	Programmatic Capacity (7)
Research, Data & Evaluation (11)	Data Framework & Metrics (4)
	Regional Alignment (3)
	System & Contract Evaluation (4)

# Our Focus Today

---

## Inflow into Homelessness

Actions that will slow and lessen the flow into the system of households that are at risk of being newly homeless or returning to homelessness.

## Safety on and off the Streets

Actions that support people when they are currently homeless in our community.

## Outflow into Housing

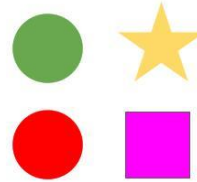

Activities that will increase the number of households leaving homelessness for permanent, stable housing.

# Your Feedback

---

## Prioritization Legend

Place a **GREEN** sticker on the action items that you believe are important to focus on in HRAP 2.0.

Place a **RED** sticker on the action items that you believe are not important to focus on in HRAP 2.0.

Place a **GOLD STAR** on the HRAP action items that you feel are very important and should be prioritized.

What's missing that we need to add? Write it on a **STICKY NOTE** and stick it to the related action item, strategy or goal area.

# Discussion

---

**Are there action items that you feel are very important and should be prioritized?**

**What's missing that we need to add?**

**Is there a category that you would like to learn more about and have a presentation/discussion at a future meeting?**
