

Domestic Violence (DV) Victim Services & Coordination provides in-person services for 5,600 victims and children, management of grant-funded projects and coordination of multi-jurisdiction government and community responses. Research shows that these core services reduce re-assault of victims, and thus help to reduce violent crime in the county. This program offer funds a detective position as a member of the DV Enhanced Response Team.

Program Description

Multnomah County expends \$11 million in criminal justice costs (jail, prosecution and probation supervision) annually, and DV costs the community another \$10 million in lost wages, health care and other costs. Services funded in this offer include: centralized access and crisis response (24,600 calls); safe emergency shelter or motel vouchers (990 women and children); civil legal advocacy insuring safety after separation (2,800 victims); mobile advocacy and rent assistance (650 women and children); and culturally specific services for Latinas, Russians, African Americans, Native Americans, immigrants/refugees, and sexual minorities (800 women and children). Evidence-based practices include emergency shelters, which reduce re-assault by 50%, and civil legal services, which reduce DV homicides. This program offer also includes grant-funded projects that serve an additional 310 victims and children: services to increase long-term self-sufficiency; services for victims and their children involved in Child Welfare; and DV Enhanced Response Team (DVERT) which is a collaborative response to high risk offenders and their victims. DVERT has reduced recidivism of the high risk offenders in DVERT by 30% and increased victims' safety and their confidence in the criminal justice system. Coordination includes staffing the Family Violence Coordinating Council to provide a forum for collaborative efforts such as training, policy and program development and implementation, and system-wide problem-solving. The 43 member organizations represent the criminal justice system, victim services, health care, batterers intervention, elected officials and others. In addition, the offer supports the development of the Gateway one-stop victim center.

Executive Summary

This program is the result of the Executive budget decision to increase services to the Corbett community. MCSO protects citizens residing and/or recreating in unincorporated Multnomah County, including Corbett, by responding to emergencies, patrolling neighborhoods, performing traffic safety duties and providing education. The Corbett Community Resource Deputy will assist the community with emergency preparedness, safety education, and perform general liaison work on behalf of MCSO.

This Community Resource Deputy coordinates and manages the Corbett Volunteer Citizen Patrol. This project increases safety and livability of the Columbia River Gorge.

Program Description

MCSO provides 24/7 public safety coverage for the residents living in the unincorporated areas of Multnomah County, including Corbett. Deputies are first responders to any emergency requiring an immediate response. Working with schools, businesses and neighborhood associations, deputies seek to understand community needs and using problem solving skills to assess, investigate, and intervene in criminal and gang related activities. Criminal intervention sometimes results in disruption of the family unit and deputies use social service providers to help stabilize children and families through housing, health, and mental health services. Traffic safety through education and intervention provides safe streets to access commerce and recreation opportunities of the community. This program coordinates the execution of these responsibilities for the Corbett community. A visible public safety system is a critical factor to citizens feeling safe at home, school, work, and play. Evidence through the Bureau of Justice Administration studies shows that community policing is a proven and historical strategy to community safety.

"Number of incidents responded to in patrol dist 50" was changed to "Number of incidents in Corbett." Data are estimated based on July 2011 to March 2012 data that come from the CRO monthly reports.

BOEC's VCAD was implemented in April 2011. This system does not capture "extra patrol" incidents. BOEC is working on a report for this data.

Executive Summary

The Logistics Unit manages the Sheriff's Office fleet operations. This includes procurement and installation of electronic technology for fleet vehicles. This unit oversees maintenance and building modifications for the Sheriff's Office. Additional responsibilities are equipping personnel, processing evidence seized, and controlling agency communication needs.

Program Description

The Logistics Fleet Section is responsible for the acquisition, repair, and maintenance of approximately 180 vehicles, utilizing a variety of vendors including coordination with the County Shops. The Logistics' Evidence Section is responsible for the safe keeping of evidence and the public's property and then returning property to the rightful owner; the unit returns approximately \$25,000 in unclaimed cash to the General Fund annually. Along with the Fleet and Property duties, Logistics ensures that equipment, supplies and uniform needs are met for Public Safety personnel so that they can, then, perform their duties and tasks at an optimal level. They also coordinate radio template upgrades, activation and deletion of Mobile Data Computers & 800 MHz radios with COMNET, a necessary part of the emergency communications within the Portland Metro area. Logistics is an integral support for both the Law Enforcement and Corrections operational functions in the Sheriff's Office. Functions such as fleet, radio and evidence handling are critical to operations.

Executive Summary

Auxiliary Services support Corrections and Law Enforcement staff, arrestees, pre-trial inmates, sentenced offenders, other agencies and the public. The Auxiliary Services Unit is responsible for the MCSO Warehouse operation, receiving/distribution, purchasing, and contracts and requisitions for inmate commissary.

Program Description

A Buyer facilitates the purchase of items in an expeditious and cost effective manner, while working with Central Purchasing as needed. Receiving/distribution of items is routed through the Warehouse. Deliveries to nine MCSO facilities are required daily or bi-weekly. Purchasing, warehousing and receiving/distribution functions ensure that items utilized by MCSO are procured in a fiscally responsible manner and with the safety and security of staff and inmates as the highest priority.

