Executive Summary

The Multnomah County District Attorney's Support Enforcement Division (SED) establishes, modifies and enforces paternity, child support and medical support orders for the families of Multnomah County as part of the Oregon Child Support Program (OCSP) by working with both parents to provide the financial and emotional and culturally specific support their children need to grow and thrive. OCSP delegates the authority of non-public assistance cases to county district attorney offices. These child support payments are essential for promoting equitable outcomes and helping struggling members of the community provide for their children and families.

Program Description

The Child Support Enforcement (CSE) Program, operated by the Support Enforcement Division (SED), was enacted in 1975 as a federal-state-local partnership. The federal government reimburses each state 66% of all allowable expenditures on CSE activities, including staffing costs. The federal government's funding is open-ended in that it pays its percentage of expenditures by matching the amounts spent by state and local governments with no upper limit or ceiling.

The SED carried an average caseload of approximately 7,000 cases and collected approximately \$31 million in FY 2021. It is expected that collections in FY 2022 and FY2023 will decrease as household supports available during COVID are no longer available. Every dollar collected (less a \$25 annual fee after \$500 collected) is sent directly to custodial parents for the benefit of the children in the community, providing a critical safety net for families.

SED operates in two locations, the central courthouse in downtown Portland and the East County Courthouse. Implemented in 2019, a modernized statewide child support computer conversion provides SED with a more automated system to establish, modify and enforce support orders which result in payments benefiting over 10,000 children in the community. While seeking accountability from parents ordered to pay support, SED also works to reduce barriers for those who are unable to meet their obligations by working with the courts to refer parents for job placement, addiction evaluations and appropriate mental health services. This support is crucial to overcome system barriers and move towards more equitable outcomes for members of the community

SED works with all 50 states, local tribes, and US territories to cooperatively provide child support services. In addition, OCSP and CSE have reciprocity agreements with over 30 foreign nations.

A decrease in 2.00 FTE from program: 1.00 FTE vacant support enforcement agent position will not be filled as a result of a retirement; 1.00 FTE in the System Administrator position moved from PO 15104 (Support Enforcement) to 15002 (IT) due to shift in role.
