**Executive Summary**

The Multnomah County District Attorney’s Support Enforcement Division (SED) establishes, modifies and enforces paternity, child support and medical support orders for the families of Multnomah County as part of the Oregon Child Support Program (OCSP) by working with both parents to provide the financial and emotional and culturally specific support their children need to grow and thrive. OCSP delegates the authority of non-public assistance cases to county district attorney offices. These child support payments are essential for promoting equitable outcomes and helping struggling members of the community provide for their children and families.

**Program Description**

The Support Enforcement Division (SED), was enacted in 1975 as a federal-state-local partnership. The federal government reimburses each state 66% of all allowable expenditures on Child Support Enforcement (CSE) activities, including staffing costs. The federal government’s funding pays its percentage of expenditures by matching the amounts spent by state and local governments with no upper limit or ceiling.

SED operates in two locations, the central courthouse in downtown Portland and the East County Courthouse. A modernized statewide child support computer conversion provides SED with a more automated system to establish, modify and enforce support orders, benefiting over 10,000 children in the community. Every dollar collected (less a \$35 annual fee after \$550 collected) is sent directly to custodial parents for the benefit of the children in the community, providing a critical safety net for families. While seeking accountability, SED also works to reduce barriers for those who are unable to meet their obligations by working with the courts to refer parents for job placement, addiction evaluations and appropriate mental health services.

SED is also a partner in the Child Support Deferred Sentencing (CSDS) Program. Created in 2022, the CSDS Program is the first child support treatment court created in Oregon. The program uses a team approach to meet the needs of participants and focuses on stabilization, accountability, and lasting employment—with the goal of increased and continuous support for their children. The program collaborates with community partners such as Central City Concern, CODA, the Rosewood Initiative, SE Works, VOA, and others. SED also works with all 50 states, local tribes, and US territories to cooperatively provide child support services. In addition, OCSP has reciprocity agreements with over 30 foreign nations.
