

Multnomah County Census County Divisions (CCD) Areas and Population

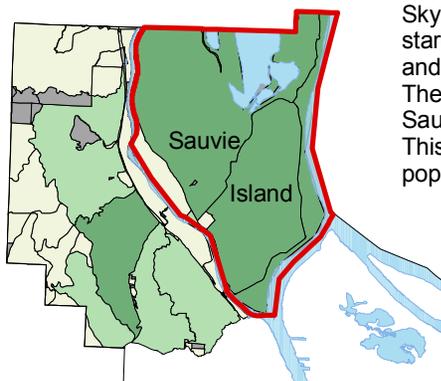

Census County Divisions (CCDs) are cooperatively established to define useful areas for demographic analysis. In Multnomah County, the areas are: Skyline CCD, Portland CCD and Corbett CCD.

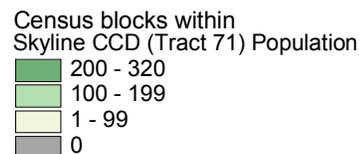

The Portland CCD is the area that excludes tracts 71 and 105. The population of this area is 653,813 and includes 99% of the 660,486 people in Multnomah County, according to Census 2000.

Portland CCD (Excludes Tracts 71 and 105) Population 653,813

Skyline CCD (Tract 71) Population 2,922

Skyline CCD's southern boundary, starting from the west, is Skyline Blvd and Newberry Road. The area outlined in red includes all of Sauvie Island within Multnomah County. This portion of Sauvie Island has a population of 1,018 people.

Corbett CCD (Tract 105) Population 3,751

Corbett CCD's western boundary, is the Sandy River. The area within the red outline has a population of 2,908.
