Executive Summary

Domestic violence is a serious social, economic and public health concern. The DV unit prosecutes felony and misdemeanor crimes including physical and sexual assaults, homicides and violations of restraining orders. Additionally, this unit staffs Mental Health court as an intervention that is alternative to incarceration for those whose criminal episode was in response to their underlying mental illness and who can be safely supervised in the community with appropriate structure and supports. These lawyers work closely with victim advocates to ensure trauma-informed support for survivors and their children while providing outreach to essential services. This unit strives to build trust, seek equitable outcomes and make the lives better for community members who have experienced violence within their families.

Program Description

This program prosecutes family or intimate partner violence including physical and sexual assaults, strangulation, kidnapping and homicide. The goals of this program are to secure victim, family and community safety while seeking defendant accountability, especially for underserved populations. Statistics and experience show that underserved communities--people of color, immigrants, refugees, people with limited English proficiency, differently abled individuals, those without stable housing, the elderly, and LGBTQIA+ community--are disproportionately impacted by domestic violence. The unit has a DDA partially funded by the Violence Against Women Act (VAWA). The VAWA DDA works closely with underserved populations to coordinate services with law enforcement and advocates to ensure long term victim safety. Additionally, DDAs advocate for community-oriented interventions to help support survivors and their children in breaking the generational cycle of family violence thereby reducing disparities and harmful health consequences. Moreover, the unit works to ensure that each victim is treated respectfully, compassionately with dignity and equity. The Victim Assistance Program assigns an advocate to each case to provide culturally specific outreach and assist survivors in obtaining comprehensive wrap around support services to help achieve equity, remove barriers, and alleviate survivors' psychological, social, and financial fears.

The unit collaborates with state and local law enforcement, the Multnomah County Department of Community Justice and a variety of local nonprofit domestic violence organizations and shelters. This unit works closely with Portland Police Bureau Domestic Violence Reduction Unit (DVRU) and the Domestic Violence Emergency Response Team (DVERT). The senior DDA is also an executive committee member for the Family Violence Coordination Council, the DV Fatality Review and the DV court workgroup. This program offers deferred sentencing where first time offenders earn a dismissal of charges with successful completion of a highly supervised program that includes batterer's intervention strategies and counseling. This unit is a resource for training community partners, state and local law enforcement agencies. The unit dedicates a full time attorney to Mental Health Court to staff an intervention that is alternative to incarceration for those whose criminal episode was in response to their underlying mental illness and who can be safely supervised in the community.
