#### **Executive Summary**

Business Services provides service in support of DCHS, ensuring effective and responsible stewardship of available financial resources and enabling informed decision-making for programs. Business Services' core functions are finance, procurement and contracting, budget and accounting, and business process support. Racial equity as well as alignment with the department's Workforce Equity Strategic Plan is a key focus in all our work.

### **Program Summary**

ISSUE: More than 40% of the total funds in the Department are contracted to community-based providers for services to the populations served by DCHS. About 50% of DCHS contracts contain culturally specific and culturally responsive requirements. Roughly 70% of funding comes from over 100 funding sources including State, Federal, and grants. The diverse funding streams require effective contract execution, compliance and reporting, payment processing, and constant review of financial and internal controls to ensure ethical and responsible use of available financial resources.

PROGRAM GOAL: Business Services' goals are to provide support to Divisions through budgeting and fiscal planning, contracting and procuring and paying for the services and to maintain financial control and oversight through accounting, fund management, and financial reporting and risk management.

PROGRAM ACTIVITY: Business Services' activities include budget development, management, and reporting; accounts payable and receivable; procurement and contracting; grant accounting and reporting; and implementation of, and compliance with, all County, State and Federal fiscal policies and procedures related to the business of this department. We work across the County with other Departments and agencies. We also and serve as liaisons between the department and internal service providers such as County Finance, Central Budget, County Facilities, Fleet, Records, and IT.
