# Kindergarten Attendance Makes a Difference

## What can you do?

- ▶ **Set an early bed time, and start getting ready for bed 30 minutes before bed time.** Children are most able and willing to learn when they have had plenty of sleep.
- ▶ **Set your alarm clocks** to make sure everyone gets up on time.
- ▶ If your child rides the bus to school, **put the bus schedule on the refrigerator.**
- ▶ If you drive your child to school, **set up a plan with someone who can take your child to school in case you're not able to.**
- ▶ **Allow time for the unexpected.** Have clothes and school bags ready the night before, and get up with plenty of time to get ready.
- ▶ **Communicate with the school** and let them know if your child needs to miss school or if you are having a hard time getting your child to school. The school may be able to help.

## Is your child registered for school?

**Don't wait**—many schools begin registering for kindergarten as early as January for children starting school in the fall. If your child will be 5 years old by September 1, contact your school district, and **register for school!**