Executive Summary

Auxiliary Services support Corrections and Law Enforcement staff, arrestees, pre-trial inmates, sentenced offenders, other agencies and the public. The Auxiliary Services Unit is responsible for inmate property and laundry. Services provided to inmates include storage of personal property/clothing/funds, laundry distribution and sewing services.

Program Description

Secure storage of inmate property/clothing/funds starts with accurate verification of all items inventoried at booking on a 24/7 basis. Additional property responsibilities include bail checks, property and money releases and preparation of all out-of-county transports through MCSO facilities. Clean laundry and linen products are provided to inmates bi-weekly. Sewing services are provided to mend and prolong the life of inmate jail clothing and alterations to staff uniforms.

Property staff ensures inmates' personal possessions are stored in a secure and respectful manner and that all funds associated with an inmate are accounted for.

The Property Unit interacts with the US Marshal's, Immigration and Customs Enforcement (ICE), the Northwest Shuttle System, all Oregon counties, attorneys, Courts and the public.

Laundry ensures that inmates are provided with clean clothing/linen and inmates learn job skills by working in the laundry. Laundry services are also provided to Juvenile Detention and Traditional Project's Warming Center.

Executive Summary

The Inmate Welfare Fund (IWF), overseen by Sheriff's Command Staff and civilian members, provides services to arrestees, pretrial inmates and sentenced offenders including banking, commissary and phone service. Through the profits of commissary items, telephone usage and other sources, IWF provides direct services and products that otherwise might not be funded for the benefit of the inmates. The Commissary Unit is a self-sustaining program which draws no revenue from either the IWF or the General Fund.

Program Description

The IWF trust fund provides an in-house banking system that enables inmates to safely deposit funds and utilize these funds for numerous purposes, including, but not limited to the purchase of commissary items. The revenues from commissary and other services provide revenue to the IWF, which in turn allows the IWF to offer additional services including chaplains, recreational items, and tools for social and educational development and assisting inmates who are indigent. The IWF is fully funded by profits from the inmates, for the inmates. Commissary, which is part of the IWF, successfully provides culturally compatible products to inmates at competitive pricing. Furthermore, these profits pay for the jail chaplaincy program which meets prisoner needs regarding religious expression and legal requirements, and contributes to housing tranquility.

Executive Summary

This program provides for the continued participation of the Sheriff's Office in the East Metro Gang Enforcement Team (EMGET). East Multnomah County and the cities therein have experienced a significant increase in crime, much of which can be attributed to a parallel increase in gang-related activity. The overall community has felt this in the form of increased violent crime (threats, physical assaults, stabbings, shootings, and homicides); high levels of property crimes, high levels of "quality of life" crimes (such as drugs, prostitution / human trafficking, and vandalism); a heightened community fear of crime and the criminal gang element; which all have significant negative impacts to the actual and perceived safety and security of area residents and business, but also contributes to an overall decline in the quality of life and community perception of self worth.

Program Description

MCSO participates in the interagency East Metro Gang Enforcement Team (EMGET). No individual law enforcement agency can adequately respond to this unique threat to life, property, and quality of life that has no jurisdictional bounds. As a result, we have banded together with partner East County law enforcement agencies to seek grants; improve interagency and interdisciplinary communications; coordinate field efforts, records, and information databases; empower residents and businesses to present a united front to counter gang activity; work in close cooperation with social services to address the issues that led persons into gangs and in preventative measures for those at risk for joining gangs; and collectively working with specifically assigned members of the District Attorney's Office to prosecute the gang involved criminal conduct. All these collective efforts are to identify gang members; reduce actual and feared gang related criminal activity; empower the community to unite against gang activities and influence; and provide enhanced and focused law enforcement efforts to reduce actual and feared gang related criminal activity.

In areas east of 162nd Avenue, the EMGET provides focused investigative assets towards gang related violent and other high impact neighborhood crimes; conducts proactive measures to prevent gang related crimes and activities; provides expertise to regular field staff and the community in gang issues; and collaborates with other criminal justice partners, social services, and neighborhoods to identify gang related issues and solve gang related problems. Criminal Justice partners include but are not limited to the Transit Police Detail, Portland Police Bureau, area School Resource Officers, Gresham Police Department, Fairview Police Department, Multnomah County Sheriff's Office, Multnomah County Department of Community Justice, Troutdale Police Department, and the US Marshall's Service. The deputy on EMGET is part of a close knit collaborative team also comprised of Police Officers from the cities of Troutdale, Fairview, and Gresham. The EMGET uses a multitude of high and low tech tools and techniques such as surveillance, plain clothes personnel, traffic stops, and subject stops to identify gang members, gather intelligence, document criminal activity, and detect and apprehend persons conducting or wanted for criminal acts.

Presentations are made in high schools, middle schools, and community and business groups in regards to deterring gang involvement, gang involved activities, united strategies for dealing with gang related activities, and lessening the actual or perceived level of gang related crimes in order to empower the students, community members, and businesses. The EMGET also works with the Oregon Department of Justice to document confirmed gang members in a statewide database.
