

Division: Intellectual & Developmental Disabilities

Program Characteristics:

Program Description

The Multnomah County Intellectual and Developmental Disability Services Division (IDSD) is the Community Developmental Disability Program (CDDP) for Multnomah County. This is a Medicaid authority status conferred by the State. IDSD staff serve individuals with intellectual and developmental disabilities such as cerebral palsy, autism, and intellectual disability. These are disabling neurological conditions that originate during developmental years and directly affect the brain. The IDSD Budget and Operations team maintains regulatory compliance for mandated functions. These functions support quality of life, and help clients live independent and healthy lives in the community. This team facilitates the delivery and payment of client-chosen services, ensuring these services meet compliance rules and regulations.

The work of the IDSD Budget and Operations team encompasses the following four areas: first, capacity efforts increase the knowledge and skills of residential, employment, and direct service providers. These efforts include technical support, timesheet approval, credentialing, certification, and contracts; second, access efforts include the administration of funded services. These services include housing stability, 24-hour residential care, employment, transportation, in-home supported living, and adaptive equipment; third, compliance efforts include the determination and administration of regulatory requirements. Administration of these requirements requires provider service agreements, public procurement, authorization of provider services, and ensuring compliance of changes to provider payment amounts and service types; finally, budgeting efforts include budget review, reporting, and approval. This team works to settle contracts with the State. It also tracks budget costs for employees and client services, and ensures all program services are in place each biennium.

Equity Statement

The IDSD Budget and Operations team advances equity by ensuring that technical support is available to providers in different modalities and languages, so that the IDSD service system is accessible to all providers. The IDSD Budget and Operations team also works closely with service coordinators to ensure that ethnic, marginalized, and underserved communities have equitable access to funded housing, employment supports, and direct services.

Revenue/Expense Detail

	2026 General Fund	2026 Other Funds	2027 General Fund	2027 Other Funds
Personnel	\$358,900	\$5,229,599	\$562,731	\$4,719,138
Contractual Services	\$218,802	\$1,165,203	\$2,500	\$1,204,174
