Program Description

The on-going work of the Research and Planning Unit enhances the ability of the District Attorney to make evidence-based decisions and reinforces the County's long standing commitment to data analysis. This unit produces research that evaluates, explores and uncovers prosecutorial effects and trends in Multnomah County's criminal justice system and its impact both locally and on the state. This insight helps to inform policy decision-making in important areas such as to strategically address disparities within the County. Additionally, MCDA endeavors to strategically deploy valuable prosecution and service resources in areas that have the greatest public safety impact. Examples include eligibility and outcome analysis of Multnomah County's Justice Reinvestment Program, an evaluation of Strategic Treatment and Engagement Program (STEP) Court prison diversion recidivism rates, and identifying High Volume System Users for strategic prosecution. Data, research and planning are critical to achieving successful outcomes.

Furthermore, the trend in public safety in the county and across the nation is for increased cooperation among peers to answer questions greater than any one entity. Experience here in the County has shown that when one partner in criminal justice evaluation comes to the table without the capacity to keep up with others, that weak link causes the whole enterprise to suffer.

Over the past couple of years, MCDA significantly increased the number of data dashboards available to the public on its website. MCDA has joined a handful of DA offices across the country in partnering with universities to rethink how to measure prosecutorial performance. The launch of the Gun Violence, Hate Crimes and Prosecutorial Performance Indicator dashboards have already made MCDA one of the most transparent DA offices in the nation. The increased transparency will enable MCDA and partner agencies to more readily identify success and opportunities for improvement to make sure the criminal legal system is functioning and equitable for Multnomah County.
