Program Characteristics: In Target

Executive Summary

The Multi-Disciplinary Team (MDT) helps vulnerable older adults and people with disabilities with equitable access to quality services. The MDT works with mental health and nursing providers to improve safety and quality of life. The program provides a coordinated service plan to help stabilize participants and support them living in the community.

Program Summary

ISSUE: Older adults and people with disabilities may experience complex health issues. Such issues can impact their ability to live safely in the community. The public services these people rely on are often uncoordinated.

PROGRAM GOAL: The goal of the MDT is to help stabilize participants and support them living in the community. The MDT supports and encourages participation with mental health and medical services.

PROGRAM ACTIVITY: The MDT serves older adults and people with disabilities who struggle to get help. Case coordination occurs in five offices located throughout the County. Each Multi-Disciplinary Team consists of an APS clinical services specialist, a community health nurse, a contracted mental health specialist, and an APS human services investigator or case manager. Other professionals help as needed. These teams work to improve participant safety and stabilize them in their own homes.

Case managers may use the MDT to help get services for clients. The MDT may provide short-term help after an APS investigation for people with complex care plans. In Fiscal Year 2022, the MDT will develop tools to ensure equitable access to services.

Performance Measures

Measure Type	Primary Measure	FY21 Actual	FY22 Budgeted	FY22 Estimate	FY23 Offer
Output	Number of participants served by the Multi-Disciplinary Team (MDT)	585	580	580	600
Outcome	Percent of participants referred to nursing clinical supports and/or mental health services through MDT	58%	60%	60%	60%
Output	Number of MDT participants who receive mental health services	141	150	150	150
