Executive Summary

Deputy District Attorneys in Unit D (Violent Person Crimes) are responsible for prosecuting the most serious crimes in Multnomah County including hate and bias crimes, child pornography, sexual assaults and homicides. These crimes disproportionately impact BIPOC and LGBTQ communities. Equity is considered in all phases of case review and issuing, pre-trial case resolutions and sentencing. Hate crimes and homicide rates are increasing. Remote meetings, telework and electronic communications are relied on daily due to the COVID pandemic.

Program Summary

Unit D provides prosecution services for victims of the most violent crimes in Multnomah County. Deputy District Attorneys in Unit D seek justice and fairness for survivors and victims of hate and bias crimes, sexual assaults and homicides who are disproportionately members of BIPOC and LGBTQ communities. Deputy District Attorneys work closely with victim advocates who have culturally specific skills and backgrounds. Because those who commit these crimes are also disproportionately represented, Deputy District Attorneys seek equitable resolutions for cases.

Hate and bias crimes are reported and prosecuted at an increasing rate. These cases are highly sensitive and require a trauma informed approach by Unit D prosecutors. Homicide rates have doubled, following national trends and create an increasing caseload in Unit D. The COVID pandemic is believed to be one reason for the increase in homicides, and other factors are undoubtedly also involved.

Data analysis tracks cases screened, issued and resolved in Unit D. Outcome measurements include restitution awarded to victims, and cases resolved with treatment options for offenders when community safety benefits.

The COVID pandemic impacts on Unit D include remote meetings with victims and investigators, remote testimony at grand jury proceedings and some court hearings.
