Program Characteristics: New Request, One-Time-Only Request

Executive Summary

This program offer is a request for the Body Worn Camera (BWC) expansion with Portland Police Bureau (PPB) coming on-line with their BWC program. This program offer adds 3.00 FTE for review of PPB's BWC footage. In order to safeguard the rights of the accused and protect crime victims, law enforcement footage should be reviewed prior to charging. This promotes better charging decisions and increases police accountability and equity in our community.

Program Description

During the FY 2024 budget process, MCDA requested funding for the expansion of the Body Worn Camera (BWC) Unit. But, during that time, there was still some uncertainty around the timing of the Portland Police Bureau BWC program coming online, as well as the potential for the Multnomah County Sheriff's Office to adopt the technology. Due to these uncertainties, the Chair set funding aside in the General Fund contingency for the expansion of the Body Worn Cameras (BWC) Unit, until there was more information surrounding timelines and what the workload would look like. In November of 2023, this General Fund Contingency request was approved by the Board through a budget modification. However, General Fund Contingency is one-time-only, in nature. This is an on-going program and this request is continued funding into FY 2025.

In order to fulfill obligations to the community, when properly resourced, all BWC footage should be viewed prior to charging a community member with a crime. BWC footage allows DDAs to view crime scenes and witness/victim/suspect interviews through an unfiltered lens. Police conduct and interaction with the community can be meaningfully monitored and procedures put in place to increase police accountability, reduce disparity and increase equity. Transparency and system confidence increase by virtue of additional objective evidence available for subsequent review.

This program offer has been funded with one-time-only General Funding.
