Executive Summary

The Aging, Disability & Veterans Services Division (ADVSD) Outreach, Information, Referral and Assistance services are the entry point for helping people maintain their independence and contribute to the quality of life through equitable service access. The Aging and Disability Resource Connection Helpline (ADRC) is a contact center that is available 24/7/365 that provides people with access to information, assistance, and resources specific to their needs.

Program Summary

ISSUE: The network of public and private sector services and resources is complex and can be difficult to navigate and access particularly for BIPOC communities (Black Indigenous, and/or People of Color). Multnomah County’s Aging and Disability Resource Connection Helpline (ADRC) assists older adults, people with disabilities, Veterans, and their family members to navigate this complex system by providing appropriate information, referral, assistance, and connection to community programs and benefits through their first contact with a trained specialist.

PROGRAM GOAL: The goal of the ADRC is to increase awareness of and equitable access to services. The core service of the ADRC is Information, Referral and Assistance (I&R/A) which is governed by national standards through the Association of Information & Referral Services. Outreach and information services help meet a department-wide goal to increase ease of resource navigation and equity in access for our community.

PROGRAM ACTIVITY: As the federally designated Area Agency on Aging, ADVSD provides outreach and specialized information and assistance to vulnerable older adults, people with disabilities, and Veterans. ADVSD and contracted partners have certified I&R/A specialists who provide comprehensive service delivery through information and assistance, follow-up, and crisis intervention. I&R/A specialists screen and refer individuals for Medicare, long-term care options counseling, public benefits such as Medicaid and the Supplemental Nutrition Assistance Program, and intensive services such as Oregon Project Independence, Medicaid in-home services, Adult Protective Services, Intellectual & Developmental Disabilities, and the Mental Health Crisis Line. The ADRC partners with 211info to create a cohesive information and assistance network. The top referrals from the ADRC include Medicare, housing assistance, energy assistance, and District Senior Centers. Community partnerships are key to the work as contracted District Senior Centers and Enhancing Equity partners provide 43% of all I&R/A client contacts. Community partners serve as a culturally responsive and culturally specific entry point for the community by providing outreach, education, recreation opportunities, and person-centered intergenerational services, and leveraging resources including volunteer hours and in-kind and cash donations.
