

Department Overview

Prosecution services are the cornerstone of any effective public safety system. The District Attorney's office reviews and prosecutes criminal cases presented by seven police agencies within the county; represents the State in cases of juvenile dependency, delinquency, child support and provides services to victims.

The mission of this District Attorney's office is "To provide the citizens of Multnomah County with fair, timely and cost effective justice services." The guiding principles under which the District Attorney's Office operates are:

- To enforce the Rule of Law by providing fair, equitable and unbiased prosecution services.
- To be responsive to the needs of the Citizenry and communities by pro actively working to resolve emerging crime issues through outreach and education.
- To provide effective services to victims of crime by educating them on their constitutional and statutory rights, guiding them through legal processes with compassion, and communicating case outcomes.
- To be responsive to our Law Enforcement partners by remaining flexible enough to address emerging trends in criminal activity and providing expert legal advice and guidance.
- To work collaboratively within the Criminal Justice system to affect positive change by looking at and developing new and innovative programs, streams of offenders, best practices and leveraging technological advancements.
- To find ways at both the adult and juvenile levels to provide education and rely upon community services to divert people from coming back into the criminal justice system.
- To provide the best and most cost effective Child Support Services.

Budget Overview

The District Attorney's Office has a budget of \$24.5 million in FY 2012, \$1.1 million less than in FY 2011. The DA's General Fund budget decreased from \$19.0 million in FY 2011 to \$18.2 million in FY 2012. This decrease was the result of two technical budget changes to the District Attorney: the Medical Examiner was moved from the District Attorney to the Health Department, and the Victim's Assistance program was moved from the General Fund to the Fed/State Fund due to accounting rules changes. Net of these changes, the District Attorney's General Fund budget increased by \$447,000.

The District Attorney's FY 2012 budget saw a reduction in the Fed/State fund of \$686,000 from FY 2011, most of which was expiring federal stimulus grants. The FY 2012 budget preserves a number of prosecutor positions funded through federal stimulus money by reducing management and administrative positions. This action preserved prosecution capacity for domestic violence offenses, elder financial abuse, and gang crimes.

The FY 2012 budget saw a decrease of 15.00 FTE from the FY 2011 Adopted level. Nine of these FTE were associated with the Medical Examiner and moved to the Health Department. The remaining 6.00 FTE were either administrative positions or positions funded by federal stimulus grants that expired.

The District Attorney's FY 2012 budget includes one new program in FY 2012, Program Offer 15019B - Restitution Clerk. This program funds a position that will investigate and process requests for restitution from victims of violent crime, ensuring that offenders are held accountable for their actions.

Successes and Challenges

Successes:

The Office, in collaboration with its public safety partners, implemented the Success Through Accountability, Restitution and Treatment Court known as Start. The court focuses on post sentencing treatment for offenders who have committed felony property crimes in Multnomah County.

The Office completed development and installed the Alfresco Document Management System. Over the past year, the office has scanned approximately 5 million documents into the system and should ultimately reduce the number of archived file boxes by 65 % or more.

With the use of grant money the office was able to double the number of prosecutions of sex offenders whom have failed to register, target child sexual predators and successfully prosecuted 98.8% of defendants charged with financial crimes against the elderly.

Child support collections were approximately \$34 million dollars which included a 144 thousand dollar collection on one case. All of these collections are passed through to parents.

Challenges:

The impact of potential state reductions in the next biennium are an issue for all departments. Funding at the most risk supports the Child Abuse, Juvenile Dependency and Victims Assistance programs. The office is closely monitoring potential impacts criminal justice partners including impacts on State Court operations.

The Office continues to be an integral part of the Horman investigation, the largest of its kind in Oregon history. The Board of Commissioners remain supportive of the investigation and have provided the office some additional resources through the 2011 fiscal year.

In 2009, an audit by the Secretary of State highlighted the need for District Attorney's to focus greater attention on Victims restitution issues. The office continues to work on identifying additional resources needed, better ways of involving victims of crime and tracking accomplishments.

Diversity and Equity

It is the policy of the District Attorney that all staff and attorneys maintain the highest ethical and professional standards of the legal profession. Cases reviewed by the office are treated fairly and equitably with the Deputy District Attorney responsible for exercising discretion to submit only those charges which are consistent with the evidence and in the best interest of Justice.

The office works to ensure that victims of crime are treated fairly and with respect. Programs like the Victims Assistance program work hard to eliminate barriers that may prevent victims from taking advantage their legal rights and to part of the criminal justice process. Our Victim Advocates, using tele-language lines, interpreters, translation services, legal documents written in plain language and other tools, help thousands of victims each to year understand the legal process, solve language and transportation problems, social service referrals and will accompany the victim to their court proceeding.

The Office also honors the diversity of its staff by learning about and celebrating our cultural differences. In addition, the office continuously reviews our recruitment and hiring process to make sure that we have not created unnecessary barriers for anyone wishing to apply for an available position in the office.

Each of the trial teams insures that police arrests, citations, and public complaints involving criminal activity are reviewed, filed and prosecuted.

