Program Characteristics:

Program Description

The Aging, Disability, and Veterans Services Division (ADVSD) Administration provides oversight of all essential functions of the division, including ensuring ADVSD meets its financial and regulatory requirements through budget development, fiscal compliance, evaluation, data collection, and reporting. There are 31 unique programs in ADVSD, offered by both county staff and contracted community partners. Administration helps programs provide equitable, high-quality services and public accountability, and helps to ensure alignment with county and department values. It leads the development of the Older Americans Act Area Plan. It also supports the goals of the County Workforce Equity Strategic Plan and the ADVSD Strategic Work Portfolio. This team values transparency, efficiency, and collaboration.

Team members engage with division staff, community partners, and consumers to seek input on program decisions and help achieve goals. This team coordinates the Aging Services Advisory Council and Disability Services Advisory Council.

Administration provides project management, communications, data solutions, administrative support, and quality improvement coaching to programs across the division. Administration helps programs gather and analyze information about their service efficacy. They organize large amounts of data and use it to suggest improvements to program operations, making services more effective and easier for people to find, access, and use.
