Executive Summary

Intellectual and Developmental Disabilities Services Division (IDDSD) Budget and Operations maintains regulatory compliance for mandated functions that directly increase quality of life for individuals with intellectual and developmental disabilities. This unit provides clients with choice and support for living independent and healthy lives in the community by increasing capacity, delivery, and payment of client in-home supports, residential placements, and employment opportunities while responding to continuously changing State service requirements and maximizing revenue.

Program Summary

ISSUE: IDDSD Budget and Operations must meet the increasing demand for services and ensure that quality business and staffing practices are adaptable as the number of clients and State service requirements constantly increase and change.

PROGRAM GOALS: Research shows that efforts to support quality of life for individuals with intellectual and developmental disabilities must function at the personal, program, community, state and national levels, and must enhance the individual's opportunity to choose the activities, supports and living arrangements that are right for them. The goals of Budget and Operations align with demonstrated best practices and include: a) increase the capacity of community-based residential, personal support and employment providers by ensuring timely contracting, training, certification and payment; b) increase equitable access to services by approving and processing service requests based on client choice and needs and by providing financial support for emergency and long-term housing; c) implement new policies, procedures, and training that maintain compliance with County, State, and Federal regulatory requirements; and d) ensure the fiscal accountability of the Division through budgeting and revenue tracking.

PROGRAM ACTIVITY: The four goals outlined above correspond to four general areas of activity: capacity, access, compliance, and budgeting. In the area of capacity, Budget and Operations provides interpersonal support for navigating the technical requirements for services. As such, it is responsible for credentialing and timesheets for Personal Support Workers, certifying IDD child foster care homes, partnering with the Adult Care Home Program to increase the number of certified homes for clients, and contracting with employment and residential providers. In the area of access, Budget and Operations verifies, authorizes, and tracks service revenue for 24-hour residential care, supported living, foster care, employment, transportation, family support, in-home client support, targeted case management and local administration. In the area of compliance, Budget and Operations determine regulatory requirements; initiates, negotiates, and amends contracts with providers; and oversees public procurement and implementation of County administrative procedures. In the area of budgeting, Budget and Operations reviews and reports funding allocations and service expenditures, secures budget approval, settles contracts with the State, and tracks all budget costs for employees and client services.

³New measure for FY20 reflects an increase in time sheet volume for service providers hired by IDD clients.
