Executive Summary

Outreach, information, referral, and assistance services are the entry point for help. The program helps people maintain their independence and improve their quality of life. The Aging and Disability Resource Connection Helpline (ADRC) is a 24/7/365 contact center. The program helps older adults, people with disabilities, Veterans, and their families. The ADRC is available by phone or online. The ADRC provides access to information, help, and resources specific to the needs of the participant.

Program Description

ISSUE: The network of public and private services and resources is complex and difficult to navigate. Barriers are greater for BIPOC communities (Black, Indigenous, and/or People of Color). Certified specialists help consumers to navigate the aging and disability network. They provide information, help, and connection to community programs and benefits.

PROGRAM GOAL: The ADRC's goal is to increase awareness of and equitable access to services. The ADRC provides information and referral/assistance (I&R/A). Services meet or exceed national Association of Information & Referral Services standards. This program helps to meet a department-wide goal to increase ease of resource navigation and equity in access for the community.

PROGRAM ACTIVITY: The ADRC serves older adults, people with disabilities, and Veterans. ADVSD is the federally designated Area Agency on Aging. Specialized services include information referral and assistance, follow-up, and crisis intervention. Specialists pre-screen and refer for Medicare, long-term care counseling, and public benefits. The ADRC also screens for intensive services such as Options Counseling, Oregon Project Independence, and Medicaid in-home services. The ADRC refers people to adult protective services, intellectual and developmental disability services, and the mental health crisis line. The ADRC partners with 211info to create a cohesive information and assistance network. Top referrals are for Medicare, housing and energy assistance, and senior centers. Community partnerships are important to program success. Contracted district senior centers and enhancing equity partners provide 29% of all I&R/A client contacts. Community partners are culturally responsive and use person-centered intergenerational services.
