Executive Summary

The victim advocate is a champion for the victim during various stages of the criminal justice process. The primary goal of the Victim Assistance Program and Restitution Recovery Program is to make the criminal justice system more responsive to individual citizens, particularly to victims of crime. It is the philosophy of the office that every effort be made to provide victims a meaningful role throughout the process and involvement at every stage of a criminal case, and assure the rights of crime victims by investigating the economic loss to victims and ensuring that losses are accurately presented in court.

Program Summary

Victim Advocates work directly with crime victims to explain the overall criminal justice system as well as how individual stages apply to their situation. Victim advocates act as a liaison between diverse stakeholders including law enforcement, attorneys, government and community agencies, and victims of crime. They translate highly complex and technical information about the criminal justice process in a trauma informed manner to best help victims. This includes the rights afforded to them under the Oregon constitution, safety planning, short-term crisis intervention, court accompaniment; coordinated advocacy and referrals to an array of services and resources and guiding victims through the prosecution process so that they can make informed decisions.

All named victims with defendants being prosecuted by the District Attorney’s Office receive information about their rights as victims, an opportunity to submit information about their losses for restitution, and notification letters on the case status and disposition. MCDA provides an average of 30,000 victims’ rights notifications each year.

The program also provides 24-hour on-call response to accompany victims and survivors of sexual assault to the hospital during law enforcement interviews and forensic medical examinations. We carry out this effort with a team of paid staff and over 40 volunteers. This immediate crisis intervention service provides critical information and resources to survivors of sexual assault during the early stages of investigation. This allows survivors to make the most informed choices throughout this difficult process. The immediate response is followed by ongoing support and advocacy throughout the investigation and prosecution of the case.

In addition to the above services, our program has been involved in establishing several other programs: U visa certification, Witness Intimidation Support Program, Sexual Assault Response Team, Untested Sexual Assault Kit Project, Multnomah County Justice Reinvestment Project, Human Trafficking Team and prosecution services at the Gateway Center for Domestic Violence Services.
