**Executive Summary**

Intellectual and Developmental Disabilities Abuse Investigations and Monitoring services provide abuse investigation and prevention services to increase the quality of life for individuals with intellectual and developmental disabilities. These services ensure the health and safety of clients, as well as client rights and access to criminal justice protections. Abuse Investigations and Monitoring delivers services that are person-centered, culturally appropriate, timely, preventative, and collaborative.

**Program Summary**

**ISSUE:** Abuse Investigations and Monitoring addresses the need to protect the health, safety and rights of individuals who are at increased risk for exploitation and abuse due to their intellectual or developmental disability.

**PROGRAM GOALS:** Abuse Investigations and Monitoring services directly addresses four of the core quality of life domains identified by the research on enhancing quality of life for individuals with intellectual and developmental disabilities: emotional, material and physical well-being, and rights. The goals related to these domains include: a) increase access to developmental disability services and criminal justice protections through the abuse investigation process, b) increase and maintain client health and safety, c) improve service delivery for clients by partnering with local, state and federal agencies, and d) prevent abuse through monitoring and technical assistance.

**PROGRAM ACTIVITY:** The four goals outlined above correspond to three general areas of activity: access, collaboration, and prevention. In the area of access, Abuse Investigations and Monitoring services are responsible for ensuring that timely and appropriate safety plans are in place so that clients have access to the direct supports they need for their health and safety. Additional responsibilities include unbiased screening and investigation of alleged abuse, neglect, or exploitation of adults now or previously enrolled in services. These services are conducted under the oversight of the State Department of Human Services Office of Adult Abuse Prevention and Investigations (OAAPI) and include investigations of care providers and non-care providers. In the area of collaboration, Abuse Investigations and Monitoring services maintain close working relationships with local, state, and federal law enforcement agencies and community partners, and participates in the District Attorney's Multi-Disciplinary Team, the ADVSD Public Guardian/Conservator program, and the Critical Case Review Committee, designed to discuss and find safe options for high-risk clients experiencing complex situations. In the area of prevention, Abuse Investigations and Monitoring services include program monitoring, technical assistance and follow-up. These services ensure programmatic compliance with Oregon Administrative Rules, statues and contracts and reduce the risk of abuse, neglect and exploitation of clients.
