Executive Summary

Aging, Disability & Veterans Services Division (ADVSD) provides older adults, people with disabilities, and Veterans equitable and efficient access to quality nutrition services that meet their diverse needs and expectations. Nutrition services increase health and reduce social isolation through culturally-responsive and culturally-specific services to maintain participants' independence and improve quality of life. Through federal, state and county funding, a network of community partners provide nutrition education and nutritious congregate and home-delivered meals.

Program Summary

ISSUE: As the federally designated Area Agency on Aging, ADVSD conducted listening sessions in 2016 with participants from diverse communities who identified that barriers to nutrition include a lack of both affordable food as well as access to culturally-specific meals.

PROGRAM GOAL: The Nutrition Program provides meals to older adults, people with disabilities, and Veterans who may be at nutritional risk, which is measured through a validated nutrition risk assessment. This program provides access to healthy meals; promotes health and prevents disease; reduces malnutrition risk and improves nutritional status; reduces social isolation, and links people to community-based services. Adequate nutrition, on a daily basis, is the key to a person maintaining adequate health necessary to live at home according to the U.S. Administration on Community Living.

PROGRAM ACTIVITY: The Nutrition Program is part of the access and early intervention continuum of care designed to support independent living. ADVSD funds organizations who provide congregate and home-delivered meals throughout Multnomah County that meet the tastes and preferences of diverse participants. Contracted providers serve those who have the greatest social and economic needs with special attention to individuals who are isolated, low-income, minority, and have limited English proficiency. In FY16, 28% of program participants said they were an ethnic or racial minority. Nutrition services are supported by the federal Older Americans Act, State, and County funding. All nutrition providers are required to be culturally responsive to the priorities and challenges facing diverse communities, while culturally-specific providers improve outcomes and meet preferences of a particular culture or group of cultures. In FY18, ADVSD will increase the percentage of funding to culturally-specific providers.

Congregate meals are provided at nutrition sites, District Senior Centers, or other group settings. Home delivered meals are delivered to homebound individuals; frozen meals may be provided to cover weekends, holidays, and severe weather events. Meal contractors also provide nutrition education to promote better health by providing accurate nutrition and health information or instruction. ADVSD partners with the Multnomah County Health Department to provide a registered dietitian to review menu planning and ensure compliance with federal and state nutrition guidelines.

Legal / Contractual Obligation
