Executive Summary

Aging, Disability & Veterans Services Division (ADVSD) Adult Care Home Program (ACHP) licenses, monitors, and provides equitable access to 616 quality adult care homes in Multnomah County. The ACHP licenses adult care homes to ensure compliance with health and safety rules and regulations developed to support older adults, people with disabilities, people with behavioral health needs, and Veterans. Quarterly monitoring ensures residents' preferences are honored and their specific needs are met in a culturally appropriate, safe, and welcoming 24-hour setting.

Program Summary

ISSUE: The State of Oregon's approach to long-term services and supports for over 35 years has been to invest more Medicaid dollars in community settings as an alternative to nursing facilities. The State values the goal of reducing Medicaid cost and increasing choice for participants. Adult care homes are single family homes located in residential neighborhoods that offer assistance for up to five adults in a home-like environment. These homes are a key alternative to nursing facilities. Multnomah County has the majority of the nursing facilities in the state. Multnomah County has an exemption from the State of Oregon to create local licensing regulations that meet or exceed State requirements for adult care homes to ensure the highest quality and safety for county residents.

PROGRAM GOAL: The goal of the Adult Care Home Program is to ensure residents receive appropriate, person-directed, culturally specific, and safe services, and that the operators of the homes are in compliance with Multnomah County Administrative Rules (MCARs).

PROGRAM ACTIVITY: The ACHP accepts, reviews, and approves license applications for those interested in operating an adult care home. Once approved, all adult care home operators are trained on and follow MCARs which exceed the State of Oregon's minimum requirements. Multnomah County has 2,725 licensed beds in the 607 licensed adult care homes and 9 room and board facilities. A quality improvement position ensures process efficiencies, data quality, and program outcomes. All homes are licensed annually. Licensing visits ensure that residents receive appropriate care, socialization, and services—including personal care, nutrition, physical safety, nursing care, and medication management. During the COVID-19 pandemic, in-person licensing visits were reduced to only essential visits to address health and safety concerns. In FY 2021, ACHP resumed modified annual renewal inspections. ACHP takes corrective action when it identifies issues of noncompliance in the home. Program staff provide technical assistance to adult care home operators and issue written warnings, sanctions, or fines when there are serious deficits.

Performance Measures

Measure Type	Primary Measure	FY20 Actual	FY21 Budgeted	FY21 Estimate	FY22 Offer
Output	Number of licenses issued	502 ¹	665	500	675
Outcome	Percent of adult care homes that were licensed accurately and timely based on ACHP audit findings	93%	87%	80%	80%
Outcome	Percent of adult care home residents satisfied with services received in adult care homes	94%	94%	94%	94%
Outcome	Average Medicaid cost savings for adult care home residents compared to nursing facility placement ²	53% ³	55%	51%	49%

Performance Measures Descriptions

¹The number of licenses is down because COVID-19 restrictions prevented license renewals for part of FY 2020. ²The average monthly Medicaid cost of services provided to older adults, people with disabilities, and Veterans in an adult care home is \$4,476. This is 53% less than the \$9,578 average Medicaid cost of a nursing facility placement for the same population. ³This rate decreased due to rising costs of ACHs. The program suspects this is due to an increase in residents with special needs being served in ACHs rather than nursing facilities. but more investigation is needed to confirm.

Legal / Contractual Obligation