Investigations

In partnership with the Multnomah County Sheriff's Office, the Portland Police Bureau and Gresham Police Department, the District Attorney's Office provides investigation services for the office in each area of felony, juvenile, and family crimes.

Significant Changes

After more than twenty years in operation the Regional Organized Crime Narcotics Task Force (ROCN) will close down operations in the spring of 2011. This group has funded a Deputy District Attorney and a Senior Legal Assistant for many years.

Based on organizational changes identified during the budget process the Property Crime Unit A will eliminate one of two Level 4 Deputy DA positions.

Community and Family Justice

The Family Justice Division was created to strengthen services for children and families in Multnomah County. The Family and Community Justice Division consists of the following: Misdemeanor Prosecution includes the Community Courts, which prosecute community-related, non-violent, and quality of life crimes; the Misdemeanor Court, which receives and prosecutes misdemeanor crimes, traffic crimes and city ordinance violations.

Victims' Assistance offers crisis intervention, short term counseling, and information and referral; assists victims in obtaining restitution; and keeps victims and their families advised of the progress of the case and assists victims through the case disposition.

The Child Abuse Team reviews/processes criminal cases involving child abuse. Support Enforcement establishes and enforces child support & medical orders.

Significant Changes

The ARRA funding for the Child Support program was discontinued effective September 30th 2010. This meant that replacement funding from the State general fund was needed to backfill and leverage available matching federal funding.

A 1.00 level 4 Deputy DA position was eliminated in the Misdemeanor/Intake program offer as part of some departmental restructuring identified during the budget process.

The unit works closely with the Department of Juvenile Community Justice (DCJ) in developing appropriate sanctions aimed at accountability, community protection and reformation. The dependency function involves working closely with the State Department of Human Services (DHS) and other agencies to protect children who come to the attention of authorities as a result of abuse or neglect. Deputy District Attorneys are responsible for litigating child protection cases (dependency cases) in Juvenile Court and for working with DHS and other agencies and partners to fashion plans which will provide protection for the child and opportunities for the parents to mitigate the dangers which brought the child to the attention of the court in the first place.

All efforts are made to keep the family unit intact however when those efforts are exhausted the Termination of Parental Rights section, works in close collaboration with the State Department of Human Services to free these children for adoption. Services provided to law enforcement, juvenile courts, DCJ and DHS include filing petitions for delinquency, dependency or termination of parental rights, meeting with victims and witnesses, seeking restitution on behalf of victims, coordinating with juvenile court counselors, DCJ and DHS and trying cases in court.

Executive Summary

The Child Abuse Team reviews and processes cases and reports involving child abuse in a domestic setting or by child care providers. Using an integrated team of prosecutors, child specialists, and police investigators, the team reviews, coordinates and investigates cases, then decides how to proceed.

Program Description

Also known as the Multidisciplinary Child Abuse Team (MDT) this group of Deputy District Attorneys and staff are part of a larger group of dedicated child and health care professionals, law enforcement officers and prosecutors. They review and investigate all reported cases of child abuse or child mistreatment in the county and all fatalities which involve a child under the age of 18 years and where abuse is suspected.

Located at the Gateway Children's Center campus, this program prosecutes some of the most troubling and serious crimes every year and handles the corresponding child abuse and neglect proceeding in Juvenile Court. Each team member and those conducting child abuse investigations and interviews of child abuse victims are trained in risk assessment, dynamics of child abuse, child sexual abuse and rape of children and legally sound and age appropriate interview and investigatory techniques.

This program also coordinates the distribution Child Abuse Multidisciplinary Intervention (C.A.M.I) funds which are generated from unitary assessment funds from the state, to a variety of local partners on an annual basis for projects associated with child abuse intervention.

The program keeps children safe by removing them from dangerous and abusive home or day care situations when necessary and working with families to address the issues which brought the child to the attention of authorities in the first place.

Executive Summary

This program holds offenders accountable by providing prosecution services for low level quality of life crimes. The types of cases include driving under the influence of intoxicants (DUI), traffic, theft, prostitution, harassment, trespass and other misdemeanor crimes. The Community Court holds non-violent offenders accountable to the community and connects offenders to needed social service programs. The program has been reduced by five Deputy DA positions from the current service level.

Program Description

This program works collaboratively with the State courts and local law enforcement agencies to prosecute all misdemeanor crimes except domestic violence.

The Misdemeanor trial and Intake units attend arraignments, review, issue cases, and prosecute all misdemeanor quality of life crimes in Multnomah County. Attorney's in the trial unit work collaboratively with the Neighborhood DA program by prosecuting their issued cases.

Because of the large volume of cases and the continued expansion of East County, prosecutors present cases to courts located in downtown and also in Gresham. Cases involving non-violent offenders can also now be referred to Community Courts located in downtown and Gresham. These courts not only issue sanctions against offenders but also provide access to needed social services such as alcohol and drug treatment. With over 6000 cases processed each year, holding offenders accountable through the Community Courts represents a cost effective collaboration between the state courts, prosecution and social service providers.
