This program provides critical support that lets them remain at home.

Program Description

ISSUE: This program serves older adults, people with disabilities, and Veterans. They may experience complex or many problems that make it hard to remain in their homes. ADVSD developed a strategic plan for service delivery based on community listening sessions. The Division also changed its funding allocation strategy to increase culturally specific services. Services focus on trauma informed case management and in-home support.

PROGRAM GOAL: Case management and in-home services use a comprehensive, person-centered approach. It supports participants to remain as independent as possible at home. The program supports family caregivers and delays the need for costly Medicaid services. It also helps avoid nursing facility placement. As an example, the program can help to arrange housekeeping and grocery shopping. Research shows case management can improve housing stability and prevent isolation. Partnerships with culturally specific agencies to provide this much needed case management, respite and support has a significant positive impact on communities of color and other severely marginalized communities that are disproportionately affected by lack of resources.

PROGRAM ACTIVITY: The Case Management and In-Home Services program is separate from the Long Term Services and Supports program. The program partners with community organizations to provide culturally responsive and specific services. Case managers work with participants and their families. They assess the needs for services and determine eligibility. Case managers also authorize and coordinate services. They develop and support person-centered care plans. Other continued in-home services include respite, housekeeping, personal care, and grocery shopping. Case managers contact participants by phone and in-home visits. They reassess participant needs, provide reassurance, and advocate on their behalf. As needed, they provide information, help, and referral. In FY 2024 this program will include Medicaid funding from Oregon Project Independence-Medicaid (OPI-M).
