- Orientation informing what ASAC might recommend and what is happening in the program, perhaps we bring in community partners to be a part of the program.
- What are the issues are ADVSD facing and from the community perspective
- Homelessness is a hard problem, what is ADVSD's role in this, look carefully at that
- Emergency management, what is happening with heat and can

- Program Model - what has worked and what hasn't in terms in program model design
- Jurisdictional connection on older adult services
- What does staff see as needs, and what needs to happen (are some programs too thin and therefore ineffective)
- Two entry points, get the input early
- Get clarity on where the options for input are

10/31 Follow up meeting

- Attendees: Bill Richard, Dave Daley, Leslie Houston, Robyn Johnson, Cara Ahn, Lawrence Macy, Lynn Schemmer-Valleau , Scott Moore
- Interested in outcomes and efficiencies of the programs offered. Ex: people helped, demographics of the people helped.
- Form a sub-committee.
- Reminder: that all our providers need to be culturally responsive.
- Work on a proposal in the next two weeks to get a better understanding of what this would look like. Making a plan will allow us to have a better idea of what to discuss for the next meeting the following month.
