Over 64,000 callers receive information and assistance and 12,657 people receive a variety of in-home, community and emergency services that support independence and prevent institutionalization and homelessness. These services are provided through the 24/7 Aging and Disability Resource Connection (ADRC) Helpline, five District Senior Centers and nine Culturally-specific Contractors.

Program Summary

Aging and Disability Services Division (ADS) is the Area Agency on Aging and Disability for Multnomah County and as such is mandated to provide a comprehensive, coordinated service delivery system for older adults and people with disabilities, emphasizing low-income, limited English-speaking, ethnic minorities and frail persons. The Area Agency's goal is to help people stay active, independent and healthy, preventing or delaying nursing home admission. ADS employs evidence-based culturally competent practices to ensure effective outcomes.

Aging and Disability Resource Connection (ADRC) Helpline and District Senior Center employees and volunteers counsel and connect older adults, people with disabilities, and their families to county and community resources, public benefits, long term care services and emergency services. Last fiscal year, ADS, together with contracted partners, provided options counseling, case management and in-home services, including home-delivered meals, to more than 7,800 older adults and people with disabilities and their families. These services are funded through Oregon Project Independence, the Older Americans Act and County General Fund.

Transportation was provided to 1,442 individuals so they could access medical, nutrition and social supports. District Senior Centers provided over 86,000 health, wellness and recreation activities to older adults in the county. The ADS network provided 616,556 congregate and home-delivered meals in the last fiscal year. Culturally-specific community organizations provided targeted outreach and nutrition services to 894 ethnic and racial minority elders.

Emergency Services help vulnerable older adults and people with disabilities avoid homelessness and acute health emergencies by providing emergency housing assistance to over 540 individuals, and emergency prescription and special medical assistance to 187 individuals. Over 84% of people receiving bed bug mitigation assistance were able to retain their housing after six months.
