**Executive Summary**

Aging, Disability & Veterans Services Division (ADVSD) provides equitable and efficient access to quality nutrition services that meet diverse needs and expectations. Nutrition services increase health and reduce social isolation through culturally responsive and culturally specific services to maintain participants’ independence and improve quality of life. Through Federal, State, and County funding, a network of community partners provides nutrition education and nutritious congregate and home-delivered meals.

**Program Summary**

**ISSUE:** Participants from diverse communities have indicated that barriers to nutrition include a lack of affordable food and access to culturally specific meals.

**PROGRAM GOAL:** The Nutrition Program provides meals to older adults, people with disabilities, and Veterans who may be at nutritional risk, which is measured through a validated nutrition risk assessment. This program provides access to healthy meals; promotes health and prevents disease; reduces malnutrition risk and improves nutritional status; reduces social isolation; and links people to community-based services. According to the U.S. Administration on Community Living, adequate nutrition, on a daily basis, is the key to a person maintaining adequate health necessary to live at home.

**PROGRAM ACTIVITY:** The Nutrition Program is part of the access and early intervention continuum of care designed to support independent living. ADVSD funds organizations that provide congregate and home-delivered meals throughout Multnomah County that meet the tastes and preferences of diverse participants. Contracted providers serve those who have the greatest social and economic need with special attention to individuals who are isolated, low-income, minority, and have limited English proficiency. In FY 2020, 33% of program participants said they were an ethnic or racial minority. All nutrition providers are required to be culturally responsive to the priorities and challenges facing diverse communities. Providers delivering culturally specific services improve outcomes and meet the preferences of a particular culture or group of cultures. Acknowledging this issue ADVSD increased the nutrition funding allocation to provide more culturally specific services. There has been a significant increase in home-delivered meals as a result of the closure of congregate meals sites during the COVID-19 pandemic. Congregate meals and nutrition education will resume when the Governor and the State have deemed it safe to do so. ADVSD has contracted with an on-call dietitian to provide the required review of planned menus and ensure compliance with Federal and State nutrition guidelines.
